Independent Auditor's Report

The Board of Trustees
Bay Area Painters and Tapers Annuity Fund
Dublin, California

Opinion

We have audited the financial statements of Bay Area Painters and Tapers Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Bay Area Painters and Tapers Annuity Fund as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bay Area Painters and Tapers Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bay Area Painters and Tapers Annuity Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bay Area Painters and Tapers Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bay Area Painters and Tapers Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its' form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of the Bay Area Painters and Tapers Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a multiemployer defined contribution plan, provides and maintains an annuity plan for the eligible participants covered by collective bargaining agreements between the union members in District Council 16 and employer associations and individual employer's signatory to the agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2019, the Plan converted from a money purchase pension plan to a profit-sharing plan under Internal Revenue Code Section 401(a)(27)(B).

Administration of the Plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board of consisting of equal representation from the participating employers and the District Council 16.

Contributions and Eligibility

An employee who works in covered employment becomes a participant in the plan at the time they complete their first hour of work.

The participating employers contribute such amounts as are specified in the collective bargaining agreements. During the years ended December 31, 2023 and 2022, the Plan received contributions from employers for each hour worked by participants at the following principal rates:

	District Council 16		
	Commercial Painters	Commercial Tapers	Housing Tapers
January 2022 - December 2022	\$2.80 - 7.07	\$10.61 - 10.68	\$6.94 - 7.11
January 2023 - December 2023	\$2.80 - 7.60	\$10.26 - 11.43	\$7.15 - 8.31

The Plan has met the minimum funding requirements as of December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the employer contributions made on the participant's behalf and the investment income together with any net appreciation (depreciation) earned. Participant accounts are charged with administrative expense that is directly deducted from their account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are non-forfeitable.

All contributions made on a participant's behalf prior to January 1, 2020, will remain in that participant's "money purchase account" and will include all earnings, losses and expenses attributable to the participant's pre-2020 contributions. All contributions made on a participant's behalf on or after January 1, 2020, will be credited to that participant's "profit-sharing account" and will include all earnings, losses and expenses made after December 31, 2019.

Investment Options

Upon enrollment in the Plan, a participant may direct employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

All individual accounts are fully vested upon establishment of the individual account.

Forfeitures

All vested accounts are not forfeitable.

Payment of Benefits

Participants are entitled to a distribution of the accumulated share in their individual accounts upon retirement, as defined, or in the event that a participant dies before he/she becomes an annuitant, his/her accumulated share shall be paid to his/her beneficiary.

The Plan was amended to allow for distributions at the participant's election prior to termination due to hardship as defined in the plan document. Types of hardships can include medical expenses, the purchase of a principal residence, repairs to the principal residence, expenses or losses due to disaster or tuition and related education fees as well as other scenarios as outlined in the summary plan description. The balance in a participant's money purchase account is not eligible for a hardship distribution.

Plan Termination

Although it has not expressed any intent to do so, the Trustees may amend, modify, or terminate the Plan pursuant to its authority under Article 5 of the Plan. No amendment or modification may reduce any benefits that have been approved for payment prior to such amendment, so long as sufficient funds are available to provide such benefits.

However, future changes in the law or economic conditions may make it advisable to do so. If it is terminated, after payment of the Plan termination expenses, the balance of the Plan's assets shall be distributed to the then participants with each participant receiving a share of the remaining assets in proportion to the ratio their individual account balance bears to the total of all the participants' individual account balances. None of the assets shall be returned to any employer or inure to the benefit of any employer, the association, a local union, or district council.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Board of trustees determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statements of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Adoption of New Accounting Standard

As of January 1, 2023, the Plan adopted Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* (ASU 2016-13), which replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. The CECL model is applicable to the measurement of credit losses on financial assets measured at amortized cost, including contribution receivables. CECL requires entities to measure all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. This standard provides financial statement users with more decision-useful information about the expected losses on financial instruments.

