Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Penn Highlands Healthcare 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Penn Highlands Healthcare 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Penn Highlands Healthcare 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Highlands Healthcare 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Penn Highlands Healthcare Retirement Plan Committee
Penn Highlands Healthcare 403(b) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Highlands Healthcare 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Highlands Healthcare 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. PENN HIGHLANDS HEALTHCARE 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Penn Highlands Healthcare 403(b) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan according to Code Section 403(b) sponsored by Penn Highlands Healthcare (PHH) for the benefit of substantially all employees. DuBois Regional Medical Center, Inc. (DuBois), Brookville Hospital, Inc. (Brookville), Elk Regional Health Center, Inc. (Elk) and PH-Jefferson Manor, are participating employers. The sponsor and all participating employers will be referred to collectively as the System. DuBois employees employed at DuBois' PH Clearfield Campus are covered by another 403(b) plan, so are excluded from participation in this Plan.

Effective May 1, 2023, the Highlands Hospital 403(b) Retirement Plan merged into the plan. The Highlands Hospital 403(b) Retirement Plan covered all eligible employees of Highlands Hospital. Assets totaling \$5,840,374 were merged into the Plan on May 4, 2023.

Effective December 31, 2023, the Penn Highlands Huntingdon 403(b) Plan merged into the plan. The related employers who participated in this Plan include J.C. Blair Medical Services, Inc., J.C. Blair Memorial Hospital Foundation, Inc., WRC Senior Services, and J.C. Blair Memorial Hospital. Assets totaling \$18,775,008 were merged into the Plan on December 29, 2023. Included within the total merged assets is a contribution receivable in the amount of \$333,482, which was funded to the Plan on June 17, 2024. Also included in the transfer balance was unallocated funds totaling \$132,737, which were deposited into the trust in January 2024. This amount is reported as Due from Penn Highlands Huntingdon 403(b) Plan.

Employees are immediately eligible to participate in the Plan as contributing participants upon commencement of employment with the System. Eligible participants who have completed one year of elapsed time service and have attained the age of 21 will qualify for employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transamerica Retirement Solutions, LLC (Transamerica) serves as the primary record-keeper with State Street Bank and Trust Company (State Street) serving as the custodian for those accounts.

Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Company), (Empower), Variable Annuity Life Insurance Company (VALIC), and Mutual of America Life Insurance Company (Mutual of America) each carry annuity contracts held by the Plan and serve as legacy custodians of the Plan. Metropolitan Life Insurance Company (formerly MetLife an agent for Reliance Trust Company) is another legacy provider serving as the custodian's agent and contract administrator for those accounts.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions of up to 85 percent of eligible compensation. The Plan permits Roth contributions. Employee rollover and age 50 catch-up contributions are also permitted. Contributions are subject to certain limitations.

For 2023 and 2022, participants who are eligible employees of PHH, DuBois, Elk or Brookville received a matching contribution of 100 percent of employees' salary deferral amounts on up to 4 percent of employees' eligible compensation. Eligible employees of PH-Jefferson Manor receive employer matching contributions of 100 percent of employees' salary deferral amounts on up to 3.5 percent of employees' eligible compensation.

Upon Highlands Hospital participation in the Plan starting May 1, 2023, eligible employees of Highlands Hospital receive employer matching contributions of 100 percent of employees' salary deferral amounts on up to 3.0 percent of employees' eligible compensation.

Upon Penn Highlands Huntington 403(b) participation in the Plan effective December 31, 2023, eligible employees receive a matching contribution of 100 percent of employees salary deferral amounts on up to 4% of compensation except union employees who have a different match in their collective bargaining agreement. Effective January 1, 2023, the union employer match is 4% of compensation. Casual and per diem employees are excluded from employer matching contribution participation. Effective July 12, 2022, highly-compensated employees are also excluded from receiving employer matching contributions.

The employer matching contribution calculation period is on an annual basis and require employment on the last day of the plan year to receive an annual contribution allocation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the System's contributions, and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants as of June 30, 2020, are immediately vested in their employer matching contributions (plus earnings thereon). Participants hired on or after July 1, 2020, will be fully vested in their employer matching contributions (plus earnings thereon) after completing three years of service. This provision applies to participants employed by Penn Highlands Healthcare, Inc., Brookville Hospital, Inc., DuBois Regional Medical Center, Inc. or Elk Regional Medical Center, Inc.

PH-Jefferson Manor participants will be fully vested in their employer matching contributions (plus earnings thereon) after completing three years of service.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

Highland Hospital participants who merged into the Plan will be fully vested in their employer matching contributions (plus earnings thereon) after completing three years of service.

Effective May 1, 2023, all participants will be fully vested in their employer matching contributions (plus earnings thereon) after completing three years of service.

Penn Highlands Huntington 403(b) participants who merged into the plan hired before December 31, 2021, are fully vested in the Hospital's employer matching contributions, plus earnings thereon. Eligible participants hired after December 31, 2021, become 100% vested in the Hospital's employer matching contributions portion of their accounts after completing three years of service. Vesting in the Hospital's employer nonelective contributions portion of participants' accounts is based on months of credited service. Participants become 100% vested after 60 months of credited service.

