Report of Independent Auditors

To the Board of Trustees of ILWU-PMA Welfare Plan

Opinion

We have audited the accompanying financial statements of ILWU-PMA Welfare Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ILWU-PMA Welfare Plan

Notes to Financial Statements

June 30, 2024 and 2023

1. Description of the Plan

The following description of the ILWU-PMA Welfare Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description (“SPD”) for a more complete description of the Plan’s provisions.

General

The Plan provides comprehensive health care and related benefits to qualified active and retired participants and their qualified dependents, as defined in the Plan Agreement (the “Agreement”). The parties to the Agreement are the International Longshore and Warehouse Union (“ILWU”) and the Pacific Maritime Association (“PMA”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Commencing on July 1 of each year, registered employees who have worked or been credited with a minimum of 800 hours during the preceding payroll year, or 400 hours in the last half of the preceding payroll year, are eligible for benefits until the following June 30. The Plan provides that registered employees not then eligible may become eligible on each January 1 until the next June 30 if a minimum of 400 hours are worked or have been credited to the employee during the first half of the preceding payroll year. Special eligibility rules for newly registered employees are set forth in the SPD. The Plan provides new registrants and their dependents with welfare benefits on the first of the month following registration (with no requirement for 400 hours of work for initial eligibility for coverage). New registrants and their dependents are covered by available welfare programs for the first 24 months of registration. Thereafter, they will be subject to the normal eligibility requirements for continuation of coverage for Plan benefits. Most pensioners and survivor pensioners under the ILWU-PMA Pension Plan and the ILWU-PMA Watchmen Pension Plan have eligibility in the Plan.

Contributions to the Plan

The Plan is funded by contributions from employers, registered employees, and the ILWU. Employers contribute necessary amounts, in addition to employee and ILWU contributions, as required to adequately fund the Plan. Each registered employee contributed 1.5% of wages paid on and after January 5, 2024 and 1.2% prior to said date in financial statement periods presented. If an employee is required to contribute to the California State Disability Insurance Program, the employee’s contribution to the Plan is reduced by the amount of the employee’s payment to that program. The ILWU contributes its share of the cost of the Widows’ Independent Living Subsidy Program (the “WILSP”) (Note 4).

Administration

The Plan is administered by the Trustees of the Plan. The Board of Trustees is comprised of an equal number of ILWU-appointed Trustees and Employer-appointed Trustees. The Trustees have overall responsibility for the operation and administration of the Plan. The Trustees determine the appropriateness of the Plan’s investments and monitor investment performance.

Administrative Expenses

Expenses incurred with the general administration of the Plan, including administrative services provided by the ILWU-PMA Benefit Plans Office, are paid by the Plan and reflected as deductions in the accompanying statements of changes in net assets available for benefits. These transactions are party in interest transactions under ERISA.

Notes to Financial Statements

June 30, 2024 and 2023

Plan Amendments

The increase in postretirement benefit obligations due to plan amendments as reflected in the Statements of Changes in Benefit Obligations for the year ending June 30, 2024 is a result of increased coverage per participant for Life Insurance and Accidental Death or Dismemberment.

Plan Termination

In the event the Plan is terminated, the remaining assets of the Plan shall be used for the payment of benefits until the assets are exhausted.

2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported claims ("IBNR"), claims payable and disclosure of contingent assets and liabilities. While Plan management uses its best estimates and judgments, actual results could differ from these estimates and such differences could be material.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 13 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on the accrual basis.

Payment of Benefits and Claims

Insurance premiums are recorded when paid by the Plan. Claims processed under the self-funded provisions of the Plan are recorded when paid by the Plan to providers or participants, or when reimbursed to third party claims processors.

Postretirement Benefits

The postretirement benefit obligation (Note 9) represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered through June 30, 2024 and 2023. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, (2) active or terminated participants who are fully eligible to receive benefits, and (3) active participants not yet fully eligible to receive benefits.

The annual estimated cost of future claims by the Plan's participants is determined by assumptions applied to historical claims-cost data from participants of the Plan. The actuarial present value of the expected postretirement benefits represents the annual estimated cost of future claims from the Plan's participants adjusted for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment of these claims.

ILWU-PMA Welfare Plan

Notes to Financial Statements

June 30, 2024 and 2023

Separate long-term medical trend assumptions were used to account for benefits eligible for Medicare and those that are not. According to those separate assumptions, the assumed annual rate of increase in the per capita cost of covered health care benefits eligible and not eligible for Medicare for the year ended June 30, 2024 was 7.6% (6.4% at June 30, 2023) and 6.4% (6.7% at June 30, 2023), respectively.

