Independent Auditors' Report

To the Plan Administrator and Participants of
BOWA Builders, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BOWA Builders, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the BOWA Builders, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to plan documents for a more detailed description of the Plan's provisions.

General

The Plan was formed and was effective as of January 1, 1996. The Plan is a defined contribution plan covering eligible employees of BOWA Builders, Inc. (the Company), who are at least age 18 or older and have achieved 1 month of service, as defined in the plan documents. The Plan excludes union employees, leased employees, certain nonresident aliens, and interns. The Plan was most recently amended and restated effective April 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA), as amended.

Contributions

Participants may elect to contribute a portion of their annual compensation to the Plan. Effective December 15, 2017, the Plan provides for automatic enrollment with an initial deferral percentage of 5% of a participant's compensation. This did not apply to participants hired prior to the effective date of the automatic enrollment feature, and participants are able to modify their deferral percentage or opt-out. If auto-enrolled, the participant's deferral percentage is increased by 1% each May to a limit of 10%. Participants may elect to contribute up to the maximum amount allowed by law, which changes each year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Under the terms of the Plan, the Company may make a discretionary match set by the Employer each year. If the Company chooses to make a discretionary match, a discretionary percentage of a participant's compensation or a discretionary dollar amount will be elected and allocated on a uniform basis for all participants. The discretionary match is calculated and allocated to participants after the end of the plan year. Participants must be employed as of the last day of the plan year and have met service requirements in order to share in the discretionary match, with certain exceptions for participants who died or experienced total and permanent disability during the plan year. For the year ended December 31, 2023, the discretionary match was equal to 50% of participant deferrals up to 5% of eligible compensation.

The Company may also make a non-elective employer contribution, which is discretionary and is allocated in the same ratio as each participant's compensation bears to the total compensation of all participants. Participants must be employed as of the last day of the plan year and have met service requirements in order to share in the discretionary non-elective employer contribution, with certain exceptions for participants who died or experienced total and permanent disability during the plan year. For the year ended December 31, 2023, the discretionary non-elective contribution was allocated to participant accounts at a rate of 1.21% of eligible compensation.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

Participants may direct employee and employer contributions into any of the investment options offered by the Plan. Participants are permitted to change their investment elections at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and its share of the Plan's earnings or losses thereon and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in any employer non-elective discretionary contributions plus actual earnings thereon. The participants' vesting in the Company discretionary matching contributions plus actual earnings thereon is based on years of service:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 Year	0%
2 Years	25%
3 Years	50%
4 Years	75%
5 Years or More	100%

Participants become fully vested in all balances upon death, total and permanent disability, and achievement of an early retirement date as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Participants may have two loans outstanding at a time. Loan terms range generally from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charge by people in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures of unvested Company match contributions are first used to restore terminated participants' previously forfeited share of Company contributions, upon re-hire, when applicable, and then to reduce employer contributions. The Company may, at its discretion, direct the forfeitures to be used to pay plan expenses prior to reducing employer contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Forfeitures (continued)

On December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,028 and \$5,123, respectively. For the year ended December 31, 2023, the Plan utilized \$7,020 to reduce Company contributions.

Payment of Benefits

Participants, or their beneficiaries, are eligible for distributions upon termination, retirement, disability, or death. The normal form of distribution is a single lump-sum payment; however, participants may request partial withdrawals or installment payments in certain instances. Participant consent is required for distributions over \$5,000, and for mandatory distributions of \$5,000 or less, if no election is made, then the amount will automatically be rolled over to an IRA. Rollover balances are not included in the determination of whether the account is greater or less than \$5,000.

Distributions upon death of a Participant will be made pursuant to the election of the Participant of "designated Beneficiary". Hardship distributions are limited to certain portions of a participant's account and can only be requested by active employees. Hardship distributions for eligible expenses of beneficiaries are allowed. In-service distributions may be made from any account that is fully vested to a Participant who has not separated from service if they have attained age 59 ½. A Participant may make a distribution from their rollover account at any time.

Administrative Expenses

The Plan's administrative expenses may be paid by the Plan, the Company, or with forfeitures, as provided in the Plan document. Transaction expenses, such as fees for loans or benefit payment processing, are charged directly to the participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles in the United States of America (GAAP).

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions

Employee deferrals are recognized on the pay date to which they relate. Employer discretionary match and employer non-elective employer contributions, if any, are recognized in the year designated by the Company.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

As noted in the independent auditors' report, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank. This information includes:

- Investment values as of December 31, 2023 and 2022, as shown in the statements of net assets available for benefits and the fair value disclosures in Note 4.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to information certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority;
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and
- Level 3 inputs are unobservable and have the lowest priority.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

Collective trust funds: Valued using the NAV practical expedient as reported by the fund managers. The NAV is determined based on the fair value of the underlying assets owned by the fund, less liabilities, divided by the number of outstanding units. The collective trust funds have daily redemptions and one day trading terms. There are no unfunded commitments at December 31, 2023. The funds are direct filing entities and as such, investment strategy disclosures are not required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Amounts reported as interest bearing or non-interest bearing cash on the accompanying statements of net assets available for benefits are reported at cost, which approximates fair value.

Notes to the Financial Statements
December 31, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

2023				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 2,543,876	\$ -	\$ -	\$ 2,543,876
Investments measured at net asset value ^(a)	-	-	-	11,409,341
Total assets at fair value	\$ 2,543,876	\$ -	\$ -	\$ 13,953,217

2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 2,032,760	\$ -	\$ -	\$ 2,032,760
Investments measured at net asset value ^(a)	-	-	-	10,098,433
Total assets at fair value	\$ 2,032,760	\$ -	\$ -	\$ 12,131,193

- (a) In accordance with ASC 820-10, investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 – TAX STATUS

On November 30, 2020, the IRS stated in an opinion letter that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their account balances.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses paid to the trustee qualify as party-in-interest transactions. The Plan also allows notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 14,337,029	\$ 12,487,209
Employer contributions receivable	(258,868)	(156,342)
Net assets available for benefits per Form 5500	<u>\$ 14,078,161</u>	<u>\$ 12,330,867</u>

The following is a reconciliation of changes in net assets per the financial statements for the year ended December 31, 2023 to the Form 5500:

	<u>2023</u>
Net increase per financial statements	\$ 1,849,820
Change in employer contributions	(102,526)
Net increase per Form 5500	<u>\$ 1,747,294</u>

NOTE 10 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through December 28, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to modify the non-elective employer contribution allocation so that each eligible participant is allocated the same dollar amount of the contribution.

Plan management is not aware of any additional subsequent events which require recognition or disclosure in the financial statements.