Benefit Payments

Upon termination of service, employees receive their benefits as a joint and 50 percent survivor annuity (if married) or single life annuity (if not married) unless they elect one of the optional benefit forms, such as a lump sum. A participant may elect to receive a distribution of their rollover contributions at any time. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions.

Upon termination, participant vested balances not exceeding \$5,000 are to be rolled over to an individual retirement account as designated by the plan administrator, absent an election by the participant for distribution. Participant balances in excess of \$5,000 can remain in the Plan until such time as the participant elects to receive a distribution.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 (reduced by the excess if any of the highest outstanding balance of loans during the one-year period ending on the date before the loan is made over the outstanding balance of the loans on the date the loan is made) or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except loans for the purchase of a principal residence may be as long as 10 years). Interest on the loans is based on local prevailing rates as determined by the custodians. There is no limit on the number of loans outstanding; however, a participant may not receive a new loan if the participant received a loan within the prior rolling 12-month period. New loans are no longer available from participant accounts held with legacy vendors.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

Prior to January 1, 2020, participant loans were repaid through payroll deductions. Participant loans that originate on or after January 1, 2020, must be repaid through self-pay. A current employee who stops payroll withholding on an existing loan will be precluded from receiving a new loan. A participant who terminates employment with the System and all affiliated employers may not obtain a new loan from the Plan. A participant who transfers to an affiliated employer may obtain a new loan from the Plan, but the loan must be repaid through self-pay.

Unallocated Plan and Forfeiture Credit Account

At December 31, 2023 and 2022, the Plan had an unallocated advanced employer account totaling \$8 and \$9, respectively, and a forfeiture credit account balance of \$36,140 and \$4,403, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. Employer matching contributions for plan year 2023 and 2022 were reduced by \$130,309 and \$225,051, respectively, from this advanced employer account.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion. Expenses paid directly by the System are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value investments.

Subsequent Events

Subsequent events have been evaluated through December 18, 2024, which is the date the financial statements were available to be issued.

Effective February 5, 2024, WRC Senior Services 403(b) Plan was merged into the Plan. Protected benefits will be recognized under the Plan for WRC Senior Services 403(b) participants.

Effective June 1, 2024, PH State College was added to the Plan as a participating employer.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

State Street, Empower, Mutual of America, MetLife, and VALIC, the qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2023 and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

State Street, Empower, Mutual of America, and MetLife, the qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2023, and the statement of changes in net assets available for benefits for the year then ended.

Investments totaling \$443,070 transferred to the Plan on December 31, 2023 from the Penn Highland Huntington 403(b) Plan held by Met Life are not covered by a certification.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Money Market Funds and Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts and Variable annuities – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transaction.

Variable and Fixed annuity contracts – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Interest accumulation account - Recorded at amortized cost which approximates fair value, as reported by Mutual of America, which represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses.

Insurance Contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

Great-West Life & Annuity Insurance Company

The Plan has fully benefit-responsive investment contracts with Empower and New York Life. Empower and New York Life maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contracts are fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Empower and New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement with 60 days' written notice.

Metropolitan Life Insurance Company (MetLife)

Upon the merger of the Elk 403(b) Plan and Penn Highlands Huntingdon 403(b) Plan, the Plan holds a Gold Track Select Annuity Contract (Contract), which is a flexible premium variable annuity contract, a fully benefit-responsive investment contract with MetLife. MetLife maintains the contributions in one of the selected funding options which may include a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. At the end of the year, a renewal interest rate is established. The Contract's issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The Contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants have the option of receiving contract value upon separation of service, retirement, minimum distribution, hardship withdrawal, annuitization, death, and transfers to other investment options within the Plan.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and specified in each contract, but may not be less than 3 percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events that could result in MetLife's discontinuance of the contract include the following: (1) plan termination, (2) the Plan or administration of the Plan is not in conformity with applicable law, and (3) bankruptcy of the plan sponsor. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Variable Annuity Life Insurance Company (VALIC)

Upon the merger of the Penn Highlands Huntingdon 403(b) Plan, the Plan holds a fully benefit-responsive investment contract with The Variable Annuity Life Insurance Company (VALIC). VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The investment contract with VALIC was terminated on July 11, 2022. Due to contract restrictions, the investment will remain at VALIC and will be transferred to State Street in increments over the next five years. The contract is included in the December 31, 2023, financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Summary

The following represents the disaggregation of contract value between the investment contracts held by the Plan:

Empower Interest Guarantee Fund	1,879,191	1,610,930

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially adversely affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed an intention to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan operates under a pre-approved volume submitter 403(b) plan document sponsored by Baldwin Law Group LLP. This volume submitter 403(b) plan document has been pre-approved by the Internal Revenue Service according to an advisory letter dated March 31, 2017. Therefore, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institutions of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 10 NONEXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During 2023, the System failed to remit employee 403(b) deferral contributions totaling \$807,686 within the timeframe prescribed by the Department of Labor due to the Plan sponsor implementing a new human resource management and payroll system. These are deemed prohibited transactions in accordance with ERISA and the IRC. The prohibited transactions and lost earnings on those amounts are being determined and corrective action will be taken in 2024.
