Independent Auditor's Report

The Plan Administrator
Ryther Defined Contribution Retirement Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ryther Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 (in liquidation), December 31, 2022 (in liquidation) and December 31, 2021 (ongoing), and the related statements of changes in net assets available for benefits for the period from January 1, 2023 through June 30, 2023 (in liquidation) and the year ended December 31, 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and December 31, 2022 and 2021, and for the period from January 1, 2023 through June 30, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan Administrator approved the termination of the Plan effective December 31, 2022, and management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 (In Liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following brief description of Ryther Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was adopted effective January 1, 2002 to provide retirement benefits to eligible employees of Ryther (the Employer or Ryther), a nonprofit organization with a mission to provide behavioral health services for children and their families. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

In December 2022, the Employer decided to terminate the Plan. Effective June 30, 2023, the Plan was formally amended to terminate and liquidate the Plan. No participants were allowed to enter the Plan after the date of Plan termination. All participants were fully vested in their account balances, and the account balances were liquidated and distributed to participants as soon as administratively practicable.

The Plan's assets were fully liquidated as of June 30, 2023.

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is Capital Bank and Trust Company. The administrator of the Plan is the Employer. The custodian holds all assets of the Plan in accordance with the service provider contract with the Company. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

In general, unless specifically excluded by provisions in the Plan, prior to Plan termination, an employee was eligible to participate in the Plan if he or she had completed one year of service and attained the age of 21. An employee earns one year of service at the end of 12 consecutive months of employment where at least 1,000 hours of service has been completed. Employees could enter the Plan effective on the first day of the Plan year in which the eligibility requirements have been met.

Contributions

Participants - Participant contributions from compensation are not allowed by the Plan. Prior to Plan termination, participants could contribute amounts representing rollovers from other qualified plans.

Employer - Prior to Plan termination, Ryther could make a profit-sharing contribution to the Plan each year in an amount determined by Ryther at its discretion. Any profit-sharing contribution was allocated based upon annual compensation, as defined by the Plan. Profit-sharing contributions from Ryther are recorded in the period in which they were authorized by the Board of Directors. For 2022 and 2023 there was no profit-sharing contribution made to the Plan.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the Employer's contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Rollovers from other qualified plans and related net earnings are always 100% vested. Prior to Plan termination, all other employer contribution account balances vest as follows:

Vesting Service (Years)	Vesting Percentage (%)
Less than 1	-
1, but less than 2	20
2, but less than 3	40
3, but less than 4	60
4, but less than 5	80
5 or more	100

A year of completed service is generally defined as at least 1,000 hours of service during the Plan year. A participant also becomes 100% vested if the participant reaches normal retirement age (65), dies, or becomes disabled while in the service of the Employer.

Payment of Benefits

Prior to Plan termination, upon termination of service due to death, disability, termination, retirement, or other reasons, a participant will be entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions were generally only allowed after termination of employment with the Employer; however, distributions could be made during a participant's employment upon attainment of age 59½, after participating in the Plan for at least 60 months, or under certain hardship provisions as defined within the Plan document.

Forfeitures

Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures may be used to pay administrative expenses of the Plan or may be allocated to remaining participants. As of June 30, 2023, December 31, 2022 and 2021, forfeited non-vested accounts were \$0, \$11,563, and \$10,714, respectively.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying 2021 financial statements of the Plan are prepared on the accrual basis of accounting.

The 2023 and 2022 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on December 31, 2022. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses related to the operation and maintenance of the Plan, including fees for the annual audit of the Plan and certain investment and transaction fees, are generally paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Certain expenses are charged to participant accounts, including withdrawal fees and Plan administrative fees. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2023 (In Liquidation), December 31, 2022 (In Liquidation) and 2021 (Ongoing).
- Total investment income (loss) as shown in the statements of changes in net assets available for benefits for the period from January 1, 2023 through June 30, 2023 (In Liquidation) and for the year ended December 31, 2022 (In Liquidation).
- Investments reflected in Note 4 and on the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 (In Liquidation), as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, are supported by little or no market activity and are significant to the fair value measurement.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There have been no changes to methodologies used for the period from January 1, 2023 through June 30, 2023 and at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Fund - This asset is reported at cost plus accrued interest, which approximates fair value (Level 1 inputs in the fair value hierarchy).

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs in the fair value hierarchy).

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2022

		Level 1		Level 2		Level 3		Total
Mutual funds	\$	136,810	\$		\$		\$	136,810
Money market fund		97,575						97,575
Total Investments, at fair value	\$	234,385	\$		\$		\$	234,385

December 31, 2021

		Level 1		Level 2		Level 3		Total
Mutual funds	\$	258,371	\$	-	\$	-	\$	258,371
Money market fund		100,866		-		-		100,866
Total Investments, at fair value	\$	359,237	\$	-	\$	-	\$	359,237

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

5. Related Party and Party-in-Interest Transactions

Prior to Plan termination, certain Plan investments were shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company acts as recordkeeper and custodian, as defined by the Plan, and provides certain administrative services for funds held by the Plan. Fees paid to Capital Bank and Trust Company for investment management and recordkeeping are deducted against investment returns. These transactions qualify as exempt party-in-interest transactions.

6. Risks and Uncertainties

Prior to Plan termination, the Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In December 2022, as described in Note 1, the Company resolved to terminate the Plan effective June 30, 2023. Participants became 100% vested in their accounts as of the termination date.

