INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Labor Alliance Savings Trust Fund:

Opinion

We have audited the financial statements of Labor Alliance Savings Trust Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended March 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Labor Alliance Savings Trust Fund as of March 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Labor Alliance Savings Trust Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Labor Alliance Savings Trust Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Labor Alliance Savings Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Labor Alliance Savings Trust Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of Labor Alliance Savings Trust Fund (the “Plan”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below:

Mutual Funds: Quoted market prices are used to value the Plan’s investments (Level 1).

Common Collective Trust: The Great Gray Collective Investment Trust II (“the Great Gray Trust”) is a common collective trust that invests in fully benefit-responsive investment contracts. The fair value of the Great Gray Trust has been estimated by the insurance company using the net asset value of the investments as a practical expedient. The Great Gray Trust invests in Metropolitan Life Insurance Company fully benefit-responsive insurance contracts. This investment is a direct filing entity with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 60-day redemption notice to liquidate its entire share in the Great Gray Trust. The Plan will receive the lesser of the guaranteed value or the market value when terminating this investment as an option in the Plan.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Labor Alliance Savings Trust Fund
Notes to Financial Statements
March 31, 2024 and 2023

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unallocated Assets - Unallocated assets totaled \$70,350 and \$79,326, as of March 31, 2024 and 2023, respectively, and represent amounts contributed by employers or deducted from participant accounts in accordance with the Plan's provisions to fund the administrative operations of the Plan. These amounts have not been allocated to the participant accounts.

Contributions Receivable

Employer contributions due and not paid prior to the year-end are recorded as contributions receivable. Allowance for credit losses is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Benefits Paid to Participants

Benefits paid to participants are recorded upon distribution.

Operating Expenses

Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Accounting Pronouncements Currently Adopted

In June 2016, the FASB issued an Accounting Standards Update ("ASU") amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost. The Plan adopted the new standard effect April 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative-effect adjustment to the opening balance of net assets available for benefits.

Risks and Uncertainties

The Plan invests in mutual funds and a collective investment trust. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. DESCRIPTION OF THE PLAN

The Plan is administered by the Board of Trustees of Labor Alliance Savings Trust Fund for the purpose of providing supplemental retirement savings to individual eligible participants. The Plan was established under the terms of an Agreement and Declaration of Trust dated March 1, 1995, between certain employers and certain local unions affiliated with the International Brotherhood of Teamsters. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is a supplemental retirement savings program in conjunction with the Labor Alliance Managed Trust Fund (the "Managed Trust"). Participants who provide adequate proof of alternative medical insurance may waive their right to participate in the medical portion of the Managed Trust, and a portion of the employer medical contributions are directed to the savings plan.

Vesting

The savings contribution is 100% vested and, therefore, there will be no forfeitures.

Participant Accounts

Participant accounts are credited with the contributions made on their behalf and earnings on the investments in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Plan participants may direct their plan account balance into participant-directed investment options. Participants can invest in various mutual funds and a collective investment trust. Participants' future contributions will also be directed into these accounts. Participants may change their investment options on a daily basis. If participants do not make investment elections, contributions to the Plan are allocated based on the Plan's qualified default investment alternative set forth by the trustees of the Plan. Participants should refer to the Summary Plan Description for more information.

Payment of Benefits

A participant may receive the total value of their account only upon retirement (generally when participant attains age 55), death, disability, termination of employment or as otherwise described in the Plan.

3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for, or diverted to, purposes other than the exclusive benefit of the participants and beneficiaries of the Plan. In the event of termination or partial termination, each affected participant shall receive a total distribution of their account in accordance with the Plan.

4. TAX STATUS

The Plan obtained its latest determination letter, dated November 19, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of March 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RELATED-PARTY TRANSACTIONS

Employer contributions for both this Plan and the Managed Trust, an affiliated plan, are deposited together in a lockbox bank account sponsored by the Managed Trust. Employer contributions due to the Plan are calculated and transferred monthly. The Plan is jointly administered with the Managed Trust. Certain joint expenses are paid by the Managed Trust and a portion is reimbursed by the Plan. During the years ended March 31, 2024 and 2023, the Plan reimbursed the Managed Trust \$28,976 and \$30,356, respectively.

6. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at March 31, 2024 and 2023, are as follows:

7. PARTICIPANT-DIRECTED INVESTMENTS

All investments are participant directed. The Plan also maintains a separate non-participant-directed cash balance, including other receivables, which totaled \$70,350 and \$79,326 as of March 31, 2024 and 2023, respectively, and is used to provide liquidity to pay administrative expenses and act as a reserve for unusual expenses.

8. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after March 31, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through December 9, 2024, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
