Independent Auditor's Report

To the Plan Administrator
ZeniMax 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ZeniMax 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of March 19, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended March 19, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ZeniMax 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by Fidelity Management Trust Company, a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 19, 2024 and December 31, 2023, and for the year ended March 19, 2024, stating that the certified investment information, as described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
ZeniMax 401(k) Savings Plan

- The information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of ZeniMax 401(k) Savings Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ZeniMax 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. As described in Note 11, effective March 19, 2024 the plan merged into the Microsoft Corporation Savings Plus 401(k) Plan.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

To the Plan Administrator
ZeniMax 401(k) Savings Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZeniMax 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about ZeniMax 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant findings, and certain internal control-related matters that we identified during the audit.

ZENIMAX 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 19, 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the ZeniMax 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established and effective January 1, 2000, and most recently restated May 21, 2021, in accordance with Section 401(k) of the Internal Revenue Code (the “IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participation in the Plan is voluntary. The Plan retains Fidelity Management Trust Company as custodian and institutional trustee of the assets of the Plan.

Effective March 19, 2024, the Plan merged into the Microsoft Corporation Savings Plus 401(k) Plan. See Note 11.

Eligibility - An eligible employee is any person employed by ZeniMax Media Inc. (the “Company”) excluding collectively bargained employees, nonresident aliens with no U.S. sourced income, leased employees, and interns. An eligible employee must have attained 18 years of age. Eligible employees may enter the Plan immediately.

Contributions - Every year, participants may elect to contribute up to 90% of their pretax annual compensation up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year may elect to contribute additional catch-up contributions to the Plan. Contributions are subject to limitations to comply with the nondiscrimination requirements of the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Prior to January 1, 2023, the Company matched 100% of the first 2% of each eligible participant's compensation contributed to the Plan plus 50% of the next 4% of compensation contributed. Effective January 1, 2023, the company changed the matching formula to a flat percentage of 50% of participant deferrals. Matching contributions are not made on catch-up contributions. Prior to January 1, 2023, an employee must have been employed at the end of the calendar year to receive the employer match. The Company may also elect to make yearly discretionary profit-sharing contributions. Contributions are subject to certain limitations.

As of their entry date, participants may direct their contributions and any employer contributions to a well-diversified selection of registered investment companies offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution as well as allocations of Company contributions and results of investment performance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are netted against the earnings of the investment alternatives held by the participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants are entitled to a benefit commensurate with their individual vested account balances.

ZENIMAX 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
MARCH 19, 2024

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their elective contributions.

Effective January 1, 2022, the plan was amended to provide 100% immediate vesting for the nonelective employer contributions and matching employer contributions.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding loan balance in the past 12 months, or 50% of their vested account balance. Participants may only have one outstanding loan at any time. Loans shall not be made available to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries. Loan terms range from one to five years or longer if the loan is for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate deemed reasonable in alignment with rates observable with financial markets. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - A participant who has reached age 59½ may elect to withdraw all or a portion of his or her entire account while still employed by the Company. Upon the death of a participant, the participant's beneficiary shall be entitled to the balance of the participant's account. Upon retirement (age 65), disability, or termination, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, or delay withdrawal until a future date if the account balance is at least \$5,000. However, if a terminated participant holds an account balance between \$1,001 and \$5,000 and does not provide a distribution election within 30 days of notice, an automatic distribution will be made without the participant's consent by paying the distribution in a direct rollover to an individual retirement account designated by the plan administrator. If the terminated participant account is \$1,000 or less, a cash disbursement will be paid to the participant in lieu of rollover, without the participant's consent.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72, or 73 if the participant is not 72 prior to January 1, 2023, or (ii) the year in which the participant retires.

Hardship Withdrawals - Participants may withdraw, subject to a minimum of \$500, their employee pretax contributions in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan.

Forfeitures - On the earlier of the last day of the plan year in which a former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account, the nonvested portion of the participant's account is forfeited. Forfeitures can be used to reduce future employer contributions or

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Forfeitures - Continued - pay the Plan's administrative expenses. As of March 19, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$0 and \$5,973, respectively. During the plan year ending March 19, 2024, forfeitures amounting to \$7,059 were transferred from the plan to the Microsoft Corporation Savings Plus 401(k) Plan. See Note 11.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. Refer to Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes unrealized gains/losses from Plan investments purchased and held, as well as gains/losses recognized upon disposition of existing investment positions.

Employer Contribution Receivable - As of March 19, 2024 and December 31, 2023, the Plan had no contributions receivable from the employer.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

As of March 19, 2024 and December 31, 2023, no allowance for credit losses had been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the plan document.

ZENIMAX 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
MARCH 19, 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. Certain administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which are netted against the investment earnings for the relevant participant-directed investments. Administrative expenses included in these financial statements represent fees charged by Fidelity Management Trust Company for recordkeeping, participant fees, and other transaction fees.

The Plan has a revenue sharing agreement in which participants are allocated credits on a pro rata basis using the ratio of each participant's average daily balance in a fund during the quarter to the total average daily balances for all participants in such fund during the quarter. The revenue credit is used to reimburse the Company for fees and expenses associated with services provided to the Plan or to pay vendors. For the period ending March 19, 2024, \$13,089 in revenue credits were netted with administrative expenses of \$11,149, creating a surplus of \$1,940, which was transferred to the successor plan. See Note 11 for details on the plan merger.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy designates the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of March 19, 2024 and December 31, 2023.

Registered Investment Companies (Mutual Funds) - Registered Investment Companies (Mutual Funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ -	\$ -	\$ -	\$ -

NOTE 4: INFORMATION CERTIFIED BY TRUSTEE

The Plan's investments as of March 19, 2024 and December 31, 2023, were held by Fidelity Management Trust Company. The plan administrator elected the method of annual reporting compliance permitted by Department of Labor (DOL) Regulation Section 29 CFR 2520.103-8 for the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

	2024	2023
Investments, at Fair Value		
Registered Investment Companies	\$ -	\$ 221,821,445
Notes Receivable from Participants	\$ -	\$ 1,716,479

Net Appreciation in Fair Value of Shares of Registered Investment Companies	\$ 12,721,742
Interest	52,087
Dividends	45,211
Net Investment Income	\$ 12,819,040

NOTE 5: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations, including participant and employer contributions or benefits accrued or paid by the Plan to participants, as party-in-interest transactions requiring separate disclosure. Certain plan investments as of March 19, 2024 and December 31, 2023, are shares of registered investment companies

managed by Fidelity Management Trust Company. Participant loan origination fees and distribution fees are paid out of the relevant participants' accounts. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their non-vested accounts. See Note 11 regarding the Plan's merger on March 19, 2024.

NOTE 7: TAX STATUS

The FMR LLC Non-Standardized Pre-Approved Profit-Sharing Plan with CODA received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of March 19, 2024 and December 31, 2023, there were no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for three years after it is filed.

NOTE 8: RISK AND UNCERTAINTIES

The Plan invests in registered investment companies, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding which may not be reflected in these financial statements. In the opinion of the plan administrator, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 10: PLAN AMENDMENT

Effective January 1, 2023, the plan was amended to provide a non-discretionary matching employer contribution amounting to 50% of deferrals. Please refer to the plan document for a more complete description of this provision.

NOTE 11: PLAN MERGER

Effective March 19, 2024, the Plan merged into the Microsoft Corporation Savings Plus 401(k) Plan. As a result of the merger, assets and liabilities in the amount of \$235,899,770 were transferred to the Microsoft Corporation Savings Plus 401(k) Plan, in accordance with Code Section 414(l) and regulations thereunder.
