Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mountain Capital Partners 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mountain Capital Partners 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mountain Capital Partners 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mountain Capital Partners 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mountain Capital Partners 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mountain Capital Partners 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of Mountain Capital Partners 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of Plan provisions. In 2017, the Plan name changed from Purgatory Recreation Management Retirement Plan to Mountain Capital Partners 401(k) Plan.

In 2023, Mountain Capital Partners, LLC (the Company), acquired Lee Canyon ski resort from POWDR. As part of the acquisition, the employees of Lee Canyon transferred to the Company and were eligible to participate in the Mountain Capital Partners 401(k) Plan, assuming eligibility criteria was met under the definitions of the Plan. Additionally, the investment balances of employees that were included in the acquisition of Lee Canyon, previously held within the POWDR Corp. 401(k) Plan, were transferred to the Plan on December 22, 2023, totaling \$115,792. As of December 31, 2023, these assets were held within the Voya Government Money Market Fund A holding account, as the Plan worked to allocate them to individual participant directed investment options. These investments were fully allocated in January 2024.

General – The Plan is a defined contribution plan and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as defined in Section 401(k) of the IRC, for the benefit of eligible employees of Mountain Capital Partners, LLC (the Company). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after 30 days.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance investment contract as investment options for participants.

Employer match and profit-sharing contributions – The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. The Company matches contributions of 30% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit-sharing contributions for the year ended December 31, 2023. Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A participant becomes 100% vested upon death of the participant, attainment of normal retirement age, or becoming disabled, as defined.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan, secured by the balance in the participant's account, and bear an interest rate of prime, plus 2%. The loan must be repaid in equal quarterly installments amortized over the term of no more than five years, unless the loan is for the purchase of a primary residence, in which case the repayment of the loan may not exceed ten years. Notes receivable are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. As of December 31, 2023, the rate of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through March 2028.

Payment of benefits – A participant's benefit can be distributed as an installment payment, lump sum, or direct rollover to a qualified individual retirement account or another qualified plan. Under certain circumstances, hardship withdrawal payments are available at the participant's option.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to reduce future Company matching contributions to the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$39,050 and \$36,655, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Voya Institutional Trust Company (Voya), certifies the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

Investment contract – The Plan holds a group variable annuity insurance investment contract issued by Voya, which invests in pooled separate accounts, and the Fixed Account (see Note 4) maintained by Voya.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. These pooled separate accounts invest in single mutual funds reflected by the namesake of the account. The mutual funds seek fixed income, capital appreciation, or long-term growth. Each of these underlying funds' prospectus discloses the investment strategy. These PSAs have no unfunded commitments, or redemption notice period, and are redeemable daily.

	Fair Value 12/31/23	Fair Value 12/31/22	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Account	\$ 7,222,665	\$ 5,927,578	Daily	N/A	None
Total	<u>\$ 7,222,665</u>	<u>\$ 5,927,578</u>			

Note 4 – Fixed Account

Based on the terms of the group variable annuity insurance investment contract with Voya, certain Plan assets are held in the Fixed Account that is not a segregated fund but is held in the general account of Voya. The value of the Fixed Account reported by Voya is equal to the contract value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on an annual basis for resetting. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract does not have a scheduled maturity date. The Plan administrator believes that the Fixed Account meets the requirements to be considered fully benefit-responsive.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on Voya's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Transfers to and from the Fixed Account may be limited at the discretion of Voya; limitations are generally subject to minimum investment balances. Surrender from the Fixed Account is subject to defined payment provisions.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The Plan document is a prototype non-standardized profit-sharing, defined-contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of pooled separate accounts, interest income on the fixed account, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 8 – Party-in-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:

	<u>2023</u>	<u>2022</u>

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of Mountain Capital Partners 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of Plan provisions. In 2017, the Plan name changed from Purgatory Recreation Management Retirement Plan to Mountain Capital Partners 401(k) Plan.

In 2023, Mountain Capital Partners, LLC (the Company), acquired Lee Canyon ski resort from POWDR. As part of the acquisition, the employees of Lee Canyon transferred to the Company and were eligible to participate in the Mountain Capital Partners 401(k) Plan, assuming eligibility criteria was met under the definitions of the Plan. Additionally, the investment balances of employees that were included in the acquisition of Lee Canyon, previously held within the POWDR Corp. 401(k) Plan, were transferred to the Plan on December 22, 2023, totaling \$115,792. As of December 31, 2023, these assets were held within the Voya Government Money Market Fund A holding account, as the Plan worked to allocate them to individual participant directed investment options. These investments were fully allocated in January 2024.

General – The Plan is a defined contribution plan and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as defined in Section 401(k) of the IRC, for the benefit of eligible employees of Mountain Capital Partners, LLC (the Company). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after 30 days.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance investment contract as investment options for participants.

Employer match and profit-sharing contributions – The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. The Company matches contributions of 30% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit-sharing contributions for the year ended December 31, 2023. Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A participant becomes 100% vested upon death of the participant, attainment of normal retirement age, or becoming disabled, as defined.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan, secured by the balance in the participant's account, and bear an interest rate of prime, plus 2%. The loan must be repaid in equal quarterly installments amortized over the term of no more than five years, unless the loan is for the purchase of a primary residence, in which case the repayment of the loan may not exceed ten years. Notes receivable are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. As of December 31, 2023, the rate of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through March 2028.

Payment of benefits – A participant's benefit can be distributed as an installment payment, lump sum, or direct rollover to a qualified individual retirement account or another qualified plan. Under certain circumstances, hardship withdrawal payments are available at the participant's option.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to reduce future Company matching contributions to the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$39,050 and \$36,655, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Voya Institutional Trust Company (Voya), certifies the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

Investment contract – The Plan holds a group variable annuity insurance investment contract issued by Voya, which invests in pooled separate accounts, and the Fixed Account (see Note 4) maintained by Voya.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. These pooled separate accounts invest in single mutual funds reflected by the namesake of the account. The mutual funds seek fixed income, capital appreciation, or long-term growth. Each of these underlying funds' prospectus discloses the investment strategy. These PSAs have no unfunded commitments, or redemption notice period, and are redeemable daily.

	Fair Value 12/31/23	Fair Value 12/31/22	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Account	\$ 7,222,665	\$ 5,927,578	Daily	N/A	None
Total	<u>\$ 7,222,665</u>	<u>\$ 5,927,578</u>			

Note 4 – Fixed Account

Based on the terms of the group variable annuity insurance investment contract with Voya, certain Plan assets are held in the Fixed Account that is not a segregated fund but is held in the general account of Voya. The value of the Fixed Account reported by Voya is equal to the contract value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on an annual basis for resetting. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract does not have a scheduled maturity date. The Plan administrator believes that the Fixed Account meets the requirements to be considered fully benefit-responsive.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on Voya's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Transfers to and from the Fixed Account may be limited at the discretion of Voya; limitations are generally subject to minimum investment balances. Surrender from the Fixed Account is subject to defined payment provisions.

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The Plan document is a prototype non-standardized profit-sharing, defined-contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of pooled separate accounts, interest income on the fixed account, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

Mountain Capital Partners 401(k) Plan

Notes to Financial Statements

Note 8 – Party-in-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:
