Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CBIZ CPAS P.C.**

(2) EIN: **43-1947695**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

The Plan Administrator
Brooks School DC Retirement Plan
North Andover, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed the audit of the financial statements of the Brooks School DC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2024 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated December 21, 2023, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Brooks School DC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution 403(b) retirement plan that covers substantially all employees who have attained the age of 21 (“Participants”) of Brooks School (the “School” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Employees are immediately eligible to make elective contributions in the Plan upon commencement of employment with the School. All investments are participant directed.

Participant Contributions

Participants may elect to defer a portion of their eligible compensation as contributions to the Plan up to the maximum permitted by the Internal Revenue Code. Participants who are at least 50 years old or will attain age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

The School will make non-discretionary contributions to the Plan each year. The School’s contribution is equal to 8% of a participant’s eligible compensation as well as a matching contribution up to 100% of a participant’s deferral contributions, up to 4% of eligible compensation. For the year ended June 30, 2024, the School made contributions totaling \$1,300,763.

In order to be eligible for Employer contributions, employees must be hired for a position expected to work 1,000 hours or more over the course of the Plan year and must be at least 21 years of age.

Participant Accounts

Each Participant’s account is credited with the participant’s elective contributions, the Employer non-discretionary and matching contributions, earnings or losses, and charged with an allocation of expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their elective contributions, the School’s contributions and actual earnings thereon.

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to retirement, disability or death, participants or beneficiaries may elect to maintain an account in the Plan, or receive the value of his or her account in a lump sum, installments over a number of years or through the purchase of an annuity, based upon election of the participant as defined in the Plan.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59 ½ from pre-tax deferral accounts only. In addition, upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Plan Administration

The Employer is the Plan administrator (or Plan Management) and has the authority to appoint person(s) or entities to carry out the operation of the Plan.

Notes Receivable from Participants and Plan Loans

Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the Participant's account. Loan terms are generally up to five years (or longer for the purchase of a primary residence) and bear interest at a reasonable rate to be determined by the Plan administrator. Principal and interest are paid by participants directly to TIAA and CREF.

Additionally, through 2022, participants were allowed to take loans directly from TIAA and CREF secured by the participant's balance in the TIAA Traditional Fund. Participants must transfer an amount equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Fund to be held as collateral for the loans. This collateral remains invested in the Plan and the participants continue to earn contractual interest and additional amounts as declared by TIAA's Board of Trustees. Should participants default on their loans, TIAA and CREF removes the portion of the collateral held in the TIAA Traditional Fund equal to the participants' outstanding loan balances plus any unpaid accrued interest to pay off the defaulted loan. These loans are not Plan assets and totaled \$9,367 and \$19,623 at June 30, 2024 and 2023, respectively. Interest rates ranged from 4.35% to 5.56% at June 30, 2024 and 2023. Principal and interest are paid directly to TIAA and CREF by the participant.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income

Investments other than fully benefit-responsive investment contracts, which are reported at contract value, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has benefit-responsive and non benefit-responsive investment contracts with TIAA and CREF. TIAA and CREF maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Unit Values

Individual participant accounts for the pooled separate investment and variable rate annuity accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed as incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

Subsequent Events

The Plan administrator has evaluated subsequent events through January 7, 2025, the date that the financial statements were available to be issued. Except as described below, there were no significant matters identified for disclosure during this evaluation.

Effective July 1, 2024, the Plan was amended for the following:

- If a participant terminates employment, and the value of their vested benefit does not exceed \$5,000, a distribution would be automatically made without consent.
- If a mandatory distribution is being made before the later of age 62 or normal retirement age and the vested account balance does not exceed \$5,000, the Plan may distribute the vested balance in a single lump-sum payment. If no election is made, the distribution will be automatically made to an individual retirement account ("IRA").

