Independent Auditor's Report

To the Plan Administrator of the
Vecna Technologies, Inc. 401K

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Vecna Technologies, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Vecna Technologies, Inc. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vecna Technologies, Inc. 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vecna Technologies, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vecna Technologies, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Comparative Information

The Financial Statements of the Vecna Technologies, Inc. 401K Plan for the year ended December 31, 2021, were audited by another auditor who expressed an unmodified opinion on those statements on September 5, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. DESCRIPTION OF PLAN

The following description of the Vecna Technologies, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution tax-deferred profit-sharing plan covering all full-time and hourly wage employees of Vecna Technologies, Inc. (the Company) (Plan Sponsor) and TheVecna Cares Charitable Trust (Employer with Plan Participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is a safe harbor plan. The Board of Directors is responsible for the oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitorsinvestment performance and reports to the Board of Directors.

b. Eligibility

All employees of the Company are automatically enrolled in the Plan upon hire and attaining the age of eighteen. The default auto enrollment deferral rate is 5%. Employees may opt out of the Plan. Effective August 26, 2021, the Plan was amended to remove the Plan's auto-enrollment feature.

c. Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan and subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has a Roth component in which participants can elect to make after-tax contributions into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes safe harbor matching contributions of 100% of the first 3% and 50% of the next 2% of a participant's compensation, on behalf of all participants who have made elective contributions for the Plan year. The Company safe harbor matching contribution is calculated and funded each pay period. For the year ended December 31, 2022 and 2021, the Company contributed $201,554 and $253,624 to the Plan respectively.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company safe harbor matching contributions. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately 100% vested in their voluntary contributions, rollover contributions, Company safe harbor matching contributions, plus actual earnings thereon.

f. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to a participant, or their beneficiary, who has reached normal retirement age of 65. Upon termination of service, a participant may elect to receive a lump-sum or installment payment amount equal to the

value of their account. There are also retirement benefits available upon death. The Plan allows in-service withdrawals upon attainment of age 59½.

A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or their delegate.

g. Notes Receivable from Participants

Loans from the Plan may be made to participants. Loans can be made for a minimum of $1,000 up to a maximum loan amount which is the lesser of $50,000 or 50% of the participant's vested account balance. Participants are limited to two loan transactions during any one-year period. Participants may have four loans outstanding at any time. Loans are secured by the participant's vested account balance and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator in accordance with Plan provisions. Principal and interest are paid ratably through payroll deductions.

h. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the qualified institution. See Note 4 for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income, including interest on participant loans, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the common collective trusts is valued based on information reported by the qualified institution using the audited financial statements of the collective trust at year-end. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Beginning of the year balance provided in the 401K Plan Trust Statement has a difference of $731 as compared to the previous 401k Plan audit report. For the purpose of Statements of Changes in Net Assets Available for Benefits, the opening balance as per the 401k Plan Trust Statement has been considered.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were $5,356 in defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain expenses of the Plan are paid by the Company. Administrative expenses paid by the Plan are derived from investment expenses deducted from the Plan's investment returns prior to allocation to participant accounts. Administrative expenses include items such as third-party administration, recordkeeping, participant website access, participant statements, compliance services, financial professional services, and investment advice to the Plan. Per-use fees are charged directly to specific participant accounts for certain additional services, such as processing loans, in-service withdrawals, distributions and other transactions, when a participant elects to use such services.

g. Subsequent Events

Subsequent events have been evaluated through November 23, 2023, which is the date the financial statements were available to be issued. There were no other events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. *Fair Value Measurement* establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must beobservable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fairvalue measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common collective trusts (CCTs): Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the qualified institution, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investmentsheld by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reportedNAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the CCTs at an amountdifferent than NAV.

Pooled separate accounts: The pooled separate accounts are stated at the market value which equals the number of participation units owned in the subaccount multiplied by unit value ofthe participation unit. The unit values of participation units in the subaccounts are determined by the qualified institution based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by the qualified institution, divided by the number of participation units outstanding. This value is also commonly referred to as NAV of the participation units, which is considered by Plan management to be a practical expedient to determine fair market value. The daily charges imposed on these subaccounts for any valuation period are equal to the daily mortality and expense risk charge and the daily administrative charge multiplied by the number of calendardays in the valuation period. The value of each accumulation unit is published each businessday. There are no unfunded commitments from participants in the Plan who invest in these accounts. As of December 31, 2022 and 2021, the Plan had no plans to sell the pooled separate accounts at an amount different than NAV.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the Plan's investment measured at fair value based on NAV as a practical expedient as of December 31:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021

The funds in the above table are direct filing entities, therefore, the fund investment strategies are not required to be disclosed.

4. COMMON COLLECTIVE TRUSTS

The Plan's investment in Common Collective Trusts (CCTs) are represented by the CCTs' underlying investments which invest in fully-benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the CCTs is not considered a fully benefit-responsive investment contracts and are reported at fair value (see Note 3).

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all accrued benefits shall be paid to participants in accordance with provisions of the Plan.

6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype Plan document was in compliance with applicable requirements of the IRC. The plan administrator timely adopted the restated prototype Plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-as not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

The Plan filed an incomplete Form 5500 for plan year 2022.

7. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable to participants and transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions. During 2022, the Plan paid recordkeeping, advisory and administrative service fees of $3,513.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments which are exposed to various risks, such as interest rate,market, and credit risks. Due to the level of risk associated with certain investments, it is at leastreasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

To the Plan Administrator of the
Vecna Technologies, Inc. 401K

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Vecna Technologies, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Vecna Technologies, Inc. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vecna Technologies, Inc. 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vecna Technologies, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vecna Technologies, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Comparative Information

The Financial Statements of the Vecna Technologies, Inc. 401K Plan for the year ended December 31, 2021, were audited by another auditor who expressed an unmodified opinion on those statements on September 5, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. DESCRIPTION OF PLAN

The following description of the Vecna Technologies, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution tax-deferred profit-sharing plan covering all full-time and hourly wage employees of Vecna Technologies, Inc. (the Company) (Plan Sponsor) and TheVecna Cares Charitable Trust (Employer with Plan Participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is a safe harbor plan. The Board of Directors is responsible for the oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitorsinvestment performance and reports to the Board of Directors.

b. Eligibility

All employees of the Company are automatically enrolled in the Plan upon hire and attaining the age of eighteen. The default auto enrollment deferral rate is 5%. Employees may opt out of the Plan. Effective August 26, 2021, the Plan was amended to remove the Plan's auto-enrollment feature.

c. Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan and subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has a Roth component in which participants can elect to make after-tax contributions into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes safe harbor matching contributions of 100% of the first 3% and 50% of the next 2% of a participant's compensation, on behalf of all participants who have made elective contributions for the Plan year. The Company safe harbor matching contribution is calculated and funded each pay period. For the year ended December 31, 2022 and 2021, the Company contributed $201,554 and $253,624 to the Plan respectively.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company safe harbor matching contributions. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately 100% vested in their voluntary contributions, rollover contributions, Company safe harbor matching contributions, plus actual earnings thereon.

f. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to a participant, or their beneficiary, who has reached normal retirement age of 65. Upon termination of service, a participant may elect to receive a lump-sum or installment payment amount equal to the

value of their account. There are also retirement benefits available upon death. The Plan allows in-service withdrawals upon attainment of age 59½.

A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or their delegate.

g. Notes Receivable from Participants

Loans from the Plan may be made to participants. Loans can be made for a minimum of $1,000 up to a maximum loan amount which is the lesser of $50,000 or 50% of the participant's vested account balance. Participants are limited to two loan transactions during any one-year period. Participants may have four loans outstanding at any time. Loans are secured by the participant's vested account balance and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator in accordance with Plan provisions. Principal and interest are paid ratably through payroll deductions.

h. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the qualified institution. See Note 4 for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income, including interest on participant loans, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the common collective trusts is valued based on information reported by the qualified institution using the audited financial statements of the collective trust at year-end. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Beginning of the year balance provided in the 401K Plan Trust Statement has a difference of $731 as compared to the previous 401k Plan audit report. For the purpose of Statements of Changes in Net Assets Available for Benefits, the opening balance as per the 401k Plan Trust Statement has been considered.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were $5,356 in defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain expenses of the Plan are paid by the Company. Administrative expenses paid by the Plan are derived from investment expenses deducted from the Plan's investment returns prior to allocation to participant accounts. Administrative expenses include items such as third-party administration, recordkeeping, participant website access, participant statements, compliance services, financial professional services, and investment advice to the Plan. Per-use fees are charged directly to specific participant accounts for certain additional services, such as processing loans, in-service withdrawals, distributions and other transactions, when a participant elects to use such services.

g. Subsequent Events

Subsequent events have been evaluated through November 23, 2023, which is the date the financial statements were available to be issued. There were no other events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2022, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. *Fair Value Measurement* establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must beobservable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fairvalue measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common collective trusts (CCTs): Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the qualified institution, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investmentsheld by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reportedNAV. As of December 31, 2022 and 2021, the Plan had no plans to sell the CCTs at an amountdifferent than NAV.

Pooled separate accounts: The pooled separate accounts are stated at the market value which equals the number of participation units owned in the subaccount multiplied by unit value ofthe participation unit. The unit values of participation units in the subaccounts are determined by the qualified institution based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by the qualified institution, divided by the number of participation units outstanding. This value is also commonly referred to as NAV of the participation units, which is considered by Plan management to be a practical expedient to determine fair market value. The daily charges imposed on these subaccounts for any valuation period are equal to the daily mortality and expense risk charge and the daily administrative charge multiplied by the number of calendardays in the valuation period. The value of each accumulation unit is published each businessday. There are no unfunded commitments from participants in the Plan who invest in these accounts. As of December 31, 2022 and 2021, the Plan had no plans to sell the pooled separate accounts at an amount different than NAV.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the Plan's investment measured at fair value based on NAV as a practical expedient as of December 31:

4. COMMON COLLECTIVE TRUSTS

The Plan's investment in Common Collective Trusts (CCTs) are represented by the CCTs' underlying investments which invest in fully-benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the CCTs is not considered a fully benefit-responsive investment contracts and are reported at fair value (see Note 3).

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all accrued benefits shall be paid to participants in accordance with provisions of the Plan.

6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype Plan document was in compliance with applicable requirements of the IRC. The plan administrator timely adopted the restated prototype Plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-as not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

The Plan filed an incomplete Form 5500 for plan year 2022.

7. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable to participants and transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions. During 2022, the Plan paid recordkeeping, advisory and administrative service fees of $3,513.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments which are exposed to various risks, such as interest rate,market, and credit risks. Due to the level of risk associated with certain investments, it is at leastreasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
