INDEPENDENT AUDITOR'S REPORT

To the Trustees

F. C. YOUNG & CO., INC. 401(k) Plan

Bristol, Pennsylvania 19007

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **F.C. Young & Co., Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 29, 2024 and February 28 2023, and the related statement of changes in net assets available for benefits for the year ended February 29, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **F.C. Young & Co., Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of February 29, 2024 and February 28 2023, and for the year ended February 29, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **F.C. Young & Co., Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **F.C. Young & Co., Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **F.C. Young & Co., Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **F.C. Young & Co., Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended February 29, 2024 and of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of February 29, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

F. C. YOUNG & CO., INC.
401(k) Plan

Notes to Financial Statements
February 29, 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of **F. C. Young & Co., Inc. 401(k)** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of **F.C. Young & Co., Inc.** ("Company" or "Plan Sponsor") who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees who are eligible to participate in the Plan may elect to defer, through payroll deductions, a portion of their compensation up to the maximum dollar amount allowable by law through both employee pre-tax and post-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

The Company provides a safe harbor matching contribution, as defined by the federal government, of 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional discretionary stacked matching contributions to all eligible employees may also be contributed at the option of the Company. For the years ended February 29, 2024, and February 28, 2023, the Company elected to and the Plan accrued a discretionary stacked matching contribution of \$96,934 and \$93,069, respectively, net of non-vested forfeited contributions.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Investment Account Options

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The Plan currently offers various options offered by the Plan. The Plan currently offers various pooled separate accounts and a guaranteed investment contract as investment options for the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's safe harbor and discretionary stacked matching contributions and, (b) Plan earnings, net of investment expenses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary stacked matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The Company's discretionary stacked matching contribution vest on a graded schedule and are 100% vested after six years of credited service.

401(k) Plan

Notes to Financial Statements
February 29, 2024

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his/her beneficiary(ies) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest of his or her account, or annual installments over a fixed period. Qualified joint and survivor requirements also apply. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals are also permitted for certain financial hardships or when participant attains age 59 ½.

Forfeited Accounts

Forfeited accounts are used to pay employer matching contributions, or to pay future administrative costs, as determined by the Plan Trustees. For the years ended February 29, 2024 and February 28, 2023, the employer discretionary stacked matching contributions were reduced by \$4,069 and \$4,557, respectively, from forfeited non-vested accounts. At February 29, 2024 and February 28, 2023, there were no forfeited non-vested accounts that were not applied to the employer stacked match contribution receivable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the plan Trustees to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan has investments in pooled separate accounts and a guaranteed investment contract, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the matching and discretionary contributions from the company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Administrative expenses are record keeping and custodian fees. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events after the balance sheet date through the date the financial statements were available for issuance, December 16, 2024, have been evaluated in the preparation of the financial statements and management has determined that there are no subsequent events that would require disclosure or adjustment in the financial statements.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value as of February 29, 2024 and February 28, 2023, and net appreciation in fair value of investments and interest from investments for the year ended February 29, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB (Nationwide), the custodian of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of February 29, 2024 and February 28, 2023:

	Investments at Fair Value as of February 28, 2024			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy Guaranteed Investment Contract with Insurance Company	\$ -	\$ -	\$ 376,705	\$ 376,705
Investments measured at NAV Pooled separate accounts				9,929,376
Total investments at fair value				<u>\$ 10,306,081</u>

	Investments at Fair Value as of February 29, 2023			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy Guaranteed Investment Contract with Insurance Company	\$ -	\$ -	\$ 740,643	\$ 740,643
Investments measured at NAV Pooled separate accounts				8,101,680
Total investments at fair value				<u>\$ 8,842,323</u>

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 29, 2024 and February 28, 2023.

Pooled Separate Accounts

Pooled separate accounts are valued at the Net Asset Value ("NAV") of units held in the various separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a pooled separate account, the custodian reserves the right to temporarily delay withdrawal from the account in order to ensure that securities' liquidations will be carried out in an orderly business manner.

Guaranteed Investment Contract

The Guaranteed Investment Contract is valued as the contract value less any contingent deferred sales charges (none as of February 29, 2024 and February 28, 2023) and market value adjustments, per Nationwide. Generally, the participants transact at contract value for a benefit event (termination, death, disability, and retirement). Fair value is determined annually for financial statement reporting purposes and for lump sum distributions. In determining the reasonableness of the methodology, the Plan Trustees evaluate a variety of factors including a review of the existing contract, economic conditions, industry and market developments, and credit rating.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Guaranteed Investment Contract (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed interest contract with the insurance company for the year ended February 29, 2024:

Beginning balance	\$ 740,643
Total unrealized gains or (losses) included in the changes in net assets available for benefits	61,130
Purchases, issues, sales, and settlements:	
Purchases, interest income, less fees	52,554
Withdrawals	<u>(477,622)</u>
Ending balance	<u>\$ 376,705</u>

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a guaranteed investment contract with Nationwide, which maintains the contributions in a general account. The contract is not considered fully benefit-responsive as defined in FASB ASC Topic 962, "Plan Accounting - Defined Benefit Pension Plans," and, therefore, is reported at fair market value in the statement of net assets available for benefits. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. A contract holder can request a lump sum distribution or an installment payout with a market value adjustment of the contract value.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and a guaranteed investment contract managed by Nationwide.

Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As of February 29, 2024 and February 28, 2023, \$1,138,641 and \$1,495,552 of plan investments were managed by Nationwide, respectively.

Fees paid by the Plan to Nationwide for investment management and custodial services amounted to \$23,504 for the year ended February 29, 2024.

Fees paid by the Plan to Delaware Valley Retirement, Inc., the Plan's third-party administrator, amounted to \$6,822 for the year ended February 29, 2024.

Fees paid by the Plan to Global Retirement Partners, LLC, the Plan's investment advisor, amounted to \$29,442 for the year ended February 29, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The IRS informed Paychex, Inc., (third-party administrator) the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letters, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, I believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - AMOUNTS ALLOCATED TO TERMINATED PARTICIPANTS

At February 29, 2024 and February 28 2023, there are no amounts allocated to persons who have elected to withdraw from the Plan, but who have not been paid.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee and employer contributions as soon as they can be reasonably segregated from the employer's general assets. While the company remitted all contributions to the Plan, contributions totaling of \$58,600 were not remitted within the required time period for the years ended February 29, 2024, February 28, 2023, and February 28, 2022. During the year ended February 28, 2025, the Company is in the process of correcting the lost earnings through the Department of Labor's Voluntary Fiduciary Correction Program (VFCP). The corrections amount for the lost earnings are not expected to have a significant impact on the February 29, 2024 financial statements.
