INDEPENDENT AUDITOR'S REPORT

To the Finance, Audit and Compliance Committee
of Baptist Memorial Health Care Corporation and
the Medical Practice Solutions 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Medical Practice Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 (in liquidation) and December 31, 2022, and the related statements of changes in net assets available for benefits for the six-month period ended June 30, 2023 (in liquidation), and the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023, and December 31, 2022, and for the six-month period ended June 30, 2023, and the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As further discussed in the Note 1 to the financial statements, the employer of the Plan approved a plan of liquidation on February 15, 2023, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the December 31, 2022 financial statements to the liquidation basis used in presenting the June 30, 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The schedule of delinquent participant contributions for the six-month period ended June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MEDICAL PRACTICE SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF JUNE 30, 2023 (IN LIQUIDATION) AND DECEMBER 31, 2022, AND FOR THE SIX-MONTH PERIOD ENDED JUNE 30, 2023 (IN LIQUIDATION) AND THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE TERMINATED PLAN

The following description of the Medical Practice Solutions 401(k) Plan (the “Plan”) is provided for general information purposes only. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General—The Plan was terminated effective March 24, 2023. As of the termination date, participants became 100% vested and contributions to the Plan ceased. To liquidate the Plan, all of the participants were provided an option to elect to have their account balance transferred to any qualified plan or individual retirement account or to receive a lump-sum distribution. As of June 30, 2023, all amounts had been disbursed and the total amount reported for net assets available for benefits was \$0.

Prior to the effective date of the termination, the Plan was a defined contribution plan that covered all eligible employees of Medical Practice Solutions, Inc. (the “Employer”). All employees 21 years of age or over who had 1,000 hours of service in the 12-month period from date of hire were eligible to participate in the Plan. The Employer contracted with John Hancock Life Insurance Company (U.S.A.) (John Hancock) to act as the insurance company, and third-party administrator to process and maintain the records of participant data.

Federal Income Tax Status—The Plan uses a prototype plan document sponsored by HUB International Gulf South (HUB). HUB received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America (US GAAP) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Participant Contributions—Prior to the effective date of termination, the Plan allowed eligible participants to defer up to 100% of their eligible compensation up to the maximum allowed by the Internal Revenue Code (IRC) limitations into the Plan. Participants were allowed to make catch-up contributions to the Plan if they are 50 years of age or older as of the end of the Plan year. Additionally, participants were permitted to make rollover contributions to the Plan from other eligible plans or individual retirement accounts.

Employer Contributions—In addition, the Employer made safe harbor matching contributions equal to 100% of the elective deferrals that did not exceed 4% of the employee’s compensation. The Plan allowed the Employer to also make other discretionary contributions. No such discretionary contributions were made for the six-month period ended June 30, 2023, and the year ended December 31, 2022.

Participant Accounts—Each participant’s account was credited with contributions and account earnings thereon. Participants’ accounts were also charged with an allocation of administrative expenses. The benefit to which a Plan participant was entitled was equal to the benefit that could be provided from the participant’s vested account balance.

Investments and Investment Options—The Plan previously offered various investments in mutual funds in pooled separate accounts as investment options for participants. Contributions to the Plan were invested as directed by each participant. Participants could change their individual investment options at any time.

Vesting—Due to the Plan termination, effective March 24, 2023, participants became 100% vested in all contributions and earnings thereon.

Notes Receivable from Participants—Prior to the effective date of termination, participants were allowed to borrow from their account up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. The loans were secured by the balance in the participant’s account and bore interest at 4.25%–7.0%. Principal and interest were paid ratably through monthly payroll deductions. Participant loans were measured at their unpaid principal balance, plus any accrued but unpaid interest.

Due to the termination of the Plan, the participants were allowed to transfer their loan balances along with their existing funds to a new qualified plan carrier/provider. The participants who did not elect to transfer their loan balances had to repay their loans on June 30, 2023, or the unpaid balances became deemed distributions subject to penalties under IRS regulations.

Payment of Benefits—On termination of service due to death, disability, or retirement, a participant could elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution, or a rollover to another retirement account. Participants could take in-service distributions from their vested account balance once they have attained age 59½.

As previously noted, Plan participants were allowed to elect the method of distribution of their account balance as part of liquidation. Benefits were recorded when paid.

Hardship Withdrawals—Under certain conditions, Plan participants were permitted to take hardship withdrawals from the employee contribution portion of their account balance. These conditions included unreimbursed medical expenses, the purchase of the participant’s principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of expenses for the repair of damage to the participant’s principal residence that would qualify for the casualty deduction under the IRC, or to prevent eviction or foreclosure from the participant’s principal residence.