For benefits eligible for Medicare, at June 30, 2024 the rate of change for future years was assumed to decrease gradually to 3.7% by fiscal year 2072 and to remain at that level thereafter; at June 30, 2023 the rate of change for future years was assumed to decrease gradually to 3.7% by fiscal year 2073 and to remain at that level thereafter.

For benefits not eligible for Medicare, at June 30, 2024 the rate of change for future years was assumed to decrease gradually to 3.7% by fiscal year 2072 and to remain at that level thereafter; and at June 30, 2023 the rate of change for future years was assumed to decrease gradually to 3.7% by fiscal year 2073 and to remain at that level thereafter.

The following were other significant assumptions used in the valuations as of June 30, 2024 and 2023:

- a. For the years ended June 30, 2024 and 2023, healthy retiree mortality rates were based on the PRI-2012 Amount-Weighted Blue Collar Retiree Tables with rates multiplied by 103.9%, projected generationally with Mortality Improvement Scale MP-2021; disabled mortality rates were based on the PRI-2012 Amount-Weighted Disabled Retiree Tables projected generationally with Mortality improvement Scale MP-2021; and pre-retirement mortality rates were based on the PRI-2012 Amount-Weighted Blue Collar Employee Tables projected generationally with Mortality Improvement Scale MP-2021.
- b. Retirement rates for employees assumed to retire from active employment, based on probabilities of retirement are as follows:

Age	Has Not Attained Maximum Years of Service (%)	Has Attained Maximum Years of Service (%)
59	0	3
60	5	8
61	5	15
62	15	30
63	12	25
64	13	20
65	14	20
66	15	20
67	15	30
68-69	15	20
70-71	17	20
72	17	25
73	17	30
74	25	30
75+	100	100

ILWU-PMA Welfare Plan

Notes to Financial Statements

June 30, 2024 and 2023

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefits.

Other Plan Benefits

Plan obligations at June 30, 2024 and 2023 for health claims incurred by participants but not reported at that date, for accumulated eligibility of participants, and for future disability payments to members considered permanently disabled at June 30, 2024 and 2023 are estimated by the Plan's actuary in accordance with accepted actuarial principles. Such estimated amounts are reported in the accompanying statements of the Plan's benefit obligations at present value, based on a 5.25% discount rate as of June 30, 2024 and 5.00% as of June 30, 2023. Health claims incurred by retired participants but not reported at year end are included in the postretirement benefit obligation.

Leases

On June 30, 2023, the Plan adopted Accounting Standards Codification Topic 842 using the alternative modified retrospective approach effective as of July 1, 2022 to recognize a cumulative-effect adjustment on the effective date and to not adjust financial information and disclosures required under the new lease standards for comparative prior periods. The Plan has elected the package of practical expedients that permits it to not reassess, under the new lease accounting standard, its prior conclusions for any expired or existing contracts at the application date of Topic 842, regarding lease identification, lease classification, and initial direct costs. The new lease accounting standard also provides practical expedients for an entity's ongoing accounting. The Plan made an accounting policy election to not recognize right-of-use assets and lease liabilities that arise from short-term leases, which are defined as leases with a lease term of 12 months or less at the lease commencement date.

When readily determinable, the discount rate used to calculate the lease liability is the rate implicit in the lease. If the rate implicit in the lease is not readily determinable, the Plan elected to use a risk-free discount rate for the lease, determined using a period comparable with that of the lease term, instead of its incremental borrowing rate.

The Plan will determine if an arrangement is a lease at inception of the contract. For its lease, the Plan recognizes as of the lease commencement date on the statements of net assets available for benefits a liability for its obligation related to the lease and a corresponding asset representing the right to use the underlying asset over the period of use. The Plan recognizes the lease liability for its lease based on the present value of the lease payments not yet paid at the commencement date of the lease. The right of use asset ("ROU asset") for its lease is recorded at the amount equal to the initial measurement of lease liability. When determining the lease term, the Plan considers renewal options that it is reasonably certain to exercise and termination options that it is reasonably certain not to exercise, in addition to the non-cancellable period of the lease. Options to terminate the lease are considered unlikely to be exercised and have not been taken into account in the calculation of the ROU assets or lease liabilities.

For operating leases, the expense is generally recognized on a straight-line basis over the lease term the Plan has an operating lease for a building as disclosed in Note 6.

