Revela Foods, LLC 401(k) Plan

Financial Statements

For the Period from January 1, 2024 to May 21, 2024

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Revela Foods, LLC 401(k) Plan
Colby, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Revela Foods, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 21, 2024 (in liquidation) and December 31, 2023 (ongoing), and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to May 21, 2024 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Revela Foods, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 21, 2024 and December 31, 2023, and for the period from January 1, 2024 to May 21, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Revela Foods, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, Revela Foods, LLC approved a plan of liquidation on January 22, 2024, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Revela Foods, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Revela Foods, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Revela Foods, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Termination

On March 1, 2024, the Company communicated to all participants its intent to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), with a termination date of January 12, 2024. During 2024, the plan assets were fully liquidated and final distributions were made to participants in accordance with participant directives or to a separate retirement account for those who did not respond. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting to value plan assets on the liquidation basis for the period from January 1, 2024 to May 21, 2024. This change had no effect on the reported net assets available for benefits.

General

The Plan is a defined contribution plan covering substantially all employees of Revela Foods, LLC (the "Company") who are not collective bargaining employees, non-resident aliens who received no earned income, or leased employees. An employee becomes eligible to participate in the Plan on the first entry date (first of the calendar month) upon completing 90 consecutive days of employment and attaining the age of 18. The Plan is a safe harbor plan under Section 401(k)(12) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of ERISA, as amended.

Contributions

Each year participants may contribute pretax compensation or Roth contributions up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor match of 100% of the first 3% of base compensation that a participant contributes to the Plan, plus 50% of the next 2% of base compensation that a participant contributes to the Plan. The safe harbor match contributions are allocated to each eligible participant who completes 1,000 hours of service during the plan year. The Company's safe harbor nonelective contributions were \$49,026 during the period ended May 21, 2024.

The Company may also contribute additional discretionary matching contributions and discretionary non-elective contributions as determined annually by the Company. The discretionary non-elective contributions are allocated to each eligible participant who completes 1,000 hours of service during the plan year and is employed on the last day of the plan year. The discretionary employer match contributions are allocated to each eligible participant who completes 1,000 hours of service during the plan year. During 2024, the Company made no additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, and allocations of (a) the Company's discretionary matching contribution, (b) the Company's discretionary non-elective contribution, and (c) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary additional matching contribution and the Company's discretionary non-elective portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service. Effective January 12, 2024, participants are fully vested in all contributions and actual earnings thereon due to the plan termination.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account if the balance is greater than \$5,000. If the participant's balance does not exceed \$5,000, the Plan will make a mandatory distribution in accordance with plan provisions. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions from fully vested accounts upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching and non-elective contributions. These amounts may be used by the Plan to restore forfeitures, reduce future Company contributions, or to pay administrative expenses of the Plan, as defined in the plan document. At May 21, 2024 and December 31, 2023, there were no unused forfeitures.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP. The 2024 financial statements are presented on the liquidation basis and the 2023 financial statements are presented on the going concern basis.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Investment Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Plan pays certain administrative and investment fees. Fees paid by the Plan related to administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through December 16, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of the underlying investments held by the common/collective trust, as reported by the fund house or other investment provider, adjusted by an asset charge. The underlying investments are valued and published daily and transact at that price.

There are no assets measured at fair value as of May 21, 2024, due to the plan termination during 2024, as discussed in Note 1.

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023 (Ongoing basis)			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,766,455	\$ -	\$ -	\$ 14,766,455
Common/Collective trust fund	-	25,969	-	25,969
Total investments at fair value	\$ 14,766,455	\$ 25,969	\$ -	\$ 14,792,424

Note 4: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments, and other receivable at May 21, 2024 and December 31, 2023, and net appreciation in fair value of investments, dividends, interest, and other income on other receivable for the period from January 1, 2024 to May 21, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company LLC and its affiliate, Empower Annuity Insurance Company of America, collectively the Custodian of the Plan.

Note 5: Party-in-Interest Transactions

Certain plan investments are managed by Empower Trust Company, the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions

Great Valley Advisor Group ("Great Valley") and North Point Advisor ("North Point") provide investment advisory services to the Plan which qualify as party-in-interest transactions.

Note 6: Tax Status

The Company adopted a nonstandard pre-approved plan document with an IRS notification letter dated June 30, 2020, which states the nonstandard pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
