INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Mary Bird Perkins Cancer Center 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit (in Liquidation)

We have performed audits of the financial statements of the Mary Bird Perkins Cancer Center 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of April 30, 2023 (in liquidation) and December 31, 2022 (in liquidation), the related statement of changes in net assets available for benefits for the four-month period ended April 30, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 17, 2023 and December 31, 2022, and for the period from January 1, 2023 to April 17, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion (in Liquidation)

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements (in Liquidation) section:

- the amounts and disclosures in the accompanying financial statements (in liquidation), other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements (in liquidation) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion (in Liquidation)

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements (in Liquidation) section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 5 to the financial statements, the Compensation Committee of the Board of Directors of the Mary Bird Perkins Cancer Center, the Plan sponsor, approved a Plan of liquidation effective December 31, 2022, and management determined that liquidation was imminent. As a result, the liquidation basis of accounting is used in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements (in Liquidation)

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements (in Liquidation)

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit (in Liquidation) section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

MARY BIRD PERKINS CANCER CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Mary Bird Perkins Cancer Center 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of the Mary Bird Perkins Cancer Center (the Company or the Employer) except for non-resident aliens who did not receive any compensation from U.S. sources and employees who normally worked less than 20 hours per week. The Plan was established on January 1, 2003, and it was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees, except excluded employees, were eligible to participate in the Plan for purposes of making salary deferral contributions to the Plan, and they were eligible to participate in the Plan on their date of hire.

Contributions

Each year, participants could elect to defer a portion of their compensation up to the maximum amount allowed by the Internal Revenue Service (IRS). Participants who had attained the age of 50 before the end of the Plan year were eligible to make additional catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants directed the investment of their contributions into various options offered by the Plan.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmably elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3 percent of eligible compensation, and their contributions were invested in a designated balance fund until changed by the participant.

Upon enrollment in the Plan, a participant could direct contributions applicable to his or her account into investments offered by the custodian which consisted of various mutual funds. If the participant did not select an investment account to direct the participant and Employer contributions, then the contributions were invested in a fund designated by the custodian.

The Employer provided a matching contribution equal to 100% of the first 5% of compensation deferred, as defined, that an eligible employee elected to contribute under the Plan. The matching contribution was a discretionary amount that was determined by the Employer each Plan year. Contributions were subject to certain limitations.

Participant accounts

Each participant's account was credited with the participant's contributions and allocations of (1) the Employer's contribution and (2) the Plan's earnings (losses) and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

MARY BIRD PERKINS CANCER CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan (continued)

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions, plus earnings thereon, was based on years of continuous service. A participant was 100% vested after 5 years of service as further described in the plan document.

Employees were credited with a year of vesting service for each plan year in which the employee worked at least 1,000 hours. Participants became fully vested in Employer contributions upon the attainment of the normal retirement age of 65 or upon termination of employment due to disability or death.

As a result of the Plan termination effective December 31, 2022, all participants became 100% vested in Employer contributions. See Note 5.

Notes receivable from participants

Participants could borrow from their individual accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Unless the loan was used for the purchase of a primary residence, participants were required to repay the loan within 5 years. At December 31, 2022, participant loans bore interest at rates ranging from 5.25% to 9.00%, which was commensurate with prevailing rates as determined by the plan administrator. Principal and interest were paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account. In service withdrawals were permitted for participants who had attained the age of 59½.

Forfeited accounts

At December 31, 2022, the forfeited non-vested amounts totaled \$125,304. The Employer could elect to (1) reallocate forfeitures as additional contributions under the Plan, (2) reduce Employer contributions under the Plan, or (3) use forfeitures to pay Plan expenses. Forfeitures of \$122,521 were reallocated to participants as additional contributions during the period ended April 30, 2023, and forfeitures of \$2,783 were used to pay Plan expenses during the four-month period ended April 30, 2023.

MARY BIRD PERKINS CANCER CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies

Basis of accounting

As a result of the Plan termination effective December 31, 2022, the financial statements were prepared under the liquidation basis of accounting (see Note 5). Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. Investments are reported at fair value as fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. If a participant did not make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and the delinquent participant note receivable was recorded as a benefit payment in accordance with the terms of the Plan document. No allowance for credit losses was recorded at either April 30, 2023 or December 31, 2022.

Payment of benefits

Benefits were recorded when paid.

Plan expenses

Certain expenses of maintaining the Plan were paid directly by the Employer and were excluded from these financial statements. Fees related to the administration of notes receivable from participants, if any, were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net realized / unrealized appreciation in fair value of investments.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022.

Mutual funds: valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets held as of April 30, 2023. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 (in liquidation):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 27,536,353</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,536,353</u>

4. Related party transactions and party in interest transactions

The Plan's investments were managed by the Capital Bank and Trust Company (Capital Bank). Capital Bank is a qualified institution as defined by ERISA for the Plan and therefore transactions in such investments qualified as party-in-interest transactions which were exempt from the prohibited transaction rules of ERISA. The Plan paid administrative expenses totaling \$3,555 to the recordkeeper during the four-month period ended April 30, 2023, in addition to advisory service fees totaling \$13,730 paid to Merrill Lynch. These expenses are included in the statement of changes in net assets available for benefits in liquidation. The fees paid for investment management services were included in the net realized / unrealized appreciation in fair value of investments.

5. Plan termination

On September 8, 2022, the Compensation Committee of the Board of Directors of the Mary Bird Perkins Cancer Center adopted a resolution to terminate the Plan effective December 31, 2022. Accordingly, participants became fully vested in the employer matching portion of their accounts on December 31, 2022, and contributions were discontinued. Distribution as a result of the Plan termination did not begin until January 2023. All assets were distributed from the Plan during the period from January 1, 2023 to April 30, 2023.

The Plan initially filed an incomplete Form 5500 without the auditors' report for the four-month period ended April 30, 2023. An amended filing of the Plan's 2023 Form 5500 will be submitted with these audited financial statements.

6. Risks and uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Information prepared and certified by the qualified institution

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, The Capital Bank and Trust Company, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of April 17, 2023 and December 31, 2022, and the statement of changes in net assets available for benefits for the four month period ended April 17, 2023.

8. Income tax status

The Plan was designed under Section 403(b) of the Internal Revenue Code (the "Code"). The Plan was required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The plan administrator believes that the Plan was designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related accounts are tax-exempt. Therefore, no provision for income taxes was included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Mutual fund fees

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

10. Subsequent events

Management has evaluated events through the date that the financial statements were available to be issued, December 23, 2024, and determined that no matters required additional disclosure in the financial statements. No events occurring after this date have been evaluated for inclusion in these financial statements.