The Plan has lease contracts that include lease and non-lease components and has elected to separate out each of these components. Therefore, the non-lease components are expensed as incurred and are not included within the calculation of the lease liability.

3. Recent Accounting Pronouncements

New Accounting Pronouncements Recently Adopted

In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-02, *Lease (Topic 842): Leases*. The FASB issued ASU 2016-02 to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of net assets available for benefits and disclosing key information about leasing arrangements. Under ASU 2016-02, a lessee will recognize in the statement of net assets available for benefits a liability to make lease payments (the lease liability) and a right-to-use asset representing its right to use the underlying asset for the lease term. An entity will be required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. In June 2020, the FASB issued ASU 2020-05, *Revenue from Contracts with Customer (Topic 606) and Leases (Topic 842): Effective Dates for Certain Entities*. ASU 2020-05 defers the effective date for the "all other" category and public not-for-profit entities that have not yet issued their financial statements reflecting the adoption of the new lease standard. This ASU is effective for entities with fiscal years beginning after December 15, 2021. The adoption of ASU 2016-02 did not have a material impact on the Plan's financial statements for the year ended June 30, 2023, the year of adoption.

In July 2018, the FASB issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*. ASU 2018-11 provides guidance on comparative reporting at adoption for ASU 2016-02. ASU 2018-11 provides the option to adopt ASU 2016-02 for the first time in the year of adoption instead of retrospectively applying ASU 2016-02. The lease assets and liabilities can now be shown at the beginning of the adoption year and the difference reflected as an adjustment to net assets available for benefits. ASU 2018-11 is effective for the Plan's year ended June 30, 2023, which is the year of adoption of ASU 2016-02. This ASU did not have a material impact on the Plan's financial statements as there was no impact to net assets available for benefits.

In November 2021, the FASB issued ASU 2021-09, *Leases (Topic 842): Discount Rate for Lessees That Are Not Public Business Entities*. ASU 2021-09 allows non-public business entities who elect the practical expedient of the risk-free rate as an accounting policy to do so by class of underlying asset instead of at the entity-wide level. It also requires that when the rate implicit in the lease is readily determinable for any individual lease, the lessee must use that rate, even if the risk-free rate election is made. ASU 2021-09 was effective upon adoption of ASU 2016-02, which was adopted for the year ended June 30, 2023.

4. Widows' Independent Living Subsidy Program ("WILSP")

Effective July 1, 1978, an agreement between the ILWU and PMA was implemented, which provides, as part of the Plan, cash subsidy benefits and Medicare supplement benefits under the WILSP. Benefits are available to certain widows of pensioners under the ILWU-PMA Welfare Plan who died prior to July 1, 1964 and, effective during 1982, certain widows of active employees who died prior to July 1, 1975 and satisfied other requirements. Effective September 1, 2007, benefits are also available to certain widows of active employees who died prior to July 1, 1999.

Agreements between the ILWU and PMA were implemented effective January 1, 2017 to transfer the monthly \$500 cash subsidy benefit payment to the ILWU-PMA Pension Plan. The Medicare Premium reimbursement and dental benefit remains in the Plan.

5. Medicare Subsidy

The Plan recognized Medicare subsidy of \$7,690,124 and \$6,035,439 for the years ended June 30, 2024 and June 30, 2023, respectively.

6. Leased Premises

The ILWU-PMA Benefit Plans lease office space in San Francisco, California, necessary for the operation of the Plans, in a building owned by the Pacific Longshoremen's Memorial Association, an affiliate of the ILWU. On August 20, 2022, the Joint Trustees of the ILWU-PMA Pension Plan and ILWU-PMA Welfare Plan, entered into a cancellable lease agreement that expires on March 31, 2027. The Plans have the right to terminate the lease on 90 days' written notice without cost or other termination payment. Lease payments are subject to adjustments in future years based upon an escalation clause in the lease agreement. The right of use asset ("ROU"), lease liability and lease expense are allocated among the ILWU-PMA Pension Plan and ILWU-PMA Welfare Plan, as well as the ILWU-PMA Watchmen Pension Plan.

Upon adoption of ASC 842, the Plan recorded an operating lease ROU asset and lease liability amounting to \$1,758,514 each, with no cumulative adjustments to net assets available for benefits.

Total operating lease expense under this lease for the Plan was \$402,716 for the year ended June 30, 2024 and June 30, 2023 that is included in administrative expenses in the statements of changes in net assets available for benefits.

Cash paid for amounts included in the measurement of operating lease liabilities was \$394,594 and \$384,562 respectively for the year ended June 30, 2024 and June 30, 2023.

