Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Keller Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended March 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of March 31, 2024 and 2023, and for the year ended March 31, 2024, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Keller Group 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Keller Group 401(k) Profit Sharing Plan

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of March 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administrator
Keller Group 401(k) Profit Sharing Plan

Other Matter – Supplemental Schedule Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information that agreed to or is derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Keller Group 401(k) Profit Sharing Plan

Notes to Financial Statements

March 31, 2024

1. Description of the Plan

The following description of the Keller Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees of the Keller Group, LLC and affiliates (collectively, the Employer). Participation in the Plan is automatic, with a withholding rate 6% of compensation, on the first day of the month after attaining age 18 and completing two months of eligible service. Participant contributions are automatically increased by 1% each Plan year up to a maximum of 12% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring the investment performance. After September 29, 2023, transactions are processed through The Trust Company of Tennessee (The Trust Company), the custodian of the Plan. Prior to September 29, 2023, transactions were processed through Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan. Effective September 29, 2023, plan assets totaling \$18,352,161 transferred from Voya to The Trust Company.

Fiscal Year-End

The Plan operates on a fiscal year ending March 31. All references in these financial statements refer to the fiscal year-end, unless otherwise specified.

Contributions

Each year, participants may defer 401(k) contributions up to 100% of their annual compensation, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can change the investment options previously elected at any time.

The Employer may make a discretionary matching contribution to the Plan. For 2024, the Employer elected to make matching contributions equal to 50% of participant's contributions up to 6% of the participant's compensation. Participants are eligible to receive these contributions after completion of one year of service that includes 1,000 hours and must be employed on the last day of the Plan year.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions (continued)

The Employer may also make discretionary qualified nonelective contributions; the Employer did not make any such contributions during the current year.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Receivables from the Employer for contributions are unsecured.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contributions, discretionary nonelective contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and discretionary nonelective contributions plus actual earnings on these contributions. Vesting in the Employer's discretionary matching contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service during the Plan year, as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$5,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and are considered nonparticipant-directed investments. Forfeitures may first be used to pay administrative expenses and then to reduce future Employer contributions. During 2024, forfeitures generated totaled \$35,289, forfeitures used to reduce 2023 Employer contributions totaled \$41,102 and forfeitures used to pay administrative expenses totaled \$32,053. As of March 31, 2024 and 2023, forfeited non-vested accounts total \$1,068 and \$37,910, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by The Trust Company and Voya. See Note 4 for discussion of fair value measurements.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of March 31, 2024 or 2023. If a participant ceases to make scheduled repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through January 15, 2025, the date the financials were available to be issued.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of March 31, 2024 and 2023, and interest income from the fixed account, net appreciation in the fair value of investments, and interest income from notes receivable from participants for the year ended March 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by The Trust Company and Voya.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan can access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy for assets and liabilities is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported on the active market on which the individual securities are traded.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Pooled separate accounts: Valued at the net asset value (NAV) which equals the number of shares of the respective underlying fund, multiplied by the closing NAV per share quoted by that fund. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of as of March 31, 2024:

	Level 1	Level 2	Level 3	Total
2024:				
Mutual funds	\$21,236,179	\$ –	\$ –	\$21,236,179
Money market fund	1,068	–	–	1,068
Total investments at fair value	<u>\$21,237,247</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$21,237,247</u>
2023:				
Pooled separate accounts*	\$ –	\$ –	\$ –	\$16,821,561

* – In accordance with Subtopic 820-10, the Plan's interest in the pooled separate accounts is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Voya and is based on the fair value of the underlying assets held by the funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of Investments in Entities that use NAV

The following table summarizes investments measuring at fair value based on NAV per share as of March 31, 2023:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice For Period
Pooled separate accounts	\$16,821,561	None	Daily	Daily

5. Guaranteed Investment Contract

The Plan invested in a fully benefit-responsive traditional investment contract with Voya totaling \$1,775,587 as of March 31, 2023. Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The effective rate of interest was established annually and was based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest. The contract provided a guaranteed minimum rate of interest of no less than 1%.

Keller Group 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

5. Guaranteed Investment Contract (continued)

The contract met the fully benefit-responsive investment criteria and therefore was reported at contract value. Contract value was the relevant measurement for fully benefit-responsive investment contracts, because it was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represented contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments were in accounts of Voya; therefore, these transactions qualify as party-in-interest transactions. Appreciation in fair value of investments and dividend and interest income from investments held with a party-in-interest total \$168,591 and \$2,018 during 2023, respectively. In addition, notes receivable from participants and contributions from participants are considered to be party-in-interest transactions. Employer contributions are considered to be both party-in-interest and related party transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

8. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing plan which had received an opinion letter dated June 30, 2020, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