Forfeited Accounts—Prior to the effective date of the termination, a forfeiture of a participant’s nonvested balance would occur on the earlier of (1) the last day of the Plan year in which the former

participant incurred five consecutive one-year breaks in service or (2) the distribution of the entire vested portion of the participant's account. At June 30, 2023 and December 31, 2022, there were no forfeited nonvested accounts; there have been no forfeitures used to reduce employer contributions to the Plan from forfeited nonvested accounts during 2023 and 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the liquidation basis of accounting as of and for the six-month period ended June 30, 2023, due to termination of the Plan. A terminated plan is a plan under which participants no longer accrue benefits but that will remain in existence as long as necessary to pay already accrued benefits.

The prior-year's financial statements were prepared on the accrual basis of accounting as of and for the year ended December 31, 2022, in accordance with US GAAP.

Use of Estimates—The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties—The Plan provides various investment options to its participants. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the value of participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value is the price that would be received for the asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the six-month period ended June 30, 2023, and the year ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document or the plan termination.

Administrative and Investment Expenses—Certain expenses to administer the Plan are paid by the Plan or the Employer, as provided in the plan document. Expenses that are paid by the Employer are excluded from these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Termination—As stated in Note 1, the Plan was terminated effective March 24, 2023, and was subsequently liquidated. The Employer had the right under the Plan to terminate or modify the Plan at any time by resolution and subject to the provisions of ERISA. All of the participant accounts have been transferred or distributed in accordance with the participant's election.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at June 30, 2023, and December 31, 2022.

Subsequent Events—Management has evaluated subsequent events through December 20, 2024, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1—Inputs used to measure fair value consist of prices quoted in active markets for identical assets or liabilities.

Level 2—Inputs used to measure fair value consist of significant observable inputs other than the prices quoted in active markets for identical assets or liabilities, such as quoted prices in active markets for similar assets or liabilities.

Level 3—Fair value measurements are based upon significant unobservable inputs.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at June 30, 2023, and December 31, 2022.

Noninterest-Bearing Cash—Noninterest-bearing cash is valued at cost, which approximates fair value and is classified within Level 1 of the fair value hierarchy.

Pooled Separate Account—The fair value of Level 2 investments is based on the net asset value (NAV) of the underlying investments which have readily determined fair values. In accordance with ASU No. 2015-10, investments with readily determined fair values are not considered to be valued using the NAV practical expedient.

The following table presents assets that are measured at fair value on a recurring basis at December 31, 2022:

2022	Fair Value	Level 1	Level 2	Level 3
Cash	\$ 3,488	\$ 3,488	\$ -	\$ -
Interest in pooled separate account	<u>2,109,043</u>	<u> </u>	<u>2,109,043</u>	<u> </u>
	<u>\$ 2,112,531</u>	<u>\$ 3,488</u>	<u>\$ 2,109,043</u>	<u>\$ -</u>

4. INFORMATION CERTIFIED BY THE TRUSTEE

Management, having determined it is permissible, has elected to have the financial statement audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted

by ERISA Section 103(a)(3)(C), the audit procedures need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As then permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, management instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution, for the 2023 and 2022 audits.

Management has obtained applicable certifications from John Hancock as of and for the six-month ended June 30, 2023 and as of and for the year ended December 31, 2022, stating that the certified investment information is complete and accurate.

Accordingly, investments and related investment income included in the accompanying financial statements as of June 30, 2023, and December 31, 2022, have been compiled from statements certified as complete and accurate by John Hancock, the insurance carrier, in accordance with DOL regulations.

The following is a summary of the Plan's financial information included in the financial statements based on information certified by the Plan's insurance carrier:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2023, and December 31, 2022
- Investment income as shown in the statements of changes in net assets available for benefits for the six-month period ended June 30, 2023, and the year ended December 31, 2022
- Note 3: All investment balances and investment information, excluding the level of investments

5. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or an employee association, or relatives of such persons.

Certain investments are managed by John Hancock, who is the investment custodian and insurance carrier for the Plan; therefore, these investments and investment transactions qualify as party-in-interest transactions. The Plan has also issued loans to participants, which are secured by the vested balances in the participants' accounts.

Additionally, the Employer is a party in interest to the Plan; however, there were no transactions with the Employer other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

6. DELINQUENT PARTICIPANT DEFERRAL AND LOAN PAYMENT DEPOSITS

During the year ended December 31, 2022, the Employer failed to remit certain participant contributions and loan payments to the Plan in a timely manner, as defined by ERISA. The late deposits

of participant contributions totaled \$4,717 and the late deposits of loan payments totaled \$990. These contributions are considered nonexempt party-in-interest transactions. The Employer self-corrected and deposited the lost earnings associated with these late deposits during 2023.
