Board of Trustees
Soteria Flexibles Corporation 401(k) Plan

We have audited the financial statements of Soteria Flexibles Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2023, and have issued our report thereon dated January 2, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Annuity Insurance Company of America, the insurance company, and Empower Trust Company, LLC, the trustee, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 26, 2024 and in our pre-audit discussion on July 9, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. There were no misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 2, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We have communicated two deficiencies in internal control that we consider to be significant deficiencies in a separate letter to the Plan Administrator and Plan management dated January 2, 2025.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Board of Trustees and Plan Administrator of Soteria Flexibles Corporation 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Ostrow Reisin Berk & Abrams, Ltd.

Plan Administrator and Board of Trustees
Soteria Flexibles Corporation 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Soteria Flexibles Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered Soteria Flexibles Corporation 401(k) Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Annuity Insurance Company of America that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. The memorandum that accompanies this letter describes deficiencies in internal control that we consider to be significant deficiencies.

This communication is intended solely for the information and use of Plan management, the Board of Trustees, the Plan Administrator, and others within Soteria Flexibles Corporation 401(k) Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 2023

Significant deficiencies

Late remittances:

Participant contribution remittances for nineteen pay periods across all participating employers during the year ended December 31, 2023 were not remitted to the Plan in a timely manner. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which the funds can be reasonably segregated from the employer's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction, which must be separately reported to the DOL and may result in penalties to the Plan Sponsor, as well as an increased likelihood of being audited by the DOL.

We recommend that the Plan Sponsor review each pay period to ensure that the 401(k) remittances are remitted timely. Form 5330 should be filed for the contributions that were not remitted timely and lost earnings must be remitted to the Plan and then allocated to participants.

Incorrect Plan compensation and inaccurate participant deferral:

During our audit, we noted one instance where the Plan Sponsor excluded retroactive pay from compensation for the employer matching contribution when it should be included as defined by the Plan, which resulted in underfunded employer matching contributions. Corrective contributions should be made by the Plan.

During our audit, we noted several instances where the Plan Sponsor excluded floating holidays, personal days, and pay code PWE from compensation when it should be included as defined by the Plan, which resulted in underfunded participant deferrals and employer matching contributions. Corrective contributions should be made by the Plan.

We recommend management of the Plan Sponsor review the wages of all Plan participants to ensure that the proper amount of Plan compensation is being used as defined within the Plan document. We also recommend management of the Plan Sponsor review all participant deferrals to ensure that the deferrals agree to the participants' elections and that all changes to deferral percentages or amounts be reviewed and implemented timely by the Plan Sponsor.

Soteria Flexibles Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Soteria Flexibles Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Soteria Flexibles Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 financial statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Soteria Flexibles Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Soteria Flexibles Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Soteria Flexibles Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2022 Financial Statement

Management is responsible for the accompanying 2022 financial statement of Soteria Flexibles Corporation 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2022, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2022 financial statement.

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of Soteria Flexibles Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the published summary Plan booklet for a more complete description of the Plan's provisions.

General:

The Plan (formerly known as Colonial Bag Corporation Profit Sharing Plan) became effective on August 31, 1976. The Plan is a defined-contribution plan covering all employees of Colonial Bag LLC and subsidiaries (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, the Plan was amended to allow participation of the employees of Redi-Bag, Inc. and Soteria Flexibles Corporation, wholly-owned subsidiaries of the Company. Additionally, the name of the plan was changed to Soteria Flexibles Corporation 401(k) Plan. Net assets totaling \$501,500 from the Redi-Bag, Inc. 401(k) Profit Sharing Plan were transferred to the Plan on February 1, 2023.

Effective February 1, 2023, the Plan was amended to allow participation of the employees of Continental Products LLC, a wholly-owned subsidiary of the Company. Net assets totaling \$2,913,473 from the Continental Products 401(k) Plan were transferred to the Plan on January 24, 2023.

Effective January 1, 2024, the Plan was amended to allow participation of the employees of Film Tech LLC, a wholly-owned subsidiary of the Company.

Eligibility:

Any employee of the Company, who is at least 21 years old, shall become eligible to participate in the Plan after three months of employment. Entry dates for employees are on the first day of each month.

Employee contributions:

Employee deferral contributions can be up to 70% of compensation as defined by the Plan. Contributions are limited in accordance with Internal Revenue Service regulations. The Plan allows both pre-tax and certain after-tax (Roth) contributions. The Plan also allows rollover contributions whereby participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Employer contributions:

For active participants who are employees of the Company, the Company matches contributions made in an amount equal to 100% of participant deferrals not exceeding 3% of compensation plus 50% of participant deferrals in excess of 3%, but not in excess of 5% of compensation.