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Ascensus, LLC. Ascensus, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including December 20, 2024, which is the date the financial statements were available to be issued.

Independent Auditor's Report

The Plan Administrator
Ryther Defined Contribution Retirement Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ryther Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 (in liquidation), December 31, 2022 (in liquidation) and December 31, 2021 (ongoing), and the related statements of changes in net assets available for benefits for the period from January 1, 2023 through June 30, 2023 (in liquidation) and the year ended December 31, 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and December 31, 2022 and 2021, and for the period from January 1, 2023 through June 30, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan Administrator approved the termination of the Plan effective December 31, 2022, and management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 (In Liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following brief description of Ryther Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was adopted effective January 1, 2002 to provide retirement benefits to eligible employees of Ryther (the Employer or Ryther), a nonprofit organization with a mission to provide behavioral health services for children and their families. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

In December 2022, the Employer decided to terminate the Plan. Effective June 30, 2023, the Plan was formally amended to terminate and liquidate the Plan. No participants were allowed to enter the Plan after the date of Plan termination. All participants were fully vested in their account balances, and the account balances were liquidated and distributed to participants as soon as administratively practicable.

The Plan's assets were fully liquidated as of June 30, 2023.

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is Capital Bank and Trust Company. The administrator of the Plan is the Employer. The custodian holds all assets of the Plan in accordance with the service provider contract with the Company. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

In general, unless specifically excluded by provisions in the Plan, prior to Plan termination, an employee was eligible to participate in the Plan if he or she had completed one year of service and attained the age of 21. An employee earns one year of service at the end of 12 consecutive months of employment where at least 1,000 hours of service has been completed. Employees could enter the Plan effective on the first day of the Plan year in which the eligibility requirements have been met.

Contributions

Participants - Participant contributions from compensation are not allowed by the Plan. Prior to Plan termination, participants could contribute amounts representing rollovers from other qualified plans.

Employer - Prior to Plan termination, Ryther could make a profit-sharing contribution to the Plan each year in an amount determined by Ryther at its discretion. Any profit-sharing contribution was allocated based upon annual compensation, as defined by the Plan. Profit-sharing contributions from Ryther are recorded in the period in which they were authorized by the Board of Directors. For 2022 and 2023 there was no profit-sharing contribution made to the Plan.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the Employer's contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Rollovers from other qualified plans and related net earnings are always 100% vested. Prior to Plan termination, all other employer contribution account balances vest as follows:

Vesting Service (Years)	Vesting Percentage (%)
Less than 1	-
1, but less than 2	20
2, but less than 3	40
3, but less than 4	60
4, but less than 5	80
5 or more	100

A year of completed service is generally defined as at least 1,000 hours of service during the Plan year. A participant also becomes 100% vested if the participant reaches normal retirement age (65), dies, or becomes disabled while in the service of the Employer.

Payment of Benefits

Prior to Plan termination, upon termination of service due to death, disability, termination, retirement, or other reasons, a participant will be entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions were generally only allowed after termination of employment with the Employer; however, distributions could be made during a participant's employment upon attainment of age 59½, after participating in the Plan for at least 60 months, or under certain hardship provisions as defined within the Plan document.

Forfeitures

Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures may be used to pay administrative expenses of the Plan or may be allocated to remaining participants. As of June 30, 2023, December 31, 2022 and 2021, forfeited non-vested accounts were \$0, \$11,563, and \$10,714, respectively.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying 2021 financial statements of the Plan are prepared on the accrual basis of accounting.

The 2023 and 2022 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update (ASU) 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on December 31, 2022. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses related to the operation and maintenance of the Plan, including fees for the annual audit of the Plan and certain investment and transaction fees, are generally paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Certain expenses are charged to participant accounts, including withdrawal fees and Plan administrative fees. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments.

Notes to Financial Statements

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2023 (In Liquidation), December 31, 2022 (In Liquidation) and 2021 (Ongoing).
- Total investment income (loss) as shown in the statements of changes in net assets available for benefits for the period from January 1, 2023 through June 30, 2023 (In Liquidation) and for the year ended December 31, 2022 (In Liquidation).
- Investments reflected in Note 4 and on the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 (In Liquidation), as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, are supported by little or no market activity and are significant to the fair value measurement.

Ryther Defined Contribution Retirement Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There have been no changes to methodologies used for the period from January 1, 2023 through June 30, 2023 and at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Fund - This asset is reported at cost plus accrued interest, which approximates fair value (Level 1 inputs in the fair value hierarchy).

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs in the fair value hierarchy).

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

Notes to Financial Statements

5. Related Party and Party-in-Interest Transactions

Prior to Plan termination, certain Plan investments were shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company acts as recordkeeper and custodian, as defined by the Plan, and provides certain administrative services for funds held by the Plan. Fees paid to Capital Bank and Trust Company for investment management and recordkeeping are deducted against investment returns. These transactions qualify as exempt party-in-interest transactions.

6. Risks and Uncertainties

Prior to Plan termination, the Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In December 2022, as described in Note 1, the Company resolved to terminate the Plan effective June 30, 2023. Participants became 100% vested in their accounts as of the termination date.

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Ascensus, LLC. Ascensus, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including December 20, 2024, which is the date the financial statements were available to be issued.
