INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Front Porch Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed the audit of the 2024 financial statements of the Front Porch Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended March 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from the date these financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2024 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Front Porch Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by qualified institutions. Their report dated April 11, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis-Of-Matter — Plan Merger

As further discussed in Note 10 to the financial statements, Front Porch Communities and Services approved a plan merger agreement effective August 30, 2023 to merge the Covia Communities 403(b) Plan into the Front Porch Retirement Plan. The merger was completed on September 14, 2023. Our opinion is not modified with respect to this matter.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Front Porch Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Front Porch Communities and Services (the Company). The Plan has a deferred salary arrangement provision as defined under Section 403 of the Internal Revenue Code (the IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may participate in the salary deferral portion of the Plan upon their hire date with no minimum age requirement. Employees are automatically enrolled in the Plan at a 3% deferral rate unless they elect a different rate or elect to opt out.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company's contributions are discretionary. Participants must be actively employed on the last day of the plan year, have been credited with one year of service with at least 1,000 hours of service during the plan year, and be at least 21 years of age to share in these contributions. During the year ended March 31, 2024, the Company made discretionary contributions equal to 3% of employees' eligible compensation. For certain grandfathered employees, the Company made discretionary contributions equal to 5% of employees' eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and allocations Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's eligible compensation, participant contributions, investment elections, specific participant transactions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity, annual installments, or a partial lump-sum. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary contributions plus actual earnings thereon, become 20% vested following a full year of service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after five (5) years of service, attaining normal retirement age, death or disability. Former employees of Covia Communities and Covia Affordable Communities that commenced employment prior to January 1, 2021 are immediately 100% vested in all employer contributions.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or to pay Plan expenses. For the year ended March 31, 2024, employer contributions were reduced by \$1,858 and \$132,385 of Plan expenses were paid from forfeited non-vested accounts. As of March 31, 2024 and 2023, the amount of available forfeitures totaled \$1,267,299 and \$1,244,406, respectively.

Notes Receivable from Participants

Participants may borrow from their elective deferral accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will generally be the prime interest rate charged by banks as published in the Wall Street Journal plus 1 percent. Principal and interest are paid ratably through payroll deductions. Participants may have one outstanding loan at a time.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

3. FAIR VALUE MEASUREMENTS – (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2024 and 2023.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (the NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Non fully benefit-responsive guaranteed interest accounts: These investments are part of the general assets of an insurance company. The Fixed Account Plus guaranteed interest account permits transfers of only up to 20% per year. The Short Term Fixed Account restricts transfers out of the account for 90 days after deposit. The guaranteed minimum interest rates is the lesser of 3.00% or the one-month average value of the five-year Constant Maturity Treasury Rate reduced by 1.25% where the resulting interest rate is not less than 1.00%. The guaranteed minimum interest rate that will be used to determine minimum fixed annuity payments during the annuity payment is 1.50% per year. These are non fully-benefit responsive contracts and fair value is based on the cash flow due to the contract holder under the surrender provisions of the contract, discounted according to risk-adjusted markets and therefore, classified as Level 2 within the fair value hierarchy.

Variable annuity contracts: These investments are valued using the NAV provided by an insurance institution. The NAV as provided by an insurance institution is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying mutual fund investments held by the fund, less its liabilities, which is then adjusted for dividends and separate account fees. Unit values are calculated from the daily NAV, using quoted market prices of the underlying investments and using the number of shares held by the funds at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

3. FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2024 and 2023:

Description	Total	Level 1	Level 2	Level 3
<u>March 31, 2024</u>				
Registered Investment companies	\$ 99,008,292	\$ 99,008,292	\$ -	\$ -
Guaranteed interest accounts	2,293,977	-	2,293,977	-
Total assets in fair value hierarchy	101,302,269	<u>\$ 99,008,292</u>	<u>\$ 2,293,977</u>	<u>\$ -</u>
Investment measured at net asset value ^(a)	3,449,879			
Total investments at fair value	<u>\$ 104,752,148</u>			
Description	Total	Level 1	Level 2	Level 3
<u>March 31, 2023</u>				
Registered Investment companies	\$ 55,818,412	\$ 55,818,412	\$ -	\$ -
Guaranteed interest accounts	2,517,952	-	2,517,952	-
Total assets in fair value hierarchy	58,336,364	<u>\$ 55,818,412</u>	<u>\$ 2,517,952</u>	<u>\$ -</u>
Investment measured at net asset value ^(a)	3,190,249			
Total investments at fair value	<u>\$ 61,526,613</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In regard to the classification of investment options offered by the Plan, there were no reclassifications between levels 1, 2 and 3 during the year ended March 31, 2024. The nature, risks and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period.

As of March 31, 2024, there were no unfunded commitments associated with any of these investments.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of March 31, 2024 and 2023, the Plan held a traditional guaranteed investment contract with The Variable Annuity Life Insurance Company (VALIC), the Fixed Interest Option. This investment contract met the fully benefit-responsive criteria and therefore is reported at contract value. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or apportion of their investment at contract value.

Net deposits invested in the Fixed Interest Option become part of VALIC's general account. Contract value is guaranteed by the full faith and credit of VALIC. The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Through September 30, 2023, the crediting interest rate was based on a formula agreed upon with the contract issuer, but it may not be less than 2%. Effective October 1, 2023, the crediting interest rate is based on a formula agreed upon with the contract issuer, but it may not be less than 1%. The crediting interest rate will be set in advance of the period to which it relates. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants are probable of occurring.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

FRONT PORCH RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VALIC and VALIC Trust Company Inc. (VALIC Trust), the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of March 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest income, dividend income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended March 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

8. TAX STATUS

The Company adopted a Volume Submitter 403(b) Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on April 5, 2018 which stated that the Plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan has since been amended and restated. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Company is in the process of correcting certain operational matters. The Company intends to make corrections as necessary to ensure the Plan's tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. TAX STATUS – (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by VALIC or VALIC Trust, the custodians of the Plan. Certain Plan investments are managed by AIG, an affiliate of VALIC. During 2024, the Plan paid \$405,895 in contract administration and third party administrator fees. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

In connection with a fee sharing arrangement with the custodians, the Plan received \$24,880 in fee reimbursements/credits; these amounts are netted with plan fees and administrative expenses on the statement of changes in net assets available for benefits. The Plan has credits of \$36,951 and \$11,682 available to offset future expenses as of March 31, 2024 and 2023, respectively.

The Plan has a revenue sharing agreement with VALIC, whereby VALIC pays revenue credits on a quarterly basis to the Plan which are allocated to participant's accounts invested in those specific investment options. For the year ended March 31, 2024, revenue sharing credits of \$166,898 were received by the Plan and allocated to participants; these amounts are netted with plan fees and administrative expenses on the statement of changes in net assets available for benefits.

10. TRANSFERS TO THE PLAN

Effective August 30, 2023, the Covia Communities 403(b) Plan merged into the Front Porch Retirement Plan. The merger was completed on September 14, 2023. The total amount transferred into the Plan was \$29,062,661, which is reflected as transfers to the plan on the statement of changes in net assets available for benefits for the year ended March 31, 2024. Approximately \$4.9 million of investments did not transfer and remained in the Covia Communities 403(b) Plan as they related to individual contract balances which are still maintained and reported within the Covia Communities 403(b) Plan.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2024 AND 2023

11. PROHIBITED TRANSACTIONS

During the Plan year ended March 31, 2022, the plan sponsor inadvertently failed to deposit \$136,947 of participant deferrals within the required timeframe as stated by Employee Retirement Income Security Act of 1974 (ERISA). These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and deposited the lost earnings in May 2024.

The plan sponsor has self-corrected these prohibited transactions in May 2024 and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

12. RECLASSIFICATIONS

Certain reclassifications have been made to the prior year amounts to conform to the current year presentation.
