INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Spring Hills LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Spring Hills LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Spring Hills LLC 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Spring Hills LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Spring Hills LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Spring Hills LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Spring Hills LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Spring Hills LLC 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the Spring Hills LLC 401(k) Plan (the "Plan") provides only general information. The Plan was originally effective April 15, 2002 and was most recently amended and restated effective April 1, 2023 (see Note 11). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees, except for non-resident aliens, of Spring Hills, LLC and certain of its affiliates (the "Company") who have completed two months of service. Eligible participants may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2023, the Plan changed its recordkeeper and custodian from Automatic Data Processing ("ADP") and Reliance Trust Company ("Reliance") to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, and Principal Life Insurance Company (collectively "Principal"). The change in service providers initiated a "Black Out Period" beginning March 27, 2023 and continued through April 23, 2023. During this period, participants' accounts were not available for investment fund exchanges, loan requests and distribution requests. During the Black Out Period, funds were transferred to the new service provider; after the transfer, participants have the option to make their own investment elections or otherwise have their account balance mapped to a target date fund based on the age of the respective participant.

Contributions

Each year, participants may contribute up to 80% of the participants' compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Effective April 1, 2023, contributions may also be designated as Roth 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Prior to April 1, 2023, the Plan provided for employer matching contributions equal to a fixed uniform percentage of 100% of the first 4% of a participant's compensation contributed to the Plan. Effective April 1, 2023, the Plan was amended and restated to provide for discretionary matching contributions. The discretionary matching contributions for the period from April 1, 2023 to December 31, 2023, equaled 100% of the first 4% of a participant's compensation contributed to the Plan. Total employer matching and discretionary matching contributions made by the Company were \$488,071 for the year ended December 31, 2023.

Effective April 1, 2023, the Plan was amended and restated to also provide for discretionary nonelective employer contributions. There were no discretionary nonelective employer contributions made for the year ended December 31, 2023.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, employer matching and discretionary matching contributions, as well as allocations of discretionary nonelective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administration expenses that are paid by the Plan, except for participant directed fees, which are charged directly to the respective participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant, at all times, has a fully vested (100%) interest in their own contributions and rollover contributions, including actual earnings thereon. Participants will become 100% vested in their employer matching, discretionary

Spring Hills LLC 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

marching and discretionary nonelective employer contributions after three years of service. Notwithstanding the above vesting for employer matching, discretionary matching and discretionary nonelective employer contributions, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), death or disability while an employee, as defined in the Plan document.

Forfeited Accounts

Forfeitures are generally used to pay administrative expenses or offset employer contributions. Total unallocated forfeiture account balances were \$113,523 and \$22,546 as of December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, forfeitures of \$9,206 were used to offset employer contributions and forfeitures of \$15,253 were used to pay expenses or allocated to participants.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect annual installments or partial withdrawals. If a distribution is not requested and the balance is below \$5,000, the account balance will be distributed to the participant or his/her beneficiary in a lump-sum payment, or (in the event of a mandatory distribution) to an individual retirement account established on behalf of the participant. In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from certain contribution accounts, as defined in the Plan document, in certain cases of immediate and heavy financial need.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loan terms range from one to five years, except if a loan is used to acquire a principal residence, it may be repaid over a reasonable period of time that may be longer than five years. The loans are secured by the balance in the participant's account and bear interest at a rate of the prime rate plus 2%. Principal and interest are repaid ratably through payroll deductions. Effective April 1, 2023, the Plan was amended and restated to increase the minimum amount participants may borrow to \$1,000, limit participants to a total of two loans outstanding at a time, update the interest rates to be based on rates available for similar loans from commercial lending institutions, and allow for loans to only be available for hardship reasons.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Spring Hills LLC 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants, employer matching contributions and discretionary matching contributions from the Company are recorded in the year in which employee contributions are withheld from compensation. Discretionary nonelective employer contributions from the Company, if any, are recorded in the year in which the related participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants during 2024 and 2023, respectively.

Administrative Expenses

All reasonable administrative expenses, including custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant and included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively "Principal") and Reliance Trust Company, qualified institutions, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Principal held the Plan's investment assets and executed investment transactions as of December 31, 2023 and for the period from April 1, 2023 to December 31, 2023; Reliance Trust

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Spring Hills LLC 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds:	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Pooled separate accounts:	Valued at the NAV or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.
Common collective trusts:	The common collective trusts are valued at the NAV or equivalent based on units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) of the Plan as of December 31, 2023 and 2022.

