Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CALIBRE CPA GROUP

(2) EIN: 47-0900880

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
UNAVCO, Inc. 403(b) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the accompanying financial statements of UNAVCO, Inc. 403(b) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of May 31, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the five-month period ended May 31, 2023 and year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the five-month period ended May 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- 
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UNAVCO, Inc. 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Plan Termination

As further discussed in Note 3 to the financial statements, the Plan's Trustees elected to merge the Plan to another new Plan, effective January 1, 2023. Contributions to the Plan ceased and the Plan assets were transferred to the new Plan. As a result, the Plan changed its basis of accounting to the liquidation basis of accounting to present the May 31, 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

UNAVCO, INC. 403(B) DC PLAN

NOTES TO FINANCIAL STATEMENTS

FIVE-MONTH PERIOD ENDED MAY 31, 2023 AND YEAR ENDED DECEMBER 31, 2022

NOTE 1. PLAN DESCRIPTION

The following description of UNAVCO, Inc. 403(b) DC Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of the UNAVCO Inc. (the Company). The Plan covers all employees of the Company who are age 18 or older except for students performing services. The entry date for eligible participants is their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - As a condition of participation, employees are required to contribute 5 percent of their pretax eligible compensation to the Plan. Additionally, participants may make before-tax and after-tax contributions up to 100 percent of their annual eligible compensation, not to exceed Internal Revenue Service (IRS) limitations, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan Administrator in certain circumstances. Eligible employees who reach age 50 during the plan year may elect to make catch-up contributions limited by the IRS. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employee contributions to the Plan are made through regular payroll deductions.

The Company contributes 10 percent of an employee's eligible annual compensation to the Plan as a company matching contribution each payroll period.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with plan losses and an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants' voluntary contributions, rollover contributions, the employer matching contributions, and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Investment Options - Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Alternatively, an employee may initiate a note directly with Teachers Insurance and Annuity Association (TIAA) using their TIAA Traditional Annuity account balance as collateral for the note, and his or her account is not reduced by the outstanding note balance. These note repayments are made directly from the participant to TIAA. Such policy loans transacted directly between the participant and TIAA are not considered an asset of the Plan and are not reported on the accompanying statements of net assets available for benefits. As of May 31, 2023 and December 31, 2022, there was \$-0- and \$108,051, respectively, of outstanding loans receivable of this nature. These loans bear interest at rates that range from 4.0 percent to 6.5 percent, which are commensurate with local prevailing rates determined by the Plan Administrator at loan origination, and mature at various dates through February 2025. During the five-month period ended May 31, 2023 and year ended December 31, 2022, there was \$-0- and \$103,868, respectively, of loans in default with TIAA.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Certain amounts invested in the TIAA Traditional Annuity group annuity contract may not be distributed in a lump sum (see redemption restrictions below).

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Redemption Restrictions - Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participant to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA), Transfer Payout Annuity (TPA), and Group Retirement Annuity (GRA) contracts must be paid out in 10 annual installments. Withdrawals from the RA contract must be paid out in 10 annual installments. Withdrawals from the GRA contract are available within 120 days after termination of employment, subject to 2.5 percent surrender charge; otherwise, they must be paid over 10 annual installments. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals. The TIAA Stable Value investment is immediately liquid to participants and does not have participant-level withdrawal restrictions. There are, however, equity wash provisions that present the immediate transfer of amount to any competing funds available in the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the liquidation basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except as noted below. The registered investment companies are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments. The pooled separate accounts are valued at NAV per share of the funds, which is based on the fair value of the funds' underlying assets, which consist primarily of rental property subject to long-term leases that have been estimated on the basis of future rental receipts and estimated residual values discounted at interest rates commensurate with risks involved. There are no unfunded commitments on the investments in the pooled separate account. The TIAA Traditional Annuity (TIAA Traditional) is a fixed annuity contract issued by TIAA that invests in the general assets of TIAA. TIAA considers the following contracts to be benefit-responsive: Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and Retirement Choice Plus (RCP). TIAA considers the following contracts to be non-benefit responsive: RA, GRA, and Retirement Choice (RC). The benefit-responsive portion is reported at contract value. The non-benefit-responsive portion is reported at fair value. Since there are no specific securities in TIAA's general account related to these contracts, contract value is the best estimate of fair value for the non-benefit-responsive contracts. For all portions, contract value represents principal invested, plus interest earned, less any withdrawals. The fair value of the TIAA Traditional Annuity was determined by discounting the related cash flows based on current yields of similar instruments with comparable durations and taking into consideration the credit worthiness of the issuer.

