INDEPENDENT AUDITOR'S REPORT

December 31, 2024

To the Participants and Plan Administrator of the
Clinical Associates of the Finger Lakes 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Clinical Associates of the Finger Lakes 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clinical Associates of the Finger Lakes 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinical Associates of the Finger Lakes 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clinical Associates of the Finger Lakes 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinical Associates of the Finger Lakes 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Clinical Associates of the Finger Lakes 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan containing both profit sharing and 401(k) components. Unless otherwise indicated, the Plan provisions are the same for both components. The Plan covers substantially all of the employees of Therapeutic Management Services, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the Plan sponsor and Plan administrator. Rimkus-Marciano & Associates (Rimkus-Marciano) is the Plan's third-party administrator (TPA). An employee and a former employee of the Company serve as the trustees of the Plan. Voya Retirement Insurance and Annuity Company (Voya) is the custodian of the Plan's assets.

Eligibility

Employees are eligible to participate in the Plan and receive Company contributions upon completion of one year of service, as defined in the Plan document, and the attainment of age twenty-one. Once eligibility requirements have been met, contributions may begin as soon as administratively feasible. Effective January 1, 2024, the Plan was amended to include a provision adding eligibility for long-term part-time employees who work between 500 and 1,000 hours within the Plan year for two consecutive years.

Contributions

Participants may make tax-deferred and Roth contributions to the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Employer contributions into the Plan are discretionary and calculated as a uniform percentage of participant deferrals. Participants may also rollover contributions from other qualified retirement plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company may make matching contributions on a discretionary basis. The Company may also elect to make profit sharing contributions on a discretionary basis. There were no discretionary matching contributions or profit sharing contributions during 2024 and 2023.

Participant Accounts

Participants direct the investment of their contributions and Company contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Company matching contributions, actual earnings/losses thereon, and allocations of (a) the Company's profit sharing contributions, and (b) administrative expenses. Allocations of profit sharing contributions are based on participant compensation and account balances, respectively, according to specific terms provided by the Plan. Administrative expenses occur when participants perform certain transactions within their accounts including taking distributions or processing loans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately 100% vested in their elective deferrals and Company matching contributions plus actual earnings/losses thereon. Company contributions plus earnings/losses thereon become 20% vested upon completion of two years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. Participants are considered to have completed one year of service for vesting purposes upon completion of 600 hours of service at any time during the plan year.

Forfeitures
Forfeitures of non-vested account balances are used to pay administrative expenses or to reduce future employer contributions. During the 2024 and 2023 plan years, forfeitures of non-vested accounts and earnings on unused amounts totaled $11,155 and $3,120, respectively. Forfeitures totaling $10,000 and $6,742 were used to pay administrative expenses during the 2024 and 2023 plan years, respectively. There was $4,514 and $3,359 of unused forfeitures at June 30, 2024 and 2023, respectively.

Notes Receivable from Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Notes receivable are payable over a period not to exceed 5 years, except when used to acquire a principal residence. The notes receivable are secured by the remaining vested account balance and bear interest at rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through biweekly payroll deductions over the term of the loan.

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability, or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount or direct rollover into an individual retirement account or another qualified plan. Prior to January 1, 2024, if a terminated participant's balance is less than or equal to $5,000, the amount may be automatically distributed in the form of a lump-sum distribution. Effective January 1, 2024, if a terminated participant's balance is less than or equal to $7,000, the amount may be automatically distributed in the form of a lump-sum distribution. The normal retirement age is the date a participant reaches the age of 65.

In-Service Withdrawals
Participants may elect disbursement of all or part of their vested account balance upon the attainment of age 59 ½. Participants may also withdraw any of their rollover contribution balance at any time.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's account under certain circumstances. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments

The Plan's investments in pooled separate accounts are reported at fair value using the net asset value (NAV) per share practical expedient. Pooled separate accounts are valued based on the underlying fund's daily performance plus any applicable dividend income less the daily separate account charge. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by Voya. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair Value Measurements - Definition and Hierarchy

The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board (FASB) *Accounting Standards Codification 820* (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses
Participant accounts are charged fees for processing loans and benefit payments. Certain investment fees may be paid by the Plan through a reduction of investment income and netted against net appreciation in value of investments. All other administrative expenses are paid by the Plan.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Voya, the custodian, and is included in the financial statements and accompanying supplemental schedule as of and for the years ended June 30:

	2024	2023
Investments, at fair value	$ 8,133,595	$ 7,225,283
Investments, at contract value	$ 21,120	$ 21,674
Net appreciation in value of investments	$ 1,025,410	$ 818,600
Schedule of Assets (Held at End of Year)	Schedule I (except "notes receivable from participants")	

4. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024:

	Level 1	Level 2	Level 3	Total
Money market account	$ 4,514	-	-	$ 4,514
Pooled separate accounts, at net asset value (a)				8,129,081
Total				$ 8,133,595

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023:

	Level 1	Level 2	Level 3	Total
Money market account	$ 3,359	-	-	$ 3,359
Pooled separate accounts, at net asset value (a)				7,221,924
Total				$ 7,225,283

(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a description of the valuation methodology used for assets measured at fair value.

Money market account: Valued at fair value based on quoted market prices.

Pooled separate accounts: Valued at fair value using the NAV per share practical expedient. The pooled separate accounts are valued using Accumulation Unit Value (AUV). AUV represents the underlying fund's daily performance, plus any applicable dividend income, less the daily separate account charge. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

There were no changes in valuation techniques during 2024 and 2023.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of financial instruments could result in different fair value measurements at the reporting date.

5. GUARANTEED INVESTMENT CONTRACT

The Plan's investments include a traditional fully benefit-responsive investment contract with Voya under a guaranteed general account contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made, plus investment income, less funds used to pay retirement benefits and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts and a guaranteed investment contract managed by Voya, the custodian of the Plan. Rimkus-Marciano is the TPA. Therapeutic Management Services, LLC is the Plan sponsor. Therefore, transactions involving these securities qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. TAX STATUS

The Plan adopted a pre-approved plan offered by FIS Business Systems LLC. The pre-approved plan document received an opinion letter dated June 30, 2020 stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While net assets available for benefits and change in net assets available for benefits agree between the financial statements and Form 5500 in total as of and for the years ended June 30, 2024 and 2023, certain classifications may differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 31, 2024, which is the date the financial statements were available to be issued.
