| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditor's Report

The Plan Administrator  
Interamerican Foods Corporation 401(k) Plan  
Cleburne, Texas

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Interamerican Foods Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental Schedule H (Form 5500) Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015, and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

#### *Administration of the Plan*

The Company is the Plan Administrator and is responsible for oversight of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper of the Plan.

#### *Contributions*

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2023, the Company did not make a discretionary profit-sharing contribution to the Plan.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

### ***Vesting***

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

### ***Forfeitures***

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2023, and 2022, forfeited nonvested accounts totaled \$12,790 and \$3,408, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2023, no forfeitures were used to reduce employer contributions or pay administrative fees.

### ***Payment of Benefits***

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

### ***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

### 2. Summary of Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### *Contributions*

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

#### *Payment of Benefits*

Benefits are recorded as a reduction to net assets available for benefits when paid.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

#### *Fees and Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

Fees related to the administration of notes receivable from participants, distribution fees, recordkeeper fees and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are also included in net appreciation in fair value of investments.

### 3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Interest earned on notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

*Level 3* - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Fund* - The money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

## **5. Income Tax Status**

The Employer adopted a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **6. Concentrations, Risks, and Uncertainties**

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023, and 2022, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

### **7. Related Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. Investment advisory fees are also paid from the Plan. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

### **8. Delinquent Participant Contributions**

During 2023 and 2022, participant contributions and loan repayments totaling \$66,051 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

### **9. Contribution Errors**

During 2023 and 2022, it was identified that certain contribution errors have occurred related to improperly applying participant deferral percentages and delays in being timely auto enrolled into the Plan that may result in corrective contributions receivable and corrective distributions payable. As of the date the financial statements were available to be issued, the amounts of corrective contributions and distributions were not known. The Company is in the process of correcting these amounts and will make corrections as soon as administratively feasible. Although the corrections

## Independent Auditor's Report

The Plan Administrator  
Interamerican Foods Corporation 401(k) Plan  
Cleburne, Texas

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Interamerican Foods Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental Schedule H (Form 5500) Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015, and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

#### *Administration of the Plan*

The Company is the Plan Administrator and is responsible for oversight of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper of the Plan.

#### *Contributions*

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2023, the Company did not make a discretionary profit-sharing contribution to the Plan.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

### ***Vesting***

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

### ***Forfeitures***

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2023, and 2022, forfeited nonvested accounts totaled \$12,790 and \$3,408, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2023, no forfeitures were used to reduce employer contributions or pay administrative fees.

### ***Payment of Benefits***

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

### ***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

### 2. Summary of Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### *Contributions*

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

#### *Payment of Benefits*

Benefits are recorded as a reduction to net assets available for benefits when paid.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

#### *Fees and Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

Fees related to the administration of notes receivable from participants, distribution fees, recordkeeper fees and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are also included in net appreciation in fair value of investments.

### 3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Interest earned on notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

*Level 3* - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Fund* - The money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

## **5. Income Tax Status**

The Employer adopted a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **6. Concentrations, Risks, and Uncertainties**

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023, and 2022, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

### **7. Related Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. Investment advisory fees are also paid from the Plan. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

### **8. Delinquent Participant Contributions**

During 2023 and 2022, participant contributions and loan repayments totaling \$66,051 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

### **9. Contribution Errors**

During 2023 and 2022, it was identified that certain contribution errors have occurred related to improperly applying participant deferral percentages and delays in being timely auto enrolled into the Plan that may result in corrective contributions receivable and corrective distributions payable. As of the date the financial statements were available to be issued, the amounts of corrective contributions and distributions were not known. The Company is in the process of correcting these amounts and will make corrections as soon as administratively feasible. Although the corrections

# **Interamerican Foods Corporation 401(k) Plan**

## **Notes to Financial Statements**

are not expected to be material to the Plan's financial statements, any corrections are not reflected in the accompanying financial statements and will be reflected in future periods.

### **10. Subsequent Events**

## Independent Auditor's Report

The Plan Administrator  
Interamerican Foods Corporation 401(k) Plan  
Cleburne, Texas

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Interamerican Foods Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental Schedule H (Form 5500) Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015, and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

#### *Administration of the Plan*

The Company is the Plan Administrator and is responsible for oversight of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper of the Plan.

#### *Contributions*

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2023, the Company did not make a discretionary profit-sharing contribution to the Plan.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to Financial Statements

---

### ***Vesting***

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

### ***Forfeitures***

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2023, and 2022, forfeited nonvested accounts totaled \$12,790 and \$3,408, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2023, no forfeitures were used to reduce employer contributions or pay administrative fees.

### ***Payment of Benefits***

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

### ***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

### 2. Summary of Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### *Contributions*

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

#### *Payment of Benefits*

Benefits are recorded as a reduction to net assets available for benefits when paid.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

#### *Fees and Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

Fees related to the administration of notes receivable from participants, distribution fees, recordkeeper fees and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are also included in net appreciation in fair value of investments.

### 3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Interest earned on notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

*Level 3* - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Fund* - The money market fund is valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

## **5. Income Tax Status**

The Employer adopted a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated

# Interamerican Foods Corporation 401(k) Plan

## Notes to Financial Statements

---

June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **6. Concentrations, Risks, and Uncertainties**

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023, and 2022, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

### **7. Related Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. Investment advisory fees are also paid from the Plan. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

### **8. Delinquent Participant Contributions**

During 2023 and 2022, participant contributions and loan repayments totaling \$66,051 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

### **9. Contribution Errors**

During 2023 and 2022, it was identified that certain contribution errors have occurred related to improperly applying participant deferral percentages and delays in being timely auto enrolled into the Plan that may result in corrective contributions receivable and corrective distributions payable. As of the date the financial statements were available to be issued, the amounts of corrective contributions and distributions were not known. The Company is in the process of correcting these amounts and will make corrections as soon as administratively feasible. Although the corrections

# **Interamerican Foods Corporation 401(k) Plan**

## **Notes to Financial Statements**

---

are not expected to be material to the Plan's financial statements, any corrections are not reflected in the accompanying financial statements and will be reflected in future periods.

### **10. Subsequent Events**

Plan management has evaluated subsequent events through January 6, 2025, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