Future minimum lease payments under the Plan's cancellable operating lease as of June 30, 2024, was as follows:

Year ended June 30,

2025	404,626
2026	414,659
2027	280,898
Total undiscounted lease payments	1,100,183
Less: imputed interest	(40,286)
Total operating lease liability	<u>\$ 1,059,897</u>
Current	\$ 380,031
Non-Current	679,866
Total operating lease liability	<u>\$ 1,059,897</u>

Non-lease components and other various related rental expense costs, such as maintenance and taxes, allocated to the Plan was \$63,623 and \$14,972 respectively as of June 30, 2024 and June 30, 2023 that is included in administrative expenses in the statements of changes in net assets available for benefits.

The ILWU-PMA Benefit Plans Office ("BPO") employs certain office and professional staff covered under a collective-bargaining agreement. The BPO contributes to the Western States Office and Professional Employees Pension Fund multiemployer defined benefit pension plan under the terms of this agreement. These costs represent administrative expenses incurred in administering the ILWU-PMA Pension Plan, ILWU-PMA Welfare Plan and ILWU-PMA Watchmen Pension Plan, and were allocated to each of these plans.

The risks of participating in a multiemployer plan are different from a single-employer plan in the following aspects:

(a) Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers;

(b) If a participating employer stops contributing to the multiemployer plan, the unfunded obligations of the multiemployer plan may be borne by the remaining participating employers, including the BPO, which would allocate any unfunded obligation to the ILWU-PMA Pension Plan, ILWU-PMA Welfare Plan and ILWU-PMA Watchmen Pension Plan; and

(c) If the BPO were to choose to stop participating in the multiemployer plan, the BPO may be required to pay this multiemployer plan an amount based on the underfunded status of the multiemployer plan, referred to as a withdrawal liability. This withdrawal liability would be allocated

to the ILWU-PMA Pension Plan, ILWU-PMA Welfare Plan and ILWU-PMA Watchmen Pension Plan.

As of November 1, 2017, the BPO no longer contributed to the Western States Office and Professional Employees Pension Fund ("Pension Fund"). The total withdrawal liability determined by the Pension Fund based on the Pension Fund's Unfunded Vested Benefit during the 2017 plan year amounts to \$9,581,397 (the Net Present Value "NPV" of the total withdrawal liability calculated by the Plan as of June 30, 2024 and June 30, 2023 is \$3,288,375 and \$3,429,732 respectively). The portion of the total withdrawal liability NPV expensed by the Plan is \$141,454 for the year ended June 30, 2024 and \$147,282 for the year ended June 2023 and is reflected in administrative expenses.

The BPO's participation in the multiemployer plan and related administrative expense allocated to the Plan for the annual periods ended June 30, 2024 and 2023 is outlined in the table below. Pension plans with a Pension Protection Act red zone status are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded, and plans in the green zone are at least 80 percent funded.

Pension Fund	Pension Plan Employer Identification Number	Pension Protection Act Zone Status		Funding Improvement Plan/ Rehabilitation Plan	Allocated ILWU-PMA Welfare Plan Contributions (Administrative)		Surcharge Imposed	Expiration Date of Collective Bargaining
		2024	2023		2024	2023

The BPO also contributes to a multiple-employer defined benefit pension plan covering certain managerial and professional staff. These costs represent administrative expenses incurred in administering the ILWU-PMA Pension Plan, ILWU-PMA Welfare Plan and ILWU-PMA Watchmen Pension Plan and are allocated to each of these Plans. The BPO's participation in the multiple-employer plan and related administrative expense allocated to the Plan for the annual periods ended June 30, 2024 and 2023 is outlined in the table below.

Pension Fund	Pension Plan Employer Identification Number	Pension Protection Act Zone Status		Funding Improvement Plan/ Rehabilitation Plan	Allocated ILWU-PMA Welfare Plan Contributions (Administrative)

9. Postretirement Benefit Obligations

The Plan's deficiency of net assets over benefit obligations at June 30, 2024 and 2023 relates primarily to the postretirement benefit obligation, the funding of which is not fully covered by the contribution rate. It is expected that the Plan will be funded through future employer and employee contributions.

The weighted-average health care cost-trend rate assumption (Note 2) has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each future year, the obligations as of June 30, 2024 and 2023 would increase by \$1,419,165,191 and \$1,424,145,495 respectively.

