Plan Committee
Allied Oil & Tire Company Profit Sharing Savings Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Allied Oil & Tire Company Profit Sharing Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of July 31, 2023 and December 31, 2022, the related statements of changes in net assets available for benefits in liquidation for the period from January 1, 2023 to July 31, 2023 and the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the period from January 1, 2023 to July 31, 2023 and the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As further discussed in Notes 1 and 4 to the financial statements, the board of directors of Allied Oil and Tire Company approved the termination of the Plan on February 2, 2023, effective July 31, 2023. In accordance with accounting principals generally accepted in the United States of America, the Plan changed its basis of accounting from the going concern basis to the liquidation basis used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Allied Oil & Tire Company Profit Sharing Savings Plan

Notes to Financial Statements

July 31, 2023 and December 31, 2022

1. Plan Description

The following brief description of the Allied Oil & Tire Company Profit Sharing Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Allied Oil and Tire Company (the Company).

Effective February 2, 2023, the Company elected to terminate the Plan and the termination process was completed with all assets distributed by July 31, 2023. See Note 4. In accordance with the Plan termination, effective March 31, 2023, participants began making contributions to the Reladyne LLC 401(k) Plan and no longer contributed to this Plan.

Prior to March 31, 2023, employees were eligible to make pre-tax and after-tax (Roth and voluntary) salary reduction contributions, and receive employer matching contributions after attaining age 21 and completing six months of service. Eligible employees were automatically enrolled in the Plan with salary deferral contributions starting at 4% of their eligible compensation. Employees had the option to choose their own salary deferral percentages in the Plan before their respective automatic enrollment period began and at any subsequent time during the Plan year. Eligible employees would become participants on the first day of the month following the date on which entry requirements were fulfilled.

Participants who were employed on the last day of the plan year were eligible for discretionary nonelective contributions if they completed 1,000 hours of service.

Contributions

Through March 31, 2023, participants could contribute up to 90% of pre-tax and after-tax annual compensation in connection with the 401(k) provisions of the Plan up to the maximum allowable by law. At any time, a participant could elect not to contribute. All participants who were eligible to make deferral contributions and who were projected to attain age 50 before the close of the calendar year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

The Company was required under the Plan to make employer matching contributions to the Plan on salary reduction contributions up to 50% of the first 4% of eligible compensation. The Company could also make discretionary nonelective contributions (service-based contributions). Contributions were subject to certain limitations.

Allied Oil & Tire Company Profit Sharing Savings Plan

Notes to Financial Statements

July 31, 2023 and December 31, 2022

Participant Accounts

Each participant's account was credited with the participant's contribution and allocation of a) the Company's employer matching contributions and b) Plan earnings or losses. The Company's employer matching contributions were allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary nonelective contributions were allocated among participants based upon eligible compensation of participants. Plan earnings or losses were allocated on the basis of actual results of the investments selected by each participant. Investments were maintained in individual member accounts managed by Reliance Trust Company (Reliance).

Vesting

Participants were vested immediately in their contributions and the Company's employer matching contributions plus actual earnings thereon. Effective March 31, 2023, and in accordance with the Plan termination, participants were 100% vested in all employer contributions. Prior to March 31, 2023, the Company's discretionary nonelective contributions were based on years of continuous service. A participant was 20% vested after two years of credited service and vesting increased 20% per year until a participant was 100% vested after six years of credited service.

Notes Receivable from Participants

Effective May 1, 2022, participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Prior to May 1, 2022, participants could borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account and bear interest at rates which were commensurate with local prevailing rates. The terms of the notes were limited to five years, with a maximum of thirty years if the notes were used to acquire a primary residence. All principal and interest payments were made monthly through payroll deductions.

Payment of Benefits

Effective March 31, 2023, participants or their beneficiaries could elect distributions in accordance with the Plan termination (see Note 4). Prior to March 31, 2023, upon termination, retirement, disability, or death the participant or beneficiary could elect to receive either a lump sum or installment payments equal to the value of the vested funds allocated to the participant's account. The Plan required that participant account balances of \$5,000 or less be distributed in a lump-sum payment upon separation of service. Benefits were recorded when paid.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

Due to the termination of the Plan during 2023, management determined that liquidation of the Plan was imminent and, accordingly, the financial statements for 2023 and 2022 have been prepared using the liquidation basis of accounting as required under Financial Accounting Standards Board ASC 205-30-25.

Under the liquidation basis of accounting, the Plan is to recognize all income and expenses it has incurred to liquidate the Plan. The Plan settled its payments to Plan participants as directed by liquidating the underlying investments, or via transfer to another qualified plan. The Company would contribute funds to cover any expenses remaining as necessary. No funds remained in the Plan as of July 31, 2023.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Other

Certain investment management and recordkeeping expenses were paid by the Plan and were included in administrative expenses. Other certain expenses specifically incurred by or attributable to individual participants were paid from the applicable participants' accounts. Investment related expenses were included in net appreciation (depreciation) in fair value of investments. Audit fees were paid by the Company and were excluded from these financial statements.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through May 9, 2024, noting no items requiring disclosure.

3. Information Certified by Reliance

The plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, except for comparing such information certified by the custodian to information included in the Plan's financial statements.

Interest and Dividends from Investments	20,476	219,633
Net Investment Income (Loss)	<u>\$ (7,464,465)</u>	<u>\$ (1,118,395)</u>
Interest Income on Notes Receivable from Participants	<u>\$ 1,062</u>	<u>\$ 3,814</u>

4. Plan Termination

On February 2, 2023, the Board of Directors of the Company voted to terminate the Plan effective March 31, 2023. All assets were liquidated as of July 31, 2023. Effective March 31, 2023, participants became 100% vested in the Plan. Participants were given official notice on March 10, 2023 and were prompted to elect the form of their distributions.

Participants had the following options related to the vested portion of their accounts in the Plan: 1) participants could elect to rollover their balance to the Reladyne 401(k) Plan; 2) participants could elect to rollover their balances to an individual retirement account or another employer's plan of their choosing; or 3) participants could elect to receive a lump sum distribution, subject to applicable taxes.

Participants that did not actively elect the form of their distributions by April 30, 2023 were automatically rolled over to an IRA account at American Century Investments. All assets were distributed as of July 31, 2023.

5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2022. There were no Plan investments as of July 31, 2023.

Mutual Funds: Valued at the daily closing price as reported by the funds. Funds held by the Plan were open-end funds that were registered with the Securities and Exchange Commission. These funds were required to publish their net asset value (NAV) and to transact at that price. Funds held by the Plan were deemed to be actively traded.

Notes to Financial Statements

July 31, 2023 and December 31, 2022

The following table presents by level within fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds:	\$ 6,905,717	\$ -	\$ -	\$ 6,905,717

6. Tax Status

The Plan was qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and was exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Related Party Transactions

Certain Plan investments were mutual funds managed by Reliance. Reliance was a custodian of the Plan through July 31, 2023, and therefore, these transactions qualify as party-in-interest transactions.
