REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Midwest Operating Engineers
Retirement Enhancement Fund

Opinion

We have audited the financial statements of Midwest Operating Engineers Retirement Enhancement Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Midwest Operating Engineers Retirement Enhancement Fund as of May 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

MIDWEST OPERATING ENGINEERS RETIREMENT ENHANCEMENT FUND

NOTES TO FINANCIAL STATEMENTS

MAY 31, 2024 AND 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Midwest Operating Engineers Retirement Enhancement Fund (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which was effective for the Plan for the year ended May 31, 2024. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable and include amounts for liquidated damages and underpayments. Employer contributions due but not paid as determined by compliance audits are recorded upon settlement with the employer. An allowance for uncollectible accounts was deemed unnecessary and has not been provided.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located throughout Illinois, Indiana and Iowa.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various other multiemployer retirement plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When a participant of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$293,237 and \$329,635 for the years ended May 31, 2024 and 2023, respectively, from various other retirement plans under the terms of reciprocity agreements. The Plan remitted a total of \$302,422 and \$155,414 in reciprocal contributions to various other retirement plans under the terms of reciprocity agreements for the years ended May 31, 2024 and 2023, respectively. A total of \$0 and \$10,332 in reciprocity payments was owed to other plans at May 31, 2024 and 2023, respectively. Such amounts are included in accounts payable in the statements of net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan but were not yet paid at either May 31, 2024 or 2023.

Plan Administration - The Plan is maintained under an agreement with Fidelity Investments Institutional Operations Company, Inc. (Fidelity), who provides participant recordkeeping and, through an affiliate, has custody of the majority of the assets of the Plan. In addition, the Plan invests in shares of mutual funds managed by an affiliate of Fidelity. Such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In addition, the Plan receives quarterly administrative fee reimbursements from Fidelity Management Trust Company to offset administrative expenses paid by the Plan. Total administrative fee reimbursements received for the years ended May 31, 2024 and 2023 were \$600,000 and \$800,000 respectively.

Deferred Employer Contributions - Contributions collected in advance of the applicable contribution month are recorded as deferred revenue.

Expenses - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through December 20, 2024, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established during 2008 as a result of collective bargaining agreements between the union and various employers to provide benefits to participants upon death, disability or retirement. The Plan is primarily funded by employer contributions as specified in the collective bargaining agreements. The Plan is a multiemployer defined contribution retirement plan and is subject to the provisions of ERISA. Plan benefits are not insured by the Pension Benefit Guaranty Corporation.

An individual becomes a participant at the start of the Plan year during which an hour of covered employment is first performed. The Plan year is the 12-month period from June 1 to May 31. Each participant's account is credited with employer contributions, adjusted for Plan earnings or losses, less charges for administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may direct contributions to any combination of investment options offered by the Plan. In the absence of participant direction, contributions are invested in accordance with the default investment alternatives established under the Plan. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

The Plan provides benefits to participants who are retired, inactive or deceased. Retirement is defined as the attainment of at least age 55 and complete withdrawal from any employment with contributing employers. An inactive participant is a participant who has terminated covered employment and has had no contributions made to the Plan on their behalf for at least 12 consecutive months.

A participant has a 100% vested right to benefits upon first performing an hour of covered employment. An annuity benefit is payable when a claim for benefits is filed and a participant's service with all employers is terminated by reason of retirement, inactivity, death or upon termination of the Plan.

Effective January 1, 2023, the Plan was amended to delay the commencement date for required minimum distributions from age 72 to age 73.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Included in net assets available for benefits is an administrative reserve that is available to pay administrative expenses incurred by the Plan and to establish participant accounts for employer contributions who are deemed delinquent. At May 31, 2024 and 2023, approximately \$2,394,000 and \$3,015,000 respectively, was held in the administrative reserve. During the year ended May 31, 2024, the Trustees approved a transfer of \$1,500,000 from the reserve account to participants' accounts on a prorata basis.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of participants and their beneficiaries, except that provision may be made for the payment of necessary expenses resulting from termination of the Plan.

In the event of termination, all participants will remain 100% vested and the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. TAX STATUS

In a letter dated October 16, 2015, the Internal Revenue Service has advised that the Plan qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

NOTE 6. RELATED ORGANIZATIONS

The Plan shares certain common governance with Midwest Operating Engineers Welfare Fund (the Welfare Plan), Midwest Operating Engineers Retiree Welfare Plan, Operating Engineers Local 150 Apprenticeship Fund (the Apprenticeship Fund), and Midwest Operating Engineers Pension Trust Fund (the Pension Plan), collectively referred to as the Midwest Operating Engineers Fringe Benefit Funds, as well as the International Union of Operating Engineers, Local 150 (the Local), and Midwest Coalition of Labor Credit Union (the Credit Union).

Shared Operating Expenses

Common operating expenses for salaries, rent and related expenses are initially paid by the Welfare Plan and are allocated to the respective organizations based on estimates of time and costs incurred. Total shared expenses allocated to the Plan for the years ended May 31, 2024 and 2023 were \$253,924 and \$253,401 respectively.

Common operating expenses for computer-related costs are initially paid by the Pension Plan and are allocated to the respective organizations based on estimates of costs incurred. Total shared expenses allocated to the Plan for the years ended May 31, 2024 and 2023 were \$31,242 and \$30,490 respectively.

NOTE 6. RELATED ORGANIZATIONS (CONTINUED)

Shared Operating Expenses (continued)

Common operating expenses related specifically to collections are initially paid by the Apprenticeship Fund and are allocated to the respective organizations based on estimates of time and costs incurred. Total shared expenses allocated to the Plan for the years ended May 31, 2024 and 2023 were \$30,929 and \$33,529 respectively.

Amounts due to or from related organizations shown net in the statements of net assets available for benefits represent expenses incurred in the last quarter or month of the year ended May 31.

Equipment and Informational Technology Services

The Plan, along with the Midwest Operating Engineers Fringe Benefit Funds, the Local and the Credit Union, established Midwest Operating Engineers Not-for Profit IT Services, LLC (the LLC) to purchase telephone and data processing equipment at group discounted prices and share in the furnishing of technical services. During the years ended May 31, 2024 and 2023, the Plan paid \$17,090 and \$12,543 respectively, under service agreements with the LLC.

Lockbox

Contributions received on behalf of the Plan and other related organizations are deposited into a lockbox account not owned or maintained by the Plan. On a regular basis, contributions due to the Plan are transferred from the lockbox into the Plan's cash account. The Plan continually monitors lockbox posting activity and makes adjustments as necessary. Employers and participants are given proper credit based on reports submitted. No amounts were due from the lockbox account at May 31, 2024 and 2023.

NOTE 7. FUNDING POLICY

Employer contributions are made in accordance with various collective bargaining agreements. Hourly contribution rates ranged from \$0.05 to \$13.09 for the year ended May 31, 2024. Hourly contribution rates ranged from \$0.10 to \$11.09 for the year ended May 31, 2023. The Plan also accepts rollovers of contributions from other qualified retirement plans.

NOTE 8. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
