The financial statements comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2021, the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the 2021 financial statements of SA Photonics, Inc. 401(k) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SA Photonics, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of SA Photonics, Inc. 401(k) Plan's 2021 financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these 2021 financial statements. We are required to be independent of SA Photonics, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on 2020 Compiled Statement

Plan management is responsible for the accompanying 2020 financial statement of the SA Photonics, Inc. 401(k) Plan which comprises the statement of net assets available for benefits (ongoing) as of December 31, 2020, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2020 financial statement.

Other Matter - Basis of Accounting

As described in Notes 1, 2, and 5 to the financial statements, the Plan is terminating. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2021 financial statements. Our opinion is not modified with respect to that matter.

SA PHOTONICS, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 (in Liquidation) and 2020 (Ongoing) and For the Year Ended December 31, 2021 (in Liquidation)

1. DESCRIPTION OF THE PLAN

The following description of the SA Photonics, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established on January 1, 2004 by SA Photonics, Inc. (the Company). The Plan includes all employees of the Company who have attained age 21, with the exception of employees covered by a collective bargaining agreement, leased employees, nonresident aliens and residents of Puerto Rico. There is no service requirement to be eligible to participate in the Plan. Participants may enter the Plan on the first day of each month after meeting all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective August 9, 2021.

Participant Contributions

Participants may contribute up to 100% of their gross compensation on a pre-tax or Roth basis, as defined by the Plan, not to exceed the maximum allowable contribution limit under the Internal Revenue Code (the Code), which totaled \$19,500 for the year ended December 31, 2021. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code. Participants are also permitted to make rollover contributions to the Plan. However, the Plan does not accept rollovers of after-tax participant contributions.

Company Contributions

The Plan allows for a discretionary matching contribution to employees that is determined annually. All employees who are eligible to participate and make elective deferrals into the Plan, who have worked at least 1,000 hours during the Plan year, and are employed on the last day of the Plan year are eligible to receive Company discretionary matching contributions. Company discretionary matching contributions are calculated and remitted on an annual basis. There were no Company discretionary matching contributions made for the year ended December 31, 2021.

The Plan allows for nonelective safe harbor matching for all eligible participants. Nonelective safe harbor matching contributions were 3% of eligible compensation calculated each payroll period. Nonelective safe harbor matching contributions totaled \$682,700 for the year ended December 31, 2021.

The Plan also allows for a discretionary nonelective contribution for all eligible participants. There were no discretionary nonelective contributions made for the year ended December 31, 2021.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by the participants. Plan earnings, losses, and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements As of December 31, 2021 (in Liquidation) and 2020 (Ongoing) and For the Year Ended December 31, 2021 (in Liquidation)

1. DESCRIPTION OF THE PLAN – cont'd.

Vesting

Participants are immediately vested in their contributions, as well as nonelective safe harbor matching contributions, plus actual earnings thereon. The Company's discretionary matching and discretionary nonelective contributions vest in accordance with the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	66.7%
3 or more	100%

In addition, upon reaching normal retirement age (age 65), death, or disability during employment at the Company, participants became 100% vested in his or her Company contributions.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement age (age 65), or attainment of age 59 ½, a participant or his or her beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum or installment payments equal to the value of the participant's vested interest in his or her account. Upon termination, if a participant's account balance is less than \$5,000, the Plan administrator may elect to automatically distribute the participant's account balance. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. There were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2021 and 2020.

Forfeitures

Forfeitures result from the non-vested portions of accounts of participants who terminate prior to being fully vested and are used to reduce future Company contributions to the Plan or pay administrative expenses. As of December 31, 2021 and 2020, forfeitures totaling \$39,418 and \$24,921, respectively, were available to offset future Company matching contributions and pay administrative expenses. During the year ended December 31, 2021, no forfeitures were used to reduce Company contributions or administrative expenses.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2021, the Company paid a portion of direct expenses related to the Plan's operations. The Plan paid direct expenses totaling \$9,740 during the year ended December 31, 2021. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

Notes to the Financial Statements As of December 31, 2021 (in Liquidation) and 2020 (Ongoing) and For the Year Ended December 31, 2021 (in Liquidation)

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and only one note may be outstanding at any given time. The notes are collateralized by a participant's vested account balance. Note repayments are to be made through after-tax payroll deductions each pay period with interest based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances at the time of loan issuance. Notes for reasons other than the purchase of a primary residence are to be repaid within five years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As described in Note 5, the Plan terminated effective December 6, 2021. The Plan's financial statements are presented using the liquidation basis of accounting as of and for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America. The Plan's financial statements are presented on the ongoing basis as of December 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and changes therein at the date of the financial statements and reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that, in general, are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement

Accounting Standards Codification, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported on the active market on which the funds are traded.

Interest-bearing cash: Shares of a money market portfolio are valued using amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes become due immediately upon termination of a participant's employment. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through January 6, 2025, the date the financial statements were available to be issued, and determined that there were no material subsequent events that warranted disclosure.

3. INVESTMENTS

All investment information contained in the accompany financial statements and supplemental schedule, including assets held as of December 31, 2021 and 2020, and interest and dividend income and net realized and unrealized appreciation in the fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan.

Notes to the Financial Statements As of December 31, 2021 (in Liquidation) and 2020 (Ongoing) and For the Year Ended December 31, 2021 (in Liquidation)

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company, who acts as Trustee to the Plan. The Plan allows for participants to take loans against their vested account balances. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company was acquired by another entity on December 6, 2021. The Plan was terminated effective December 6, 2021, except for elective deferrals and Company contributions with compensation earned prior to the termination date. Upon Plan termination, participants should have become 100% vested in all Company contributions; however, this did not occur and participants continued to forfeit amounts that were not fully vested. All participants were provided with the option to have their account balance rolled into another retirement plan or IRA, or receive a lump-sum distribution. All assets of the Plan were distributed out to participants during 2022.

Subsequent to the Plan termination, the Company did not maintain sufficient accounting records and supporting documents related to payroll, participant data and related participant transactions.

6. INCOME TAX STATUS

The volume submitter document, upon which the Plan was designed, received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Code and therefore is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, these provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits in progress for any open periods.
