Independent Auditor's Report

To Aiphone Corporation Employees' Savings Plan and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aiphone Corporation Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended March 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aiphone Corporation Employees' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Charles Schwab Trust Bank, the custodian of the Plan and a qualified institution, as of March 31, 2024 and 2023, and for the year ended March 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aiphone Corporation Employees' Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aiphone Corporation Employees' Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aiphone Corporation Employees' Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aiphone Corporation Employees' Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4i – Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aiphone Corporation Employees' Savings Plan

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Aiphone Corporation Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Aiphone Corporation Employees' Savings Plan (the "Company"), excluding union employees, nonresident aliens, leased employees, and employees of Aiphone Company Limited, the parent company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. Effective April 1, 2022, the Plan was amended to comply with Internal Revenue Service requirements.

Contributions

Eligible participants may contribute a portion of their compensation as either pretax 401(k) contributions or as Roth 401(k) contributions on an after tax-basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan at 2% of eligible compensation unless they elect to opt out. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a collective investment fund, and a Personal Choice Retirement Account as investment options for participants.

A safe harbor matching contribution is determined on an annual basis; however, on a per pay period basis, the Company makes a matching contribution on behalf of each eligible participant equal to 100% of the first 5% of the participant's compensation contributed to the Plan. The Plan also allows the Company to make a discretionary profit-sharing contribution. For 2024 the Company made a contribution of \$249,361 related to 2023. The Company also determined a \$291,133 discretionary profit-sharing contribution would be made in 2025 related to 2024. These contributions are reported as employer contributions receivable at March 31, 2023 and 2024, respectively. Also included in employer contributions receivable at March 31, 2024 is \$13,735 of safe harbor contributions. Contributions are subject to certain statutory limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of plan earnings and administrative expenses based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service (defined as 1,000 hours per year) as determined by the following vesting schedule: beginning with one year of service, 33.33% per year until 100% vested after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan limits the number of loans outstanding to one. The notes are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date the loan is made plus 1%. Interest rates were 4.25% to 9.50% during the current year. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in the account. A participant is fully vested upon death, disability, or early retirement. A participant may also withdraw all or a portion of an account balance at any time if the participant is at least 59 ½ years old. The Plan also allows for financial hardship withdrawals. The Plan provides that if a participant is terminated and the participant's vested interest in the Plan does not exceed \$5,000, the account balance will automatically roll over to an Individual Retirement Account if not removed from the Plan within a specified amount of time.

Forfeited accounts

Forfeited nonvested accounts totaled \$18,152 and \$779 at March 31, 2024 and 2023, respectively. Forfeitures are used to pay for Plan administrative expenses and to reduce employer contributions. In 2024, \$20,066 of forfeitures were used to pay plan expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Recently adopted accounting guidance – allowance for credit losses

In June 2016, the FASB issued guidance (FASB ASC 326) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were participant and employer contributions receivable.

The Plan adopted the standard effective April 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

Investment valuation and income recognition

Investments are reported at fair value except for the collective fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. Investment in the collective fund is valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. Investments in money market and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Other investments consist of a Personal Choice Retirement Account (PCRA), which allows participants to direct their investments like a brokerage account. The investments held in the PCRA are primarily cash and common stock. Interest, dividends, and realized and unrealized gains and losses from the PCRA are included in other investment income in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of March 31, 2024 or 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Accrued expenses

Accrued expenses represent the repayment of a loan by a participant, who paid the loan in late March 2024 and whose account was credited with the payment subsequent to year end.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. The Company may choose to pay investment advisory and management fees provided by external service providers from its own assets or Plan assets.

Date of management's review of subsequent events

The Plan has evaluated subsequent events through January 15, 2025, which is the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

Certain information related to cash, shares of registered investment companies, stable value collective investment trust, and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including such investments and notes receivable from participants held at March 31, 2024 and 2023, and net appreciation in fair value of investments at contract value and fair value, dividends, and interest income on notes receivable from participants for the year ended March 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the custodian of the Plan.

4. CONTRACT VALUE MEASUREMENTS

In accordance with Subtopic 820-10 of the FASB Accounting Standards Codification, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. Therefore, no fair value hierarchy will be presented for the stable value collective investment trust.

Stable value collective investment trust (CIT) - The MetLife Group Annuity Contract, held in a collective trust fund by Reliance Trust Company, invests in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities) as well as cash and cash equivalents. MetLife deposits participating plan contributions in Contract 25053, which invests in separate MetLife accounts to provide competitive total returns relative to certain benchmarks. Contract 25053 provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The average yield earned by Contract 25053 for the year ended December 31, 2023 was 5.27%, which represents the annualized earnings of the separate account investments owned by MetLife in which the Contract's funds are invested divided by the fair value of the Contract at December 31, 2023. The actual weighted average interest crediting rate for the first quarter of 2024 for Contract 25053 was 2.82%. The investments are valued at the NAV which is based on the underlying investment assets owned by the fund, minus liabilities, and divided by the number of shares outstanding. The NAV is based on the contract value and is used as a practical expedient to estimate fair value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan, and represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value and there are no events known to the Company that are probable of occurring which would limit the ability of the Plan to transact at contract value with participants.

5. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

Aiphone Corporation Employees' Savings Plan

Notes to Financial Statements (Continued)

5. FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2024 and 2023:

	Fair Value Measurements at Reporting Date Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2024	2023
Mutual funds	\$16,825,903	\$15,429,667
Other	93,224	-
Investments at fair value	<u>\$16,919,127</u>	<u>\$15,429,667</u>

Gains and losses included in changes in net assets available for benefits for the year ended March 31, 2024, are reported in net appreciation/depreciation in fair value of investments.

6. RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

Plan investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the custodian as defined by the Plan and qualifies as a party-in-interest.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Aiphone Corporation Employees' Savings Plan

Notes to Financial Statements (Continued)

8. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020. The letter states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended from the Non-Standardized Pre-Approved Plan for which the letter was received and the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan files U.S. Form 5500 Annual Return/Report of Employee Benefit Plan.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
