*Independent Auditors' Report*

To the Compensation Committee and Plan Administrator of
Current Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Current Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Current Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment and notes receivable from participants information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Current Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Current Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Current Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Current Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Current Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Current Retirement Savings Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Current Lighting EmployeeCo LLC and the participating employers, Daintree Networks, Inc., HLI Solutions, Inc., and Litecontrol Corp. (collectively, the Company). All employees are immediately eligible to participate in the Plan upon hire excluding HLI Solutions, Inc. and Litecontrol Corp. employees covered by a collective bargaining agreement, residents of Puerto Rico, leased employees, and nonresident aliens who do not receive any earned income from a U.S. source.

The Plan was originally established on April 1, 2019 and was amended in November 2023 and December 2023 to retroactively amend the Plan to remove the requirement for employees to be employed on the last day of the plan year in order to be eligible to receive discretionary matching contributions for the years ended December 31, 2023, 2022, and 2021. The Plan was also amended effective April 14, 2023 to allow terminated participants to continue repaying their loans via ACH after termination.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the IRC) and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator and the Compensation Committee are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Each year, participants may contribute up to 75% of eligible compensation, as defined by the Plan, as pre-tax, Roth, and catch-up contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Generally, participants direct the investment of their contributions into various investment options offered by the Plan; however, the Plan includes an automatic enrollment provision whereby all newly eligible employees and rehires are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation within 35 days of their date of hire or rehire, and their contributions are invested in a designated fund until changed by the participant.

The Plan provides for employer discretionary matching contributions for eligible participants who are contributing any combination of pre-tax, Roth, and catch-up contributions to the Plan. For the year ended December 31, 2023, the Company elected to match 50% of the first 8% of eligible compensation that all employees contributed to the Plan as any combination of pre-tax, Roth, and catch-up contributions. The contribution period for purposes of calculating the amount of employer discretionary matching contributions is the plan year. The December 2023 retroactive amendment removed a requirement for employees to be employed on the last day of the plan year in order to be eligible to receive employer discretionary matching contributions for the years ended December 31, 2023, 2022 and 2021. Employer discretionary matching contributions totaled \$3,429,907 for the year ended December 31, 2023, of which \$806,720 was receivable as of December 31, 2023. Employer discretionary matching contributions receivable totaled \$1,050,508 as of December 31, 2022.

Current Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

During the year ended December 31, 2023, plan management discovered that it had been calculating employer discretionary matching contributions on each pay run instead of for the entire plan year as required by the plan document. Plan management also discovered that it had been excluding each terminated employee from receiving employer discretionary matching contributions only for the quarter in which the respective employee was terminated and thereafter. The plan document in effect at that time excluded participants from receiving the employer discretionary matching contributions for the entire year in which they were terminated. As a result, the Plan was retroactively amended in November 2023 and December 2023 to remove the requirement for participants to be employed on the last day of the plan year in order to be eligible to receive employer discretionary matching contributions for the years ended December 31, 2023, 2022, and 2021, and annual true up calculations were performed. This resulted in corrective contributions receivable of \$240,545 as of December 31, 2023 and 2022 for the year ended December 31, 2021 that were funded in January 2024. These corrective contributions have been included in corrective contributions receivable on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.

During the year ended December 31, 2023, plan management discovered certain wages that qualify as eligible compensation had been excluded from eligible compensation since the Plan's inception. Corrective contributions related to missed employee contributions on such compensation for the years ended December 31, 2023, 2022, and 2021 totaled \$99,247, \$11,774 and \$11,082, respectively. These amounts were funded at various times throughout the year ending December 31, 2024, and therefore \$122,103 and \$22,855 have also been included in corrective contributions receivable on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, respectively.

Plan management was unable to determine such true up calculations and corrective contributions for the years ended December 31, 2020 and 2019; however, such amounts are estimated to be insignificant to the financial statements.

The Plan also provides for discretionary nonelective employer contributions (profit-sharing contributions) for eligible employees who have attained six months of service and are employed on the last day of the plan year unless terminated after Retirement Age (65), terminated due to death, or become disabled. No such contributions were declared for the year ended December 31, 2023.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer discretionary matching contributions, corrective contributions, discretionary nonelective employer contributions, and an allocation of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The allocation of earnings or losses are based on each participant's respective account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from Participants

The Plan permits its participants to obtain loans against their account balances. A participant may borrow from his or her vested account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the last twelve-month period or 50% of his or her vested account balance. Each participant may have one loan outstanding at any given time and must wait ten days after loan payoff to apply for a new loan.

Current Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

Notes receivable from Participants...continued

The notes receivable from participants are secured by the vested balance in each participant's account and bear a reasonable fixed rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans made under similar circumstances. Loans are limited to a maximum of five years unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond ten years from the date of the loan.