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2023</u>	<u>Fair Value</u> <u>December</u> <u>31, 2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trusts	\$ 153,544	\$ -	\$ -	Daily	Daily
Pooled separate accounts	862,256	-	-	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2023 to its common collective trusts and pooled separate accounts. The Plan's investment options include common collective trusts, whose investment strategies are similar to target date funds, and a stable value fund. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trust with the stable value strategy is to maximize current income consistent with maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The Plan's investment options include pooled separate accounts whose investment strategies are similar to equity style funds and fixed income style funds. The objectives of the pooled separate accounts invested in equity investments are to approximate the risk and return characterized by various indices; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the pooled separate accounts invested in fixed income are to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These common collective trusts and pooled separate accounts are redeemable at NAV under agreements with the underlying common collective trusts or pooled separate accounts. However, it is possible that these redemption rights may be restricted by the common collective trusts or the pooled separate accounts in the future in accordance with underlying common collective trust or pooled separate account agreements. Due to the nature of the investments held by the common collective trusts and pooled separate accounts, changes in market conditions and the economic environment may significantly impact the NAV of these investments, and consequently, the fair value of the Plan's interest in the common collective trusts or pooled separate accounts. Furthermore, changes in the liquidity provisions of the common collective trusts or pooled separate accounts may significantly impact the fair value of the Plan's interest in the common collective trusts or pooled separate accounts.

5. Fully Benefit-Responsive Investment Contract

As of December 31, 2023, the Plan has a guaranteed interest contract with Principal in the amount of \$28,113. The Principal Fixed Income Guaranteed Option is a traditional investment contract and meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Principal maintains the contributions in a general account. This is a guaranteed general account backed group annuity contract, issued by Principal Life Insurance Company. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the

Spring Hills LLC 401(k) Plan
Notes to Financial Statements

contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Principal Fixed Income Guaranteed Option at contract value daily. Direct transfers to competing investment options are not permitted. Any transfers out of the Principal Fixed Income Guaranteed Option must first go through a non-competing investment option and reside there for a minimum of ninety days before transferring to a competing investment option. An employer-level surrender of the Plan's interest or initiated transfer will be subject to either a twelve-month advance notice or a surrender charge of up to 10%, whichever the Plan fiduciary chooses.

Principal is contractually obligated to repay principal and interest at a specified interest rate that is guaranteed to the Plan. The interest crediting rate is set periodically and determined by taking the five-year U.S. Treasury Rate 12 months prior to the declaration of the interest crediting date by Principal, less 1.25% and rounded to the nearest 0.05%. In no case will the interest crediting rate be less than 1.0% or greater than 3.0%.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan sponsor believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is remote. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions, and all remaining assets in the Plan are to be distributed to the participants in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective April 1, 2023, the Plan was amended and restated by adopting a Principal Financial Group pre-approved plan (see Note 11). The IRS issued an opinion letter, dated June 30, 2020, stating that the pre-approved plan document, as then designed, was in accordance with applicable IRC requirements. Prior to April 1, 2023 amendment and restatement of the Plan, the Plan had adopted an Automatic Data Processing non-standardized defined contribution pre-approved plan. The IRS issued an opinion letter, dated October 6, 2020, stating that the non-standardized pre-approved defined contribution plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has been amended since receiving the opinion letters, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Related-Party and Party-In-Interest Transactions

Plan investments include pooled separate accounts, common collective trusts and a group annuity contract managed by affiliates of Principal. Principal provides recordkeeping and custodial services to the Plan. Prior to the change in recordkeeper and custodian, Reliance provided custodial and trustee services to the Plan and ADP provided recordkeeping services to the Plan. Certain Plan expenses are also paid to Principal, Reliance and ADP for custodial, trustee and recordkeeping services; therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA. During 2023, total fees paid by the Plan to ADP amounted to \$9,417 and total fees paid by the Plan to Principal amounted to \$38,322. Additionally, for participants who have outstanding participant loans, the loans are secured by the respective participant's account balance. Therefore, those transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

During 2023 and 2022, the Company failed to remit to the Plan's custodians certain employee contributions and loan repayments totaling \$653 and \$210,555, respectively, within the period prescribed by the DOL regulations.

In 2024, the Plan sponsor filed an application for Voluntary Fiduciary Correction Program (VFCP) with the Department of Labor (DOL) and the Plan Sponsor made contributions to the affected participants' accounts to compensate those participants for potential lost income due to processing delays related to the 2022 and 2023 delinquent participant contributions of \$210,555 and \$653, respectively. During November 2024, the Plan sponsor received approval of its VFCP application from the DOL related to the correction of delinquent participant contributions within the time frames required by ERISA for the periods from 2022 through 2023.

During 2023, the Company failed to remit to the Plan's custodians certain employee contributions and loan repayments totaling \$57,949 within the period prescribed by the DOL regulations. During 2025, the Company plans to make contributions to the affected participants' accounts to make the participants whole and compensate those participants for potential lost income due to the processing delays and is taking action prescribed by the regulations to remedy such errors.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

Net income per the Form 5500	<u>\$ 661,654</u>

11. Plan Amendments

Effective April 1, 2023, through the adoption of a Principal Financial Group pre-approved plan document, the Plan was amended and restated. Changes to the Plan include permitting Roth contributions, updating the employer matching contributions to a discretionary formula, providing for discretionary nonelective employer contributions, and increasing the total number of loans participants may have outstanding at any time from one to two.

12. Subsequent Events

Management evaluated subsequent events for the Plan through January 13, 2025, the date the financial statements were available to be issued.
