INDEPENDENT AUDITORS' REPORT

To the Trustees
Fleetworthy Solutions, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Fleetworthy Solutions, Inc. 401(k) Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets in liquidation available for benefits as of May 22, 2024 and December 31, 2023, and the related statements of changes in net assets in liquidation available for benefits for the period ended May 22, 2024 and for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the period ended May 22, 2024 and as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Basis of Accounting

As discussed in Note 4 to the financial statements, Fleetworthy Solutions, Inc., the plan sponsor, was acquired in November 2023 by Bestpass, Inc. The board of directors adopted a plan of liquidation to terminate the plan effective November 17, 2023 and management determined liquidation was imminent. As a result, the plan changed its basis of accounting from the going concern basis to the liquidation basis effective January 1, 2023. The change did not have any effect on these financial statements as fair value and liquidation value are substantially the same. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets in liquidation (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets in liquidation held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
May 22, 2024 and December 31, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Due to the termination of Fleetworthy Solutions, Inc. 401(k) Retirement Plan ("the plan") (see Note 4), the accompanying financial statements are prepared on the liquidation basis of accounting.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to May 22, 2024 through December 17, 2024, which is the date the financial statements were available to be issued.

Key parties of the plan - Fleetworthy Solutions, Inc. was the plan sponsor, employer and plan administrator. Empower Trust Company, LLC was the investment agent that held custody of the plan's mutual funds. Empower Annuity Insurance Company of America held custody of the plan's guaranteed investment contract. Empower Retirement, LLC maintained investment and participant records and was the brand name which refers to the products and services provided by all Empower entities discussed above, collectively referred to as "Empower" or "the custodians". Gallagher Benefits Services, Inc. was the third party administrator that maintained plan documents and performed various compliance tests as tax counsel. Two officers of the plan sponsor were the trustees. Kestra Advisory Services, LLC was the plan's investment advisor.

Investments - The plan sponsor determined the investments available to plan participants. The participants allocated their contributions and transferred existing balances among the available investment options. Earnings, including net appreciation (depreciation) in fair value of investments bought, sold, and held, are reflected in the statements of changes in net assets in liquidation available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Investment at contract value - The plan invested in the Key Guaranteed Portfolio Fund, a general account product of Empower. The investment was a fully benefit-responsive guaranteed portfolio investment through a group fixed annuity contract issued by Empower. As a general account product, participants' principal and interest amounts were fully guaranteed by the general assets of Empower. The methodology for calculating the interest crediting rate was based on the prevailing market conditions and earnings of medium-long term investments compared to a minimum interest crediting rate, as stated in the plan's contract with Empower. The average yield earned by the fund was 1% in 2024 and 2023.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Empower, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Investments at fair value - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Notes to Financial Statements
May 22, 2024 and December 31, 2023

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. Mutual funds held by the plan were registered with the U.S. Securities and Exchange Commission, were required to publish their daily net asset value and were deemed to be actively traded.

The plan administrator determined by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,495,754	\$ -	\$ -	\$5,495,754
Total investments at fair value	\$5,495,754	\$ -	\$ -	\$5,495,754

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on January 1, 1997 as a defined contribution plan with a 401(k) salary deferral arrangement. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees were eligible to participate in the plan once they had completed 60 days of service and had reached 21 years of age. An employee was allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions were recorded in the year in which the eligible compensation was paid. Contributions to the plan were made as follows:

- Participants could contribute a percentage of their annual wages, subject to certain limitations (elective deferral contributions). The plan also allowed Roth elective deferral contributions. After meeting the eligibility requirements, employees were automatically enrolled in the plan and had 6% of compensation withheld as deferral contributions. Such employees had the option to increase, decrease or stop the deferral by completing the necessary documentation.
- Participants could make rollover contributions to the plan from other qualified plans.
- Employer QACA safe harbor matching contributions were made under a Qualified Automatic Contribution Arrangement ("QACA") equal to 100% of the first 1% contributed by the employee and 50% of the next 5% contributed by the employee. These contributions were funded coinciding with each payroll.
- Employer non-safe harbor matching and non-elective contributions could have been made at the employer's discretion. No such contributions were made in 2024 or 2023.

