Plan Administrator
DPS Group 401(k) Plan
Framingham, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the DPS Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 29, 2023 and December 31, 2022, the related statement of changes in net assets available for benefits for the period January 1, 2023 through December 29, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 29, 2023 and December 31, 2022 and for the period January 1, 2023 through December 29, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DPS GROUP 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the DPS Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General, Plan Merger and Termination

The Plan was a defined contribution plan with a cash deferral arrangement covering all eligible employees, as defined by the Plan, of DPS Group, Inc., DPS Consulting, Inc. and DPS Advanced Technology Group, Inc. (the “Employer”), except employees covered by a collective bargaining agreement, leased employees and nonresident aliens that were excluded from the Plan. Eligible employees were eligible to begin participating in the Plan upon hire coinciding with the nearest entry date to January 1st, April 1st, July 1st or October 1st (“Participants”). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments were participant-directed.

The Employer authorized the merger of all assets of the DPS Group 401(k) Plan to the Arcadis, U.S., Inc. Retirement Savings Plan (“Arcadis 401k”) with an effective date on or about January 1, 2024, and accordingly, management considered that all plan assets were transferred to the Arcadis 401k Plan on December 29, 2023. As a result of the merger, the Plan was terminated.

Participant Contributions

Participants were able to contribute up to 100% of their annual eligible compensation as defined by the Plan, up to a dollar limit set by Federal law. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Safe Harbor Matching Contributions

The Employer made safe harbor matching contributions for all eligible employees. The matching contribution was equal to 100% of deferrals up to 3% of compensation and 50% of deferrals up to the next 2% of compensation.

Participant Accounts

Each participant’s account was credited with the Participant’s contribution and allocation of the Employer’s contributions, Plan investment earnings/losses and reduced by direct loan fees and benefit disbursement processing fees, if applicable. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested account.

Vesting

Participants were immediately vested in all contributions and actual earnings thereon.

DPS GROUP 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Payment of Benefits

In-service withdrawals from Participants' deferral account balances, as defined, were permitted upon the attainment of age 59½, for a hardship or if the participant was in certain qualified reservist military duty. Participants were entitled to their account balance upon death, disability, retirement or termination of employment. A participant was able to elect to receive a lump-sum amount or installment payments equal to his or her account balance. In addition, if a participant's account was between \$1,000 and \$5,000, and a distribution election was not made by the Participant, the Plan administrator was able to roll over the amount into an IRA selected by the Plan administrator.

Notes Receivable from Participants

Participants were able to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms ranged up to five years for all loans, even if for the purchase of a primary residence. Participants were allowed up to two loans outstanding at any given time. Loans were secured by the balance in the Participant's account and bore interest at a rate equal to the prime rate plus one percent. Principal and interest were paid ratably through payroll deductions.

Administrative Fees

Individual participant accounts were charged directly for loan recordkeeping and benefit disbursement processing fees, if applicable, and were included in administrative expenses. Investment expenses were included in net appreciation. Expenses that were paid by the Employer were excluded from these financial statements.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determined the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year.

DPS GROUP 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits Paid

Benefits were recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 29, 2023 or December 31, 2022.

Subsequent Events

The Plan has evaluated subsequent events through December 18, 2024, the date that the financial statements were available to be issued. Other than the Plan merger and termination noted in Note 1, there were no other significant matters identified for disclosure during this evaluation.

Note 3 - Information Certified by Trustee and Custodian

Plan investments were held by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). The fair value of investments and notes receivables from participants at December 31, 2022, and all investment and notes receivable from participant transactions for the period January 1, 2023 through December 29, 2023, including interest and dividends and net appreciation in fair value of investments were reported to the Plan and certified as complete and accurate by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds

The mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds that were held by the Plan are deemed to be actively traded.

The Plan's assets measured at fair value as of December 31, 2022 consist of mutual funds valued at \$37,933,315 and were considered Level I investments.

Note 5 - Risk and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities through the date of merger and December 31, 2022, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments were shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company was the trustee and custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest. During the period ended December 29, 2023, \$167,613 of administrative expenses, net of revenue credits noted below, were incurred by the Plan to Fidelity. In addition, notes receivable from participants also qualified as exempt party-in-interest transactions, as defined by ERISA.

The Plan had a participant revenue credit provision as part of its recordkeeping agreement with Fidelity Management Trust Company. During the period ended December 29, 2023, there were \$14,187 of revenue credits deposited to participant accounts. These credits were netted against administrative fees on the Statement of Changes in Net Assets Available for Benefits.

Note 7 - Tax Status

The Plan had adopted the Fidelity Volume Submitter Defined Contribution Plan that received its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan had been amended since receiving the determination letter. However, the Plan administrator believed that the Plan was designed and was being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes had been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress.

Note 8 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022:

Net assets available for benefits per the financial statements at December 31, 2022	\$ 38,576,893
Deemed distributions of notes receivable from participants reported on Form 5500	<u>(2,706)</u>
Net assets available for benefits per Form 5500 at December 31, 2022	\$ <u>38,574,187</u>