Medicare Part D

On December 8, 2003, the Medicare Prescription Drug, Improvement, and Modernization Act was signed into law (the "Act"). The Act introduces a prescription drug benefit for Medicare-eligible retirees starting in 2006. Beginning with the fiscal year ended June 30, 2006, the Plan has determined that the benefits provided by the Plan are actuarially equivalent to Medicare Part D under the Act and has incorporated the net effect of the Act in the calculation of the postretirement benefit obligation.

The approach used to measure the impact of the Medicare prescription drug subsidy is based on guidance published by the Centers for Medicare and Medicaid Services and relevant guidance from Accounting Standards Codification Topic 715 ("ASC 715").

For the years ended June 30, 2024 and 2023, a benefit of \$335,481,199 and \$289,188,255, respectively, was reported as the estimated effect of Medicare Part D in the determination of the postretirement benefit obligation.

The following table summarizes the effect of the Act with respect to the calculation of the postretirement benefit obligation:

Accumulated Postretirement Benefit Obligation (APBO)	Before Medicare Part D	After Medicare Part D	Effect of Medicare Part D
June 30, 2024	\$ 8,213,855,480	\$ 7,878,374,281	\$ (335,481,199)
June 30, 2023	\$ 7,905,492,044	\$ 7,616,303,789	\$ (289,188,255)
	Fiscal Year Ended June 30		
	2024	2023	
Expected benefit payments	\$ 233,943,696	\$ 221,950,372	
Expected subsidy receipts	\$ 7,237,000	\$ 6,788,000

10. Related-Party and Party-In-Interest Transactions

Administrative services are provided by the BPO and are allocated to the ILWU-PMA Pension Plan, ILWU-PMA Watchmen Pension Plan, and ILWU-PMA Welfare Plan based on a pre-determined allocation rate.

Following are net amounts due from related parties for administrative services as of June 30, 2024 and 2023, included under other assets in the statements of net assets available for benefits:

	2024	2023
ILWU-PMA Watchmen Pension Plan, net receivable	\$ 4,834	\$ 4,108
ILWU-PMA Pension Plan, net receivable	1,171,726	828,129

PMA provided accounting and data processing services to the Plan and charged the Plan \$126,278 for these services for each of the years ended June 30, 2024 and 2023 that is included in administrative expenses in the statements of changes in net assets available for benefits.

11. Tax Status

The Plan obtained its latest determination letter on October 24, 1951, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As required by accounting principles generally accepted in the United States of America, Plan management has evaluated the tax positions taken by the Plan. Plan management believes there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements of the Plan or that would not be sustained upon examination by the Internal Revenue Service. As of June 30, 2024, Plan management believes the Plan is no longer subject to income tax examinations for the years prior to 2020.

12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to or for participants per the financial statements to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 237,124,221	\$ 227,398,675
Benefit obligations currently payable	<u>(110,017,617)</u>	<u>(105,078,368)</u>
Net assets available for benefits per the Form 5500	<u>\$ 127,106,604</u>	<u>\$ 122,320,307</u>

	2024	2023
Benefit payments per the financial statements	\$ 899,167,168	\$ 840,599,493
Add: Amounts currently payable at June 30, 2024 and 2023	110,017,617	105,078,368
Less: Amounts currently payable at June 30, 2023 and 2022	<u>(105,078,368)</u>	<u>(83,438,603)</u>
Benefits paid to or for participants per the Form 5500	<u>\$ 904,106,417</u>	<u>\$ 862,239,258</u>

Claims and premiums that have been processed and approved for payment at year-end but not paid, and claims incurred but not reported are not considered liabilities under GAAP and, therefore, are not presented as liabilities or claims and premiums paid in the accompanying financial statements, but are recorded on the Form 5500 as a liability.

13. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted market prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Prices or valuations that require inputs that are supported by little or no market activity and that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used from 2023 to 2024.

Interest-bearing Cash

Interest-bearing cash is valued at the outstanding balances in interest-bearing checking accounts. At times, the accounts may be in excess of the Federal Deposit Insurance Corporation insurance, however, management believes the risk is minimal. At June 30, 2024 and 2023, all of the Plan's investments are classified as Level 1 investments.

14. Risks and Uncertainties

The Plan can invest in various investment securities. The fair values assigned to the investments by the Plan are based upon available information believed to be reliable. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The actuarial present value of postretirement benefits is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

15. Subsequent Events

The Plan Trustees have evaluated subsequent events through December 20, 2024, which is the date of the financial statements were available to be issued and have determined that there are no additional items for disclosure.
