INDEPENDENT AUDITORS' REPORT

To the Limited Trustees
Umbra Cuscinetti, Inc. 401(k) Plan
Everett, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Umbra Cuscinetti, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Umbra Cuscinetti, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Umbra Cuscinetti, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Umbra Cuscinetti, Inc. 401(k) Plan 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Umbra Cuscinetti, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Umbra Cuscinetti, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN

The following description of Umbra Cuscinetti, Inc. (Company or Sponsor) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit sharing plan originally effective January 1, 1983. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person employed by the Company excluding non-resident aliens, employees as a result of a transaction described in Code section 410(b)(6)(c), leased employees, residents of Puerto Rico, employees incorrectly determined not to be an employee, and employees of the Company's parent company, UMBRAGROUP, S.p.A. There is no service requirement to be eligible to enter the plan. Employees are eligible to participate in deferring a portion of their pay to the Plan and in employer contributions upon reaching age 21. The entry date is the first day of the month following completion of eligibility requirements.

Effective January 1, 2019, the Plan was amended to comply with the provisions of the Bipartisan Budget Act of 2018 to allow for the removal of suspension of deferrals after hardships and remove loan requirements before a hardship. Effective August 1, 2021, the plan was restated as part of a cycle 3 restatement period. Also, effective August 1, 2021, the plan named two employees as limited plan trustees. See also Note I and K.

Contributions: The Plan is funded by eligible participant elective deferrals which may be up to the max percentage allowed by the IRC code of pre-tax annual compensation, employer matching contributions, discretionary profit-sharing contributions, and discretionary qualified matching contributions.

Eligible participants are automatically enrolled in the Plan with a deferral amount of 6% of their eligible compensation with an automatic increase of 1% on the first day of each Plan year, thereafter, up to 10% maximum.

The employer matching contribution formula is 50% of deferrals, up to 6% of wages.

Discretionary profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. Participants must be employed on the last day of the Plan year and complete 501 hours of service during the Plan year to be eligible to receive any profit-sharing contributions, unless the participant dies, becomes disabled or reaches the normal retirement age. There were no discretionary profit sharing contributions made to the Plan for the year ended December 31, 2022.

Discretionary qualified matching contributions can be made as determined by the Employer in its sole discretion, equal to the elective deferrals of each Contributing Participant, excluding highly compensated employees, that would be sufficient to satisfy either the Actual Deferral Percentage test or the Actual Contribution Percentage test for the Plan Year, or both.

DECEMBER 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN (Continued)

Contributions (Continued): Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Roth rollover contributions and deferrals are not allowed. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, an allocation of plan earnings (losses), and are charged with an allocation of certain administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as applicable, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in Company employer matching contributions, discretionary profit-sharing contributions, and discretionary qualified matching contributions is based on years of continuous service. A participant is 20% vested after two years of credited service, 40% vested after three years, 60% vested after 4 years of credited service, 80% vested after 5 years of credited service, with full vesting at six years, or upon death, disability, or attainment of early retirement age. For the 2020 plan year, under ERISA, a partial plan termination occurred; therefore, the affected participants became fully vested in the employer's contributions, but the remaining participants' vesting continued to be determined per the Plan provisions.

Retirement: The normal retirement date is the date the participant turns 65. There is no early retirement.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial payments as soon as administratively feasible after the distribution request. For terminated participants, if the balance of the vested accounts is \$1,000 or less, payment may be made in a lump-sum without the participant's consent unless another form is selected. If such balance is less than \$5,000 but greater than \$1,000, it will automatically be rolled over into an IRA established by the Company unless another form is selected. Hardship distributions are allowed in accordance with the provisions of the Plan. In-Service distributions are allowed at age 59½. Qualified reservist distributions are also allowed. Distributions may be taken from contributed rollover amounts at any time.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. A participant may only have one loan outstanding at a time. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed thirty years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest, further defined as prime plus 1%. Principal and interest are paid through payroll deductions.

Investment Options: Participants direct their contributions and account balances in a variety of investment options which include mutual funds and collective trust funds. The Plan Sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeitures: Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures will be used to reduce future employer contributions and administrative expenses. As of December 31, 2022, and 2021, forfeited non-vested account balances totaled \$25,050 and \$67,994, respectively. During 2022, \$35,915 was forfeited and \$68,278 of employer contributions and \$11,326 of plan fees were paid from forfeited non-vested accounts.