All other investments are valued based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid. There were benefit payments requested but not paid (due to redemption restrictions) totaling \$-0- and \$437,314 as of May 31, 2023 and December 31, 2022, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses - Various administrative costs are paid by the Company.

NOTE 3. PLAN MERGER AND TERMINATION

The Plan has been merged with IRIS 403(B) Retirement Plan as of January 1, 2023 and created a new plan, EarthScope Consortium 403(B) Plan. As a result, no contributions have been made to the Plan in 2023. The net assets of the Plan have been transferred to the new Plan as of May 8, 2023.

NOTE 4. UNAUDITED INFORMATION

TIAA-CREF holds the Plan's investments and participant notes receivable, except mutual funds, and executes all related transactions. TIAA, FSB holds the mutual fund investments and executes all related transactions. TIAA-CREF has the authority to certify the investment balances, participant notes receivable, and related activity on behalf of TIAA, FSB. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements is based solely on information certified by TIAA-CREF, including TIAA, on behalf of TIAA, FSB.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. For the TIAA Traditional contract, significant inputs include the credit rating of the issuer, discount rates, deposits made to the contracts, earnings at guaranteed crediting rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 7,916,178	\$ 7,916,178	\$ -	\$ -
Fixed annuities	<u>5,347,522</u>	<u>-</u>	<u>-</u>	<u>5,347,522</u>
Total	13,263,700	<u>\$ 7,916,178</u>	<u>\$ -</u>	<u>\$ 5,347,522</u>
Investments measured at NAV				
Pooled separate accounts	2,010,846			
Registered investment companies				
Equity investments (1)	11,796,514			
Fixed-income investments (2)	1,145,639			
Retirement year-based investments (3)	804,802			
Short-term investments (4)	<u>420,391</u>			
Total investments	<u>\$ 29,441,892</u>			

*In accordance with ASC, investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used.

Mutual funds: The fair value is based on quoted market prices which are valued at the close of business each day.

The investments in pooled separate accounts, which totaled \$0- and \$2,010,846 at May 31, 2023 and December 31, 2022, respectively, are measured at fair value using the net asset value practical expedient. The pooled separate accounts file U.S. Department of Labor Form 5500 as a direct filing entity. There were no unfunded commitments or redemption restrictions as of December 31, 2022.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

(1) This class represents investments in actively managed registered investment companies that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed registered investment companies that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed registered investment companies with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(4) This class represents investments in actively managed registered investment companies that invest primarily in fixed-income securities including, but not limited to, bonds; notes; or other investments, such as government securities, commercial paper, certificates of deposits, master notes, or variable amount notes, with the objective of providing high current income consistent with the preservation of capital and the maintenance of liquidity.

During the plan year ended December 31, 2022, purchases of Level 3 assets totaled \$99,213, and net transfers in totaled \$53,425.

Quantitative Information about Level 3 Fair Value Measurements

	December 31, 2022	Valuation Technique	Unobservable Inputs Used	Range of Inputs
Assets - Fixed annuity contracts - TIAA Traditional Annuity non-benefit- responsive	\$ 5,347,522	Discounted cash flow theoretical transfer	Risk-adjusted discount rate applied	RA and GRA: 3.70% to 6.25% RC: 3.95% to 6.50%

NOTE 6. INVESTMENT CONTRACTS

Based on the terms of the contracts, a portion of the TIAA Traditional Annuity is considered benefit-responsive. The total balance in the TIAA Traditional Annuity was \$-0- and \$5,368,661 at May 31, 2023 and December 31, 2022, respectively. The benefit-responsive portion totaled \$-0- and \$21,139 at May 31, 2023 and December 31, 2022, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a vintage approach. Under this methodology, TIAA groups the dollars it receives over defined periods into vintages and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest crediting rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative

NOTE 6. INVESTMENT CONTRACTS (CONTINUED)

expenses during the time period, and required contingency reserves. The minimum crediting rate for the benefit-responsive contracts is generally 3.0 percent; however, in some recent contracts, it is between 1.0 and 3.0 percent.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid overtime. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

NOTE 7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8. INCOME TAX STATUS

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated August 7, 2017. The Plan has not individually sought its own determination letter.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are investments managed by TIAA and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and TIAA, FSB or their affiliates. TIAA-CREF is the service provider of the Plan, and TIAA, FSB is a custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Additionally, the Plan provides for notes to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 11. RECONCILIATION TO FORM 5500

Notes receivable from participants are reported as investment in Form 5500 filed with the U.S. Department of Labor. Such amounts are reported as receivables in the 2022 accompanying financial statements.

NOTE 12. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through January 6, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to, or disclosure in, the accompanying financial statements.
