INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Kosei St. Marys Corporation Associates' Retirement Plan
St. Marys, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kosei St. Marys Corporation Associates' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended March 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kosei St. Marys Corporation Associates' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2024 and 2023, and for the year ended March 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT PAGE TWO

To the Participants and Administrator of
Kosei St. Marys Corporation Associates' Retirement Plan
St. Marys, Ohio

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kosei St. Marys Corporation Associates' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kosei St. Marys Corporation Associates' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kosei St. Marys Corporation Associates' Retirement Plan's internal control. Accordingly, no such opinion is expressed.

INDEPENDENT AUDITORS' REPORT PAGE THREE

To the Participants and Administrator of
Kosei St. Marys Corporation Associates' Retirement Plan
St. Marys, Ohio

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kosei St. Marys Corporation Associates' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i of assets (held at year end) as of March 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KOSEI ST. MARYS CORPORATION ASSOCIATES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kosei St. Marys Corporation Associates' Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

Effective April 1, 1990, the board of directors of Kosei St. Marys Corporation (the Company) adopted the Kosei St. Marys Corporation Associates' Retirement Plan, a defined – contribution, 401(K) deferred plan. Employees become eligible for participation in the Plan after having completed three months of consecutive service and attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan's steering committee, which includes the Plan's administrator, oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions and Forfeitures

Each year participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. A participant may designate savings as before-tax savings, Roth IRA deferral, or any combination of the two. Employee rollover and catch-up contributions are also permitted. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6%. The amount of a participant's contributions for any Plan year may not exceed certain limits which are set forth in the Plan and the Internal Revenue Code (the "Code"). The Company makes tiered non – discretionary matching contributions: 100% of the first 6% of participant's compensation contributed to the Plan. In addition, the Company may make contributions for a plan year designated as "qualified Non-Elective Contributions."

Forfeited nonvested accounts totaling \$31,049 were used to reduce employer contributions during the Plan year ended March 31, 2024, in accordance with the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company's matching contributions and an allocation of investment earnings and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may make changes of investment fund allocations on a daily basis.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions and the Company made qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's non – discretionary matching contribution portion of their accounts, plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 2 years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into thirty two investment options.

The Options are listed, in the enrollment information provided during orientation and changes in investment options are timely provided to the plan participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Interest rates on outstanding participant loans range from 4.25% to 9.50%. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to retirement, disability, or death, a participant will become 100% vested in his or her account and may elect to receive either a lump sum payment or periodic payments, subject to certain provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or periodic payments, subject to certain provisions. If the value of a participant's vested benefit does not exceed \$5,000 after termination, the Plan administrator may immediately distribute such benefit without the participant's consent.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death. Participants may withdraw their vested interest in the Plan under certain hardship conditions, as defined in the Plan document.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

KOSEI ST. MARYS CORPORATION ASSOCIATES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as determined by the Plan's administrator, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's fiscal year. The Plan's investment contract, Managed Income Portfolio – Class I, with Fidelity Management Trust Company is stated at contract value. Plan management has determined the Managed Income Portfolio – Class I account to have fully benefit-responsive features, and thus has reported it at contract value. Contract value represents contributions made under the contract, plus investment earnings, less distributions for benefits and administrative expenses to date. See Note 3 for discussion of Fair value measurements.

Purchases and sales of securities are recorded on a trade – date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex – dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and the employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. The Company's policy is to make the contribution of participant withholding and company match timely, normally within five business days of payroll withholding.

Payments of Benefits

Benefits are recorded when paid to participants or beneficiaries.

Operating Expenses

Operating expenses and administrative of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Recordkeeping expenses are paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Risk and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, market credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Allowance for Credit Losses – Receivables

The allowance for credit losses is a valuation account that is deducted from, or added to, the receivables amortized cost basis to present the net amount expected to be collected on the receivables. Receivables are charged off against the allowance when management believes the collectability of a balance is confirmed.

Management estimates the allowance balance using relevant available information, from internal and external sources, relating to past events, current conditions, and reasonable and supportable forecasts. Historical credit loss experience provides the basis for the estimation of expected credit losses. Adjustments to historical loss information are made for changes in environmental conditions, such as changes in unemployment rates, collateral values, or other relevant factors. Management has determined there is no requirement to provide an allowance for credit loss because the receivables are secured by the balance in the participant's account, and delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Allowance for Credit Losses – Investments

Management assesses the financial condition and near-term prospects of the issuer, industry and/or geographic conditions, credit ratings as well as other indicators at the individual security level. Impairments below cost in the estimated fair value of individual securities when there is an intent to sell or for which it is more likely than not the Plan will not be required to sell before the impairment is recovered, are realized in other income in the statements of changes in net assets available for benefits. When there is not an intent to sell or it is more likely than not the Plan will not be required to sell the security before the impairment is recovered, management assesses whether the decline in fair value has resulted from credit losses or other factors. If the present value of discounted cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for securities credit losses is recorded. Such losses are limited to the amount that amortized cost exceeds fair value, even if the amount of the credit loss is greater. Any future changes in the allowance for credit losses is recorded as provision for (reversal of) credit losses. Losses attributable to other factors are charged to net appreciation (depreciation) in fair value of investments. Mutual Funds are carried in the financial statements at fair value and Common/Collective Trust funds are measured at net asset value, and both realized and unrealized gains and losses are included in net increase (decreased) in net assets.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Accounting Standard – Adopted