Note 3 - Information Certified by the Insurance Company and Custodians

Plan investments are held by the Plan's insurance company and custodians, TIAA and CREF and TIAA as agent for TIAA, Trust, N.A. (2024) and TIAA, FSB ("TIAA, FSB") (2023). The fair and contract values of investments as of June 30, 2024 and 2023 and all investment transactions for the year ended June 30, 2024, including interest and dividends and net appreciation in fair value are reported to the Plan and certified as complete and accurate by the Plan's insurance company and custodians. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by the custodians.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the investments and valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TIAA Traditional Annuity (Non Benefit-Responsive Contracts)

The TIAA Traditional Annuity is a fixed rate annuity contract fully and unconditionally guaranteed by TIAA available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA) and Retirement Choice (RC). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level III). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

BROOKS SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

TIAA Traditional Annuity (Non Benefit-Responsive Contracts) (Continued)

Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. The redemption provisions of the fixed rate annuities vary depending on the nature of the contract option chosen by the participant.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. With the RC contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). All other withdrawals and transfers from RC contracts must be spread over 84 monthly installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

TIAA Real Estate Account

The account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. This investment is classified within Level II of the fair value hierarchy. The unit value of the fund is calculated daily and available to Plan management and client investors on TIAA and CREF's website. There are no unfunded commitments from Participants in the Plan who invest in this account. The Pooled Separate Account may be redeemed quarterly with one day's notice.

CREF Variable Annuities

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. The fair values of accumulation units held by the Plan in CREF Variable Annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are available daily to Plan management and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. There are no unfunded commitments from Participants in the Plan who invest in these accounts. The variable annuities may be redeemed daily with one day's notice.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at June 30, 2024 and 2023:

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

During 2024 and 2023, purchases of Level III investments totaled \$1,326,067 and \$472,343, respectively. There were no transfers into or out of Level III investments during 2024 or 2023.

Quantitative Information about Significant Unobservable Inputs Used in Level III Fair Value Measurements for the Non Benefit-Responsive Contracts (RA and RC)

The following table as of June 30, 2024 and 2023 represents the Plan's Level III financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs.

Instrument	Fair Value 6/30/2024	Fair Value 6/30/2023	Valuation Techniques	Unobservable Inputs	Range of Significant Input Values

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

Supplemental Retirement Accounts (SRA) and Group Supplemental Retirement Accounts (GSRA) contracts are also traditional annuity contracts as discussed in Note 4. SRA and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits. Interest crediting rates for 2024 amounted to 4.75% for the GSRA and SRA contracts.

The following are the contract values of the Plan's fully benefit-responsive investment contract at June 30:

	2024	2023
Fully Benefit-Responsive Investment		
Contract at contract value:		
TIAA Traditional (fixed rate annuities)	\$ 1,778,258	\$ 2,078,047

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are periodically reviewed for resetting.

Note 6 - Fair Value of Investments in Entities that Calculate Net Asset Value

The following table for June 30, 2024 and 2023 sets forth a summary of the Plan's investments measured at fair value based on net asset value ("NAV") per share.

<i>Investments</i>	<i>Fair Value 6/30/2024</i>	<i>Fair Value 6/30/2023</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Variable annuities (a)	\$ 20,973,399	\$ 19,412,881	\$ -	Daily	1 day
Pooled separate account (b)	<u>1,466,135</u>	<u>1,722,327</u>	<u>-</u>	Quarterly	1 day
Total	<u>\$ 22,439,534</u>	<u>\$ 21,135,208</u>	<u>\$ -</u>		

(a) See Note 4 for the description of the variable annuities.

(b) See Note 4 for the description of the pooled separate account.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits

Note 9 - Related-Party Transactions and Party-In-Interest Transactions

Plan investments are managed by TIAA and CREF and TIAA as an agent for TIAA, FSB, the Plan's custodians, therefore, these transactions qualify as party-in-interest transactions allowable under ERISA regulations. Investment management services expense and other fees paid to Plan service providers amounted to \$102,203 for the year ended June 30, 2024. The Plan also received revenue credits from TIAA in the amount of \$58,676, which is to be used for Plan expenses.

Note 10 - Tax Status

The Plan has adopted the TIAA Volume Submitter 403(b) Plan Document that received an IRS opinion letter dated August 7, 2017 which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code (the "Code") for use by eligible Employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of Section 403(b) of the Code, and therefore, believes that the Plan is qualified and the related accounts are tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