Participant accounts - Contributions were remitted to the custodians who invested them in accordance with the investment options selected by the participants. Earnings, including the fair value appreciation or depreciation, were allocated to participant accounts on a daily basis based upon the performance of the investment options. Each participant's account was credited with the participant's deferral contributions, rollover contributions and an allocation of the employer contributions. Participants were allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Notes to Financial Statements
May 22, 2024 and December 31, 2023

Vesting - Participants were always 100% vested in their deferral and rollover contributions and related earnings. Participants were not vested in any portion of the employer QACA safe harbor matching contributions and related earnings until they were credited with two years of service, at which time they were 100% vested. Participants were not vested in any portion of employer non-safe harbor matching and non-elective contributions until they were credited with three years of service, at which time they were 100% vested. Upon death, disability or attainment of normal retirement age while employed (defined by the plan as 65) participants became 100% vested.

Payment of benefits - Benefits were recorded when paid. Benefit payments could commence upon death, disability, or termination of employment. Distributions were made in the form of a single lump sum or installments. In-service withdrawals could commence upon reaching age 59½. In addition, hardship withdrawals were permitted under certain circumstances.

Forfeitures - Forfeitures could be used to pay administrative expenses or reduce employer contributions. No forfeitures were used in 2024 or 2023. Unapplied forfeitures were \$46,000 as of December 31, 2023. The unapplied forfeiture balance was allocated to participants in 2024 on an account value basis.

Administrative expenses - Certain administrative expenses of the plan were paid by the employer. Certain other plan administrative expenses were paid with plan assets and are presented as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan and distribution fees and nonparticipant directed charges for services and administrative fees. The nonparticipant directed charges, not paid using service credits (see Note 5), were allocated to participants on an account value basis. The plan also paid investment advisory service fees which were paid in 2024 and 2023 using service credits as indicated in Note 5.

Notes receivable from participants - Participants could obtain loans from their accounts with approval of the plan administrator. Each participant could have up to two loans outstanding at any given time. The minimum loan amount was \$1,000 and the loans, in aggregate, could not exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans needed to be paid back over a period not to exceed five years, the exception being when the loan was for the purchase of a primary residence. As of December 31, 2023, loans outstanding had various repayment schedules through November 2028 with interest rates ranging from 4.25% to 9.50%. The notes receivable from participants were valued at their unpaid principal balances plus any accrued but unpaid interest, which approximated fair value. Upon termination of the plan in 2024, the outstanding loan balances were offset with the participants' existing account balances.

3. INCOME TAX STATUS

The plan operated under a Gallagher Benefit Services, Inc. non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As a result, the plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and third party administrator believe that the plan was designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of May 22, 2024 and December 31, 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Notes to Financial Statements
May 22, 2024 and December 31, 2023

4. PLAN TERMINATION

The plan sponsor, was acquired in November 2023 by Bestpass, Inc. The board of directors adopted a plan of liquidation to terminate the plan effective November 17, 2023 and management determined liquidation was imminent. As a result, the plan changed its basis of accounting from the going concern basis to the liquidation basis effective January 1, 2023. The change did not have any effect on these financial statements as fair value and liquidation value are substantially the same. All plan assets were distributed in accordance with participants' requests prior to May 22, 2024.

5. PARTY-IN-INTEREST TRANSACTIONS

The plan's guaranteed investment contract was managed by Empower. Empower also held custody of plan investment assets. As such, transactions between the plan and Employer qualified as party-in-interest transactions.

Empower received revenue from mutual fund service providers for services Empower provided to the funds. As part of an administrative services agreement between the plan sponsor and Empower, certain revenues received by Empower from such service providers were remitted to the plan in the form of service credits. Such service credits received by the plan were used to pay third party investment advisory fees. Administrative expenses in the accompanying financial statements are presented net of any service credits received.

Notes receivable from participants also qualified as party-in-interest transactions.

All of these party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY THE CUSTODIANS

Management has obtained certifications from the custodians, qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate:

- a. Investments held and the fair and contract values of such as of May 22, 2024 and December 31, 2023;
- b. Dividends and interest income from investments and net appreciation (depreciation) in fair values of investments during the period ended May 22, 2024 and the year ended December 31, 2023;
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during the period ended May 22, 2024 and the year ended December 31, 2023; and
- d. The report of individual participant accounts as of and for the period ended May 22, 2024 and as of and for the year ended December 31, 2023.