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of *Credit Losses on Financial Instruments*.” ASU 2016-13 amendments provide guidance on accounting for current expected credit losses on financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other commitments to extend credit held by a reporting entity at each reporting date. The required measurement methodology is based on expected loss model that includes historical experience, current conditions, and reasonable and supportable forecasts. ASU 2016-13 eliminated the probable incurred loss recognition in current GAAP.

During 2024, the Plan adapted ASU 2016-13 and it had no material effect on its financial statements and footnote disclosures.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2 Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the same term of the asset or liability through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
- Level 3 Fair value is based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

KOSEI ST. MARYS CORPORATION ASSOCIATES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows:

	Fair Value Measurements Using: (Level 1)	Fair Value
March 31, 2024		
Mutual funds	\$ <u>36,619,271</u>	\$ <u>36,619,271</u>
Total Investments at fair value		\$ <u>36,619,271</u>
March 31, 2023		
Mutual funds	\$ <u>33,081,750</u>	\$ <u>33,081,750</u>
Total Investments at fair value		\$ <u>33,081,750</u>

Gains and losses included in statement of changes in net assets available for benefits for the year ended March 31, 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended March 31, 2024, there were no transfers into or out of Level 3.

KOSEI ST. MARYS CORPORATION ASSOCIATES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 4 – MANAGED INCOME PORTFOLIO – CLASS I ACCOUNT

The Managed Income Portfolio is an open-end commingled pool sponsored by Fidelity Management Trust Company; it is not a mutual fund. Fidelity Management Trust Company considers the Managed Income Portfolio – Class I as stable value pooled funds. The objective of a stable value fund is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain a \$1 per unit price, but cannot assure it will do so. A stable value fund returns to its shareholders income earned by the fund's investments after expenses. Although individual investment contracts within the Portfolio represent credit obligations of the issuer, units of the Portfolio are neither guaranteed by Fidelity Management Trust Company or the Plan Sponsor, nor are they insured by the FDIC or any other state or federal agency. Investments in units of the Portfolio may involve investment risk, including, under certain circumstances, loss of the principal amount invested. The Plan invests in and retains ownership of a pool of fixed income securities (e.g., government securities, private and public mortgage-backed securities, other asset-backed securities and investment grade corporate obligations, etc.). These securities are "wrapped" by a synthetic investment contract issued by a bank or insurance company insuring participant-initiated withdrawals from the stable fund will be paid at book value. There is no immediate recognition of gains and losses on the pool of securities. Instead, the gain or loss is recognized over time by adjusting the interest rate credited to the fund under the synthetic wrap.

For a stable value fund, contract value is equal to the sum of the benefits owed to participants in the fund. For a particular participant in the fund, contract value is equal to the sum of the participant's invested principal plus all accrued interest.

The stable fund investment contracts carry a "benefit responsiveness" feature allowing plan participants to make exchanges or request benefit payments at contract value. Only "fully benefit-responsive" investment contracts are eligible for contract value accounting treatment.

"Fully benefit responsive" describes a contract satisfying the requirements for contract value accounting. Generally, the term "fully benefit responsive" describes the contract's guarantee (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan and transfers to a non-competing fund) will be covered at contract value.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 5 – RELATED PARTY TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of mutual funds and a common trust fund managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party – in – interest. All of these, party – in – interest transactions are exempt from the prohibited transaction rules of ERISA.

Fees paid by the Plan for record keeping services amounted to \$41,855 for the year ended March 31, 2024. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, it has the right to under the Plan to terminate the Plan, subject to the provisions set forth in ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). Although the Plan has been amended, the plan administrator believes the Plan document is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2021.

KOSEI ST. MARYS CORPORATION ASSOCIATES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024 AND 2023

NOTE 8 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits and Note 3 as of March 31, 2024 and 2023, and on the schedule of assets (held at end of year) as of March 31, 2024 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended March 31, 2024.

NOTE 9 – CARES ACT AND SECURE ACT

The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted on or before December 31, 2025, in accordance with applicable law and IRS guidance.

NOTE 10 – EVALUATION OF SUBSEQUENT EVENTS

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 8, 2025, which is the date the financial statements were available to be issued.

NOTE 11 – AMENDMENTS

On July 24, 2023, the Plan was amended to provide for immediate distribution if the value of a participant's vested benefit does not exceed \$5,000 after termination, the Plan administrator may immediately distribute such benefit without the participant's consent. This amendment also redefined participant withdrawals, authorization to process required minimum distributions (RMD service), Roth in-plan conversion, loans, outstanding check service and enhanced lost participant search solutions services.