Additional employer safe harbor matching contributions are made on a discretionary basis at the end of each year. Additional employer matching contributions are allocated based on participants' compensation for the current year. The Company did not make a discretionary contribution for the year ended December 31, 2023.

Participant accounts:

The Plan maintains a separate account for each participant. Participants self-direct all of their contributions and their share of the Company's contribution among the investment options offered by the Plan. Employees can manage their individual accounts online. Earnings and net appreciation or depreciation of the Plan assets are allocated to each participant's account based on actual earnings of participant-directed investments.

Vesting:

Participants are 100% vested in their employee deferral contributions and the Company's safe harbor matching contribution at all times.

Vesting in the Company's matching contributions and earnings thereon is based on participants' years of credited service. The vested portion is determined in accordance with the following schedule:

Years of service	Vested portion
Less than 1 year	0%
At least 1 but less than 2	25%
At least 2 but less than 3	50%
At least 3 but less than 4	75%
4 or more	100%

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant loans:

Participants may borrow from their fund account up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1 to 5 years or up to 30 years for the purpose of purchasing a primary residence. The loans are secured by the balances in the participants' accounts and bear interest at Prime plus 1.00% at the time of issuance. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon reaching normal retirement age (as defined by the Plan), death, permanent disability or resignation from the Company. Upon death, disability or retirement at age 65, a participant's account balance becomes fully vested. Upon resignation, participants are entitled to receive the vested portion of their account balance. A participant whose vested account balance exceeds \$5,000 may elect to postpone distribution of his account until his statutorily required beginning date.

The Plan also allows in-service withdrawals from all vested account balances upon attaining age 59 1/2. Additionally, the Plan allows in-service withdrawals due to financial hardship. A participant may not receive any in-service distribution based on hardship unless the participant is 100% vested in the distributing account.

Forfeitures:

Upon termination of employment, any amounts not vested are forfeited. Forfeitures and earnings thereon may be used to reduce future Company matching contributions or to pay administrative expenses of the Plan.

2. Summary of significant accounting policies

Basis of presentation:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition:

The Plan's investments are stated at fair value except for the fully benefit-responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participants' account balances. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The interest rate on notes receivable from participants ranged from 4.25% to 9.50% as of December 31, 2023.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the end of the Plan year and the reported amounts of changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through January 2, 2025, the date the financial statements were available to be issued.

3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Investments (information prepared and certified by Empower Annuity Insurance Company of America (the Insurance Company) and Empower Trust Company, LLC (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by the Insurance Company and the Trustee.

December 31,	2023	2022 (Compiled)
Mutual funds, at fair value	\$ 7,746,101	\$ 2,788,895
Group annuity contract, at contract value	\$ 12,720	
Notes receivable from participants	\$ 127,626	

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Investments (information prepared and certified by Empower Annuity Insurance Company of America (the Insurance Company) and Empower Trust Company, LLC (the Trustee)) (continued)

For the year ended December 31, 2023, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value in the amount of \$517,994, as certified by the Insurance Company and the Trustee. Dividend and interest income was \$232,093 and interest on participant loans was \$7,282 for the year ended December 31, 2023, as certified by the Insurance Company and the Trustee.

5. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the market value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2023:

December 31, 2023	Level 1
Mutual funds	\$ 7,746,101

Investments at fair value as of December 31, 2022:

December 31, 2022 (Compiled)	Level 1
Mutual funds	\$ 2,788,895

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Investment contract with the Insurance Company

The Plan has a fully benefit-responsive group annuity contract with the Insurance Company, which is called the Key Guaranteed Portfolio Fund. The Insurance Company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the Insurance Company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Insurance Company may not terminate the contract at any amount less than the contract value.

The Insurance Company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the Insurance Company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2023 was 1.23%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The actual average yield for 2023 was 1.23%.

7. Party-in-interest transactions

Certain Plan investments are shares of an insurance company general account managed by an affiliated company of the Insurance Company and the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Insurance Company and the Trustee for investment management and recordkeeping services amounted to \$11,969 for the year ended December 31, 2023. The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment services totaled \$13,637 for the year ended December 31, 2023.

SOTERIA FLEXIBLES CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Tax status

The Plan, a mass-submitter prototype plan, obtained its latest determination letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the requirements of the Code.
