Independent Auditor's Report

To the Plan Administrator
Wilson Language Training Corporation 401(k) Retirement Plan
Oxford, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wilson Language Training Corporation 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Wilson Language Training Corporation 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Wilson Language Training Corporation (the “Company”) and covers all employees of the Company who are at least 21 years old except for: (1) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (2) nonresident aliens with no U.S. source of income; and (3) leased employees. Effective January 1, 2024, employees who are residents of Puerto Rico are also excluded. Eligible employees may participate in the Plan upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The 401(k) Administrative Committee is the plan administrator and is responsible for oversight of the Plan, including determining the appropriateness of the Plan’s investment offerings and monitoring investment performance. Through April 4, 2023, the trustee of the Plan was Mid Atlantic Trust Company and the recordkeeper was Sentinel Benefits Financial Group, LLC (“Sentinel”). Effective April 5, 2023, the Plan changed its trustee to John Hancock Trust Company and its recordkeeper to John Hancock Retirement Plan Services LLC (collectively, “John Hancock”). In connection with the change of trustee and recordkeeper, the Plan also adopted the pre-approved defined contribution plan document sponsored by John Hancock. This did not result in a material change to the design or operation of the Plan.

Contributions

Each year, participants may elect to contribute up to 100% (reduced to 80% effective January 1, 2024) of their eligible compensation, as defined by the plan document, on a pretax or after-tax (Roth) basis. Participants may also elect to automatically increase their deferral rate by 1%, 2%, or 3% of eligible compensation each year, up to a maximum of 10% of compensation. The percentage increase elected will occur as of each June 1. Participants who are at least age 50 or who will attain age 50 on or before December 31 of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees hired after January 1, 2019, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pretax deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective June 1, 2022, automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 10%. Such increase will be applied as of the first period that begins after the period in which the initial deferral amount was withheld and will occur as of each June 1.

The Company has elected to make safe harbor employer matching contributions equal to 100% of employee contributions up to 3% of eligible compensation, plus 50% of employee contributions on the next 2% of eligible compensation. For the 2023 and 2022 plan years, the Company made safe harbor employer matching contributions in the amount of \$981,294 and \$1,013,247, respectively, net of \$22,823 and \$-0-, respectively, that was funded using forfeitures.

The Company also has the option to provide additional nonelective employer profit-sharing contributions in an amount determined by the Board of Directors of the Company. Participants are

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

eligible for the Company's discretionary nonelective profit-sharing contributions so long as they are employed by the Company at the end of the year and have completed 1,000 hours of service during the plan year, as defined by the plan document. Effective January 1, 2024, external account executives are not eligible to receive an allocation of the Company's discretionary nonelective profit-sharing contributions. For the 2023 and 2022 plan years, the Company made discretionary nonelective employer profit sharing contributions in the amount of \$2,951,375 and \$3,166,674, respectively, net of \$-0- and \$52,943, respectively, that was funded using forfeitures.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, typically referred to as rollover contributions.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants may direct the allocation of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, account balances, or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100% vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary nonelective employer profit sharing contributions is based on years of service according to the following schedule:

<i>Years of Service</i>	Vesting Percentage	
	Participants With Service Hours After January 1, 2022	Participants Without Service Hours After January 1, 2022
Less than one	0%	0%
At least one but less than two	25%	0%
At least two but less than three	50%	20%
At least three but less than four	75%	40%
At least four but less than five	100%	60%
At least five but less than six	-	80%
Six or more	-	100%

Participants become fully vested in the event of normal retirement, death, and disability, as defined by the plan document.

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

A participant who leaves the Company forfeits any non-vested balance, however, participants who are rehired before incurring five one-year breaks in service, as defined by the plan document, will have their account balance as of their termination date restored, unadjusted for any gains or losses.

Forfeitures may be used to reduce the Company's contributions or pay eligible administrative expenses. If any forfeitures remain, such forfeitures will be reallocated to participant accounts in accordance with the provisions of the Plan. For the years ended December 31, 2023 and 2022, \$22,823 and \$52,943 of forfeitures were utilized to reduce employer contributions made subsequent to the years then ended. During the years ended December 31, 2023 and 2022, the Company did not use forfeitures to pay eligible administrative expenses and no excess amounts were re-allocated to participant accounts. As of December 31, 2023 and 2022, the Plan had forfeitures available to offset future Company contributions or to pay eligible administrative expenses in the amount of \$22,823 and \$18,061, respectively.

Notes Receivable from Participants

Participants may borrow from their plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be fully repaid within five years or within 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear a reasonable interest equal to a fixed rate of 1% over the prime rate. Principal and interest is paid ratably through payroll deductions. The Plan allows participants to have two loans outstanding at any given time.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances less than \$5,000 (increased to \$7,000 effective January 1, 2024), excluding rollover balances, unless directed otherwise by the participant. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes. In general, participants must begin receiving required minimum distributions upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reach age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019, that age is 72. For individuals who reach age 72 on or after January 1, 2023, in accordance with the SECURE 2.0 Act of 2022, that age is 73.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the plan year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Additional employer contributions, if any, are recorded in the relevant period in accordance with the terms in the plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note receivable repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant-specific transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through January 16, 2025, which is the date the financial statements were available to be issued.

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

3. Certified Investment Information

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution as defined by ERISA, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year), and the related investment activity and interest income from notes receivable from participants reflected on the statements of changes in net assets available for benefits for the period from April 5, 2023 through December 31, 2023. Mid Atlantic Trust Company, a qualified institution as defined by ERISA, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022, and the related investment activity and interest income from notes receivable from participants reflected on the statements of changes in net assets available for benefits for the year ended December 31, 2022 and the period of January 1, 2023 through April 4, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standard Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund

The Plan's collective trust fund investment represents investment in the MetLife Stable Value Fund - Series 25053, which is valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the collective trust fund investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments. The MetLife Stable Value Fund - Series 25053 is a direct filing entity.

Interest-bearing Cash

Valued at its stated value which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party and Party-in-Interest Transactions

During 2022 and until April 2023, the Plan had an interest-bearing deposit account with Mid Atlantic Trust Company, the trustee of the Plan until April 2023.

Notes receivable from participants also qualify as party-in-interest transactions.

Beginning in April 2023, John Hancock provides certain administrative services to the Plan pursuant to a Master Service Agreement ("MSA") between the Company and John Hancock. John Hancock receives revenue from mutual fund and collective trust fund service providers for services John Hancock provides to the funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan. If the revenue received by John Hancock from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, John Hancock remits the excess to the Plan on a quarterly basis. Such amounts may be applied to pay plan eligible administrative expenses or allocated to the accounts of the participants. During 2023

Wilson Language Training Corporation 401(k) Retirement Plan

Notes to Financial Statements

and 2022, there were no excess amounts. The Plan or Company may make a payment to John Hancock for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Tax Status

Effective April 5, 2023, the Plan adopted a pre-approved plan document sponsored by John Hancock, who received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

Prior to April 5, 2023, the Plan utilized a pre-approved plan document sponsored by Sentinel, who received an opinion letter from the IRS, dated November 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there were amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and tax exempt. Accordingly, no provision for income taxes has been made in the financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