Plan Expenses: Expenses of maintaining the Plan may be paid by the Company or the Plan. Certain expenses of maintaining the Plan are paid for directly by the Company and are not included in these financial statements. Fees relating to administration of notes receivable from participants and for certain withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are deducted from each funds' earnings and included in net appreciation (depreciation) in fair value of investments.

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

UMBRA CUSCINETTI, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation utilizing information provided by investment advisors and the trustee and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent notes receivable from participants are recorded as benefit payments based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, the record keeper of the Plan as agent for Ascensus Trust Company, the custodian and trustee of the Plan.

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

UMBRA CUSCINETTI, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

Collective investment trusts: Valued at NAV of units held by the Plan at year end. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective trust is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust.

DECEMBER 31, 2022 AND 2021

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The following sets forth additional disclosures of the Plan's investments, whose fair value is measured using net asset value per share (or its equivalent) as a practical expedient as of December 31:

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the custodian and trustee, Ascensus Trust Company; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. Certain officers serve as limited trustees for the Plan. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

The Plan was amended and restated effective August 1, 2021 and adopted a non-standardized preapproved profit sharing plan with CODA which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust, along with cumulative amendments, were designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan, including employer contributions, shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE I.--OPERATIONAL ERRORS AND NONEXEMPT TRANSACTIONS

Vesting Error

During 2023, for the year ended December 31, 2022, it was discovered that a participant's distribution was paid out using the incorrect vesting percentage resulting in \$2,978 of funds incorrectly forfeited. The non-vested portion of the account was added to forfeitures. The vesting error was addressed subsequent to year end and corrected in June 2024 via restoration of the forfeited funds plus lost earnings from forfeitures to the participant account in October 2024.

Compensation

During 2023, for the year ended December 31, 2022, it was determined that the Company intended to include Group-Term Life (GTL) imputed earnings in eligible compensation. The Plan allowed participants to make employee deferrals and matching contributions on GTL imputed earnings. The Plan was retroactively amended on October 30, 2024 to align the Plan's written terms with operations. See Note K.

During 2023, for the year ended December 31, 2022, it was discovered that a certain bonus payroll code was improperly excluded from eligible compensation and thus some participants did not have the opportunity to defer on the bonus. The error was addressed subsequent to year end and corrected in accordance with prescribed IRS and DOL methods. The error resulted in \$20,414 of additional contributions for 2022 and were contributed in 2024. Lost earnings were calculated and deposited into the affected participant accounts in October 2024.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE I.--OPERATIONAL ERRORS AND NONEXEMPT TRANSACTIONS (Continued)

Late Remittances

As reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain Plan contributions and loan payments of \$33,218 were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2021 and 2022. The Company made contributions to the affected participants' accounts to compensate for potential lost earnings resulting from the delay in the contributions for the nonexempt transactions that occurred during the year ended December 31, 2021 during the year ended December 31, 2022. The Company will make contributions to the affected participant's account to compensate for potential lost earnings resulting from the delay in the contributions for the nonexempt transactions that occurred during the year ended December 31, 2022 during the year ended December 31, 2024.

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 5,127,366	\$6,757,382
Amounts classified as deemed distributions for loans in default	<u>-</u>	<u>(6,295)</u>
Net assets available for benefits per Form 5500	<u>\$5,127,366</u>	<u>\$6,751,087</u>
Notes receivable from participants per the financial statements	\$ 2,697	\$ 10,765
Amounts classified as deemed cumulative distributions and interest	<u>-</u>	<u>(6,295)</u>
Notes receivable from participants per the Form 5500	<u>\$ 2,697</u>	<u>\$ 4,470</u>

The following is a reconciliation of the net decrease in net assets available for benefits for the year ended December 31, 2022, per the financial statements to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (1,630,016)
Amounts classified as deemed loans distributed	<u>6,295</u>
Net loss per Form 5500	<u>\$ (1,623,721)</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
(Continued)

Amounts classified as deemed distributions for loans in default were recorded on the Form 5500 but continued to remain on the financial statements as an asset included in notes receivable from participants. The loan remained due and payable, interest still accrues and the loan may continue to be reported as a plan investment on the financial statements until it is actually repaid, the default cured in some other manner, or the loan is considered to be cancelled and, therefore, is recorded as a distribution.

There were no longer any deemed but not distributed loans as of December 31, 2022.

NOTE K.--SUBSEQUENT EVENTS

Subsequent to year end, the Plan's eligible compensation definition was retroactively amended to align the Plan's written terms with operations. See Note I.

The Plan has evaluated subsequent events through November 1, 2024 which is the date the financial statements were available to be issued.