Loans must be repaid in level payments on at least a quarterly basis via after-tax payroll deductions; however, additional partial repayments are permitted via ACH in addition to regularly scheduled payments. This requirement may be waived for a period of one year or less if a participant is on a leave of absence, however, the loan must still be repaid in full on the maturity date. The Plan Administrator shall consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. Effective April 14, 2023, a terminated participant may continue to repay his or her loan through recurring ACH payments (previously, the outstanding loan balance was immediately due and payable upon termination). As of December 31, 2023 and 2022, the rates of interest on outstanding notes receivable from participants ranged from 4.25% to 9.50% with various maturities through 2032. Certain other restrictions may apply to notes receivable from participants as defined in the plan document.

Vesting

Participants are immediately vested in all contribution sources plus actual earnings thereon.

Forfeitures

Forfeitures represent the nonvested portion of terminated participant account balances plus related earnings, which can be used to pay administrative expenses or to reduce employer contributions for the immediately following plan year. As of December 31, 2023 and 2022, forfeitures held by the Plan totaled \$257,900 and \$280,912, respectively.

Forfeited nonvested balances were not used to reduce employer matching contributions during the year ended December 31, 2023. Forfeited nonvested account balances funded administrative expenses totaling \$27,878 during the year ended December 31, 2023. During the year ended December 31, 2024, forfeited nonvested balances were used to reduce discretionary employer matching contributions for the year ended December 31, 2022, totaling \$257,479, which have been included as a reduction in the employer contributions receivable as of December 31, 2023 and 2022 on the accompany statements of net assets available for benefits.

Payment of Benefits

Withdrawals may be made from a participant's account at Retirement Age, death, disability, or termination of employment. The participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 72 if the participant reaches 72 prior to January 1, 2023, or 73 if the participant reaches 72 after December 31, 2022.

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

Payment of Benefits...continued

A participant may elect, at the time and in the manner prescribed by the Plan Administrator, to have the entire vested amount in his or her account (with a minimum of \$500) rolled over into another qualified plan, as directed by the participant. A participant may elect to withdraw all or a portion of his or her employee contributions and rollover contributions sub-accounts at any time. Hardship withdrawals must be for a minimum of \$500 and from the respective participant's employee contributions sub-accounts. Each participant who has attained age 59½ may elect to withdraw all or a portion of his or her vested account. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance in the Plan less than \$5,000. Certain other restrictions may apply to benefit payments as described in the plan document.

Investment Elections

Each participant shall direct the investment of his or her account and shall select among various mutual funds and a common collective trust. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and the Compensation Committee determine the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on an accrual basis. As of December 31, 2023 and 2022, accrued, but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Current Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies...continued

Notes Receivable from Participants...continued

If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, notes receivable from participants are reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the applicable participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. For the year ended December 31, 2023, the Company paid certain other administrative expenses incurred by the Plan.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820 (ASC 820), *Fair Value Measurements*. The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2023 and 2022

3. Fair Value Measurements...continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust – The common collective trust is valued at the NAV of units held by the common collective trust. The NAV, as provided by Fidelity Management Trust Company (Fidelity), the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on the fund. There are no unfunded commitments as of December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 60,343,447</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 60,343,447
Investments measured at NAV				<u>3,172,120</u>
Total investments at fair value				<u>\$ 63,515,567</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 42,240,324</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 42,240,324
Investments measured at NAV				<u>3,701,334</u>
Total investments at fair value				<u>\$ 45,941,658</u>

4. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment and notes receivable from participants activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Current Retirement Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

5. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Compensation Committee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts. Participants are immediately fully vested in all contribution sources, and therefore the Plan was not analyzed for a potential partial plan termination.

7. Party-in-Interest Transactions

Certain investments of the Plan are mutual funds and a common collective trust fund managed by Fidelity and qualify as party-in-interest transactions. In addition, the Plan issues notes receivable to participants, which are secured by the balances in participant accounts, which constitute party-in-interest transactions.

8. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through October 31, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024 the Plan was amended to change the contribution period for employer discretionary matching contributions to be on a quarterly basis instead of an annual basis, and to require employees to be employed on the last day of each quarter in order to receive an allocation of employer discretionary matching contributions for that respective quarter.

Effective February 1, 2024, the Plan was amended to merge in the Forum, Inc./Samco 401(k) Savings Plan (Forum/Samco Plan). This amendment also includes that the time worked at Forum, Inc. and Samco shall be considered credited service for purposes of determining eligibility and vesting for the Plan, as well as considering safe harbor matching contributions to be immediately 100% vested. When the Forum/Samco Plan was merged in with the Plan, all employees of Forum, Inc. and Samco were transferred into Daintree Networks, Inc., and there are no longer any employees of Forum, Inc. or Samco.