The Plan adopted ASU 2016-13 using the modified retrospective review method for all financial assets measured at amortized cost. Results for reporting periods beginning after January 1, 2023, are presented under Topic 326 while prior period amounts continue to be reported in accordance with previously applicable GAAP. The adoption of the new standard did not materially impact the Plan's financial statements. See Accounting Policies Notes for further disclosure of the Plan's Contributions Receivable.

Employer Contributions, Contributions Receivable and Allowance for Credit Losses

The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on a rate per hour for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. Management of the Plan evaluates participating employers' contributions receivable periodically for potential credit losses based on historical experience as well as current and reasonable and supportable forecasted economic conditions. As of December 31, 2023 and 2022, there was no allowance taken.

The Plan has an employer payroll audit system in place in which the employers are randomly audited to verify that they are contributing in accordance with their signed agreement. Delinquencies may arise due to these payroll audits and are recorded as contributions when collected.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administration Expenses

Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through December 20, 2024, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Bay Area Painters and Tapers Annuity Plan

Notes to Financial Statements

December 31, 2023 and 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

		2023		
		Level 1	Level 2	Level 3
				Total
Mutual funds		\$ 374,959,265	\$ -	\$ -
Investments at fair value		\$ 374,959,265	\$ -	\$ -
		2022		
		Level 1	Level 2	Level 3
				Total
Mutual funds		\$ 319,834,280	\$ -	\$ -
Investments at fair value		\$ 319,834,280	\$ -	\$ -

Note 4 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated February 17, 2016, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to the issuance of this determination letter, the Plan was amended. However, plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and, therefore, believe the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with New York Life Insurance Company. New York Life Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it is equal to the lesser of 3% and a rate that is not less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by the New York Life Insurance Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2023 and 2022 was \$117,867,309 and \$107,901,332, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: The Contract holder may terminate this Contract as of any Business Day, which day will be the Termination Date, provided written notice of termination is received by New York Life at its Home Office in New York City at least thirty (30) but not more than sixty (60) days prior to the intended Termination Date.

Amendments that could have an adverse financial, legal or administrative impact on the obligations of the Company under this Contract include but are not limited to the following events: 1) A plan change that materially alters the amount of contributions or withdrawals to be directed in or out of this Contract. 2) A change in the Plan's investment options. 3) A change in the frequency of transfers among the Plan's investment options. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

The Transfer Amount will be equal to the product of (A) the balance in the Guaranteed Interest Account as of the payment date and (B) the market value adjustment factor described below. The "market value adjustment factor" equals 1.0 plus the product of (1) the Contract Earnings Rate minus the New Issue Rate, and (2) the duration of the asset portfolio for contracts in this Class of Contracts

Note 6 - Related Party and Party-In-Interest Transactions

Certain Plan investments consist of a mutual fund and guaranteed interest contract which are managed by John Hancock Trust Company LLC (JHRPS), the custodian by contract. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA. Investment Fees are deducted from investment income for some of the investments held by JHRPS. As of December 31, 2023 and 2022, JHRPS managed investments whose fair values totaled \$96,456,984 and \$81,186,932, and contract values of \$117,867,309 and \$107,901,332 respectively.

The District Council 16 Health and Welfare Trust Fund shares some board members with the Plan and therefore is considered a related party. The Welfare Fund receives contributions on behalf of Bay Area Painters & Tapers Annuity Fund that is subsequently transferred to the Plan as soon as administratively possible. At December 31, 2023 and 2022, \$4,704,072 and \$4,458,614 was due from the Welfare Fund, respectively.

The Bay Area Painters & Tapers Pension Trust Fund shares a board with the Bay Area Painters & Tapers Annuity Plan and is considered a related party. The Plan pays certain expenses on behalf of the Bay Area Painters & Tapers Annuity Plan for which it is reimbursed. Such expenses include federal and state taxes, insurance and certain printing and postage costs. At December 31, 2023 and 2022, \$6,480 was due to Bay Area Painters & Tapers Pension Trust Fund which represents the annual banking fees.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
