INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Miner Enterprises Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Miner Enterprises Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2024 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2024, stating that the certified investment information, as described in Notes 4 and 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2023 Financial Statements

Sikich LLP performed an audit of the 2023 financial statements of the Miner Enterprises Profit Sharing Plan. Effective as of April 30, 2024, Sikich LLP reorganized and transferred its attest practice to Sikich CPA LLC, a Virginia limited liability company. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution.

Sikich LLP's report dated December 6, 2023 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

For the Years Ended March 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of Miner Enterprises Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All the employees of Miner Enterprises (the Company) and its subsidiaries who have at least one year of service may participate, except: (a) leased employees; (b) employees of a division or subsidiary that is located outside the United States; (c) union employees whose collective bargaining agreements do not call for participation; and (d) any individual whose employment commenced on or after December 1, 2004, who is a nonresident alien receiving no earned income from the employer that constitutes income from sources within the United States.

Employer Contributions

Employer contributions are made to the accounts of eligible participants who have reached age 55 or who worked 1,000 hours or more during the year. Contributions are also made to the accounts of participants who left the Company during the year because of death or permanent disability.

Each year, the Company contributes at least 0.5% of eligible pay to the Plan and at differing rates by subsidiary. At the discretion of the Board of Directors, the Company may contribute more than 0.5%. For the year ended March 31, 2024, the contribution rates for the Company and its subsidiaries ranged from a low of 0.50% to a high of 26.2839% of eligible pay as defined in the plan document. For the year ended March 31, 2023, the contribution rates for the Company and its subsidiaries ranged from a low of 5.9760% to a high of 26.3648% of eligible pay.

Participant contributions are not allowed under the Plan.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

1. DESCRIPTION OF PLAN (Continued)

Investment Options

All investments are held in the Miner Enterprises, Inc. Master Trust (Master Trust) (see Note 4), which also holds the investments of another separate plan of the Company.

Participants who have attained age 62 or more may direct his or her investments to an Age 62 Investment Fund. This fund is completely invested in the OneAmerica Employee Benefit Stable Value Fund. Once amounts are transferred to the fund, they may not be subsequently transferred out of the fund. Also, participants who have attained age 62 or more may withdraw all or a portion of the funds from his or her account.

Participant Accounts

Participant accounts consist of employer contributions, plus or minus units of the Plan's investment gains or losses, minus units of the Plan's administrative expenses and participant's benefit payments. Allocations of plan earnings or losses and administrative expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants become 100% vested in the employer contribution portion of their accounts upon reaching age 55, upon completing six years of service, or upon leaving the Company because of death or permanent disability. Before they are 100% vested, participants earn partial vesting as follows:

Years of Service (Worked 1,000 Hours)	Vested %
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

The Plan generally provides that an employee, as defined by the plan document, is eligible for plan benefits upon his or her normal retirement date or termination of service. The normal retirement date is the date of retirement after reaching age 55. Upon termination of service, a participant may elect to receive an amount equal to the vested interest of his or her account in either a lump sum or annual installments over a period of years.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments as reported in change in Plan's interest in the Master Trust in the accompanying statements of changes in net assets available for benefits. The Master Trust is eligible for revenue credits from the trustee, which are used to reduce expenses.

Forfeited Accounts

As of March 31, 2024 and 2023, forfeited nonvested accounts totaled \$19,043 and \$34,972, respectively. These amounts will be used in accordance with the applicable plan provisions. During 2024 and 2023, forfeitures of \$34,972 and \$22,148, respectively, were used to reduce the Company's contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

MINER ENTERPRISES
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

The equity interest in Miner Enterprises, Inc.'s Master Trust is valued at the Plan's share of the fair value of the net assets held by the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year. The net appreciation (depreciation) and interest and dividends of the Master Trust are allocated to the participating plans based upon plan account balances.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through December 20, 2024 which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date, except as disclosed in Note 10.

MINER ENTERPRISES
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The only investment held in the Plan at March 31, 2024 and 2023 was the investment in the Master Trust (see Note 4).

MINER ENTERPRISES
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

4. MASTER TRUST

The Company has entered into a master trust agreement with Matrix Trust Company (the trustee), whereby all of the funds of the two defined contribution plans of the Company are administered through the Master Trust. Fund assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and specific administrative expenses) which can be specifically identified. Income and expenses resulting from the collective investment of the assets are allocated in proportion to the fair value of the assets assigned to each plan.

The assets of the Master Trust are accounted for on a units-of-participation basis. At March 31, 2024 and 2023, the Plan held \$66,619,509 and \$58,317,621 units of the Master Trust, respectively, with an individual unit estimated fair value of \$1. The Plan's unit holdings at March 31, 2024 and 2023 had fair values of \$66,619,509 and \$58,317,621 respectively, which represented approximately 59%, of the net assets of the Master Trust as of each year end.

A summary of the net assets of the Master Trust is as follows:

4. MASTER TRUST (Continued)

Net investment gain (loss) for the Master Trust is as follows for the years ended March 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
NET INVESTMENT GAIN (LOSS)		
Net increase (decrease) in fair value of investments	\$ 11,628,000	\$ (9,706,169)

	<u>3,086,457</u>	<u>3,030,079</u>
NET INVESTMENT GAIN (LOSS) OF THE MASTER TRUST	<u>\$ 14,714,457</u>	<u>\$ (6,676,090)</u>

The following is a description of the valuation methodologies used for assets measured at fair value held by the Master Trust. There have been no changes in the methodologies used at March 31, 2024 and 2023.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, participant redemption frequency, and participant redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of March 31, 2024 and 2023:

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements as of and for the years ended March 31, 2024 and 2023 has been certified as complete and accurate by Matrix Trust Company, a qualified institution and has not been audited by the independent auditors for the Plan: Plan's interest in the Master Trust's investments at fair value, as shown in the statements of net assets available for benefits, changes in the Plan's interest in the Master Trust, as shown in the statements of changes in net assets available for benefits, and Master Trust investment information as shown in Note 4.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated May 13, 2015, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

MINER ENTERPRISES
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

7. TAX STATUS (Continued)

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments, through its interest in the Master Trust, are managed by Matrix Trust Company, the trustee of the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Voya Financial announced its acquisition of OneAmerica Financial's retirement plan business in September 2024. This transaction is expected to close in January 2025. In addition, the Master Trust intends to liquidate the OneAmerica Stable Value Fund in accordance with the agreement with the trustee.
