NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN

The following description of the KSB Hospital VEBA Health Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution health and welfare plan and was established for employees of Katherine Shaw Bethea Hospital (the Hospital). The Plan has been amended throughout the years to comply with tax legislation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the purpose of the Plan, a trust known as the KSB Health Savings Trust has been created to receive all contributions and to pay all benefits under the Plan.

The Hospital has selected one employee of the Hospital as administrator of the Plan. Among the duties of the administrator are the maintenance of participant records, the determination of the right of any person to a benefit, and other various duties.

The Plan was frozen to new participants and additional contributions effective January 1, 2022. The Plan sponsor elected to terminate the Plan effective March 31, 2023 and liquidate all plan assets shortly thereafter. Participants were able to submit reimbursement requests through March 31, 2023. Remaining balances in participant accounts after final reimbursement requests were automatically distributed to participants by May 31, 2023.

Participation

Participation in the Plan is extended to any individual who is in the service and employees of Katherine Shaw Bethea Hospital, who has a regular work schedule and who is eligible to accrue paid days leave (PDL) under the Hospital's leave policy. Leased and temporary employees are excluded from this Plan.

Contributions

The Hospital makes contributions to the Plan on a payroll-by-payroll basis for active employees with accrued PDL in excess of 320 hours. The Hospital also makes a contribution to the Plan for any accrued PDL in excess of 80 hours upon employee termination or when an employee becomes ineligible to accrue PDL (except in cases in which the termination or ineligibility is the result of death), provided the value of the converted PDL hours to be contributed exceeds \$150. Participant contributions are not allowed by the Plan.

Participant Accounts

Each participant's account is credited with the Hospital's contribution and an allocation of Plan earnings. If the participant has terminated, the terminated participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Participants are immediately vested in their account balance. However, the participant account balances will be forfeited one year after the death of the participant and his/her beneficiaries, whichever is later, if not used. Participant balances will also be forfeited if the balance is below \$5 for a six-month period or \$25 for a 12-month period and no further contributions will be received for the participant. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$100 and \$26, respectively. These accounts would be allocated to accounts of participants who were employed by the Hospital on the last day of the Plan year on a per capita basis. No forfeitures were allocated to eligible participants during the Plan years ended December 31, 2020 and 2019.

Payment of Benefits

The Plan provides reimbursement of qualified health and welfare expenses to eligible participants and their covered dependents. Benefits may be claimed up to 365 days from the date the claim was incurred. Contributions into the Plan may only be used to fund distributions to retirees or terminated employees.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and the trustee. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Plan Sponsor on behalf of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through December 20, 2024, the date the financial statements were available to be issued.

NOTE 3 SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

Matrix Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020 and schedule of reportable transactions for the year ended December 31, 2020.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

- Money Market Fund: Valued at \$1 per share which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 1,664,974	\$ -	\$ -	\$ 1,664,974
	2019			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 1,744,295	\$ -	\$ -	\$ 1,744,295

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

The Plan sponsor elected to terminate the Plan effective March 31, 2023. As a result of the termination, participants remained 100% vested in their Hospital contributions.

**KSB HOSPITAL VEBA HEALTH SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 PLAN TAX STATUS

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC), and accordingly, the trust's net investment income is exempt from income taxes.

The IRS has determined and informed the Company by letter dated January 10, 2010, that the trust is designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Matrix Trust Company, trustee of the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in administrative expenses.
