Independent Auditors' Report

To the Plan Administrator of
Community Health Centers of Burlington Retirement Plan
Burlington, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Community Health Centers of Burlington Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of April 30, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years ended April 30, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended April 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Health Centers of Burlington Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Health Centers of Burlington Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Health Centers of Burlington Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Health Centers of Burlington Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Community Health Centers of Burlington Retirement Plan

Notes to Financial Statements

April 30, 2024 and 2023

1) Description of the Plan

The following brief description of the Community Health Centers of Burlington Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

- (a) General - The Plan is a defined contribution retirement plan established by Community Health Centers of Burlington, Inc. (the “Company”) on July 1, 1993. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
- (b) Eligibility - Employees are eligible to participate in the Plan immediately upon hire. Participants must complete 1,000 hours of service or be employed for a full year and be 21 years of age to be eligible for employer contributions.
- (c) Contributions - Participants may elect to defer a portion of their salary on a pre-tax or post-tax basis of all eligible compensation. Participants who turn 50 years old before the end of the year may defer additional catch-up contributions. Contributions are subject to strict limits imposed by the Internal Revenue Service (IRS).

The Plan allows for safe harbor non-elective contributions. Under safe harbor regulations, the Company is required to contribute a minimum of 3% of each participant’s eligible compensation to the Plan annually. All participants receive this contribution after they meet the eligibility requirements stated above. Maximum compensation eligible for an allocation is the IRS allowable compensation in effect for the Plan year.

Additional discretionary profit sharing contributions are allowed in accordance with the terms of the Plan. Such contributions are allocated to participants based upon eligible compensation and hours worked. The Company did not make a profit sharing contribution in 2024 or 2023.

- (d) Vesting - Employee contributions and safe harbor contributions are 100% vested when made. Vesting in employer profit sharing contributions is based on years of continuous service in which the participant works a minimum of 300 hours. Vesting increases by 20% per year. A participant is 100% vested after five years of credited service, death, disability, attainment of age 65, or termination of the Plan.
- (e) Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's safe harbor contribution, and allocation of (a) the Company's additional discretionary contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations are based on participant's eligible compensation relative to total eligible compensation, deferred contribution amounts or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their account as provided by the Plan.
- (f) Payment of Benefits - Participants are entitled to their total vested account balance at the time a benefit is payable. Upon retirement, death, or disability, the participant or beneficiary will receive the entire value in a lump sum payment.

Community Health Centers of Burlington Retirement Plan

Notes to Financial Statements

April 30, 2024 and 2023

Description of the Plan (continued)

Certain in-service distributions are allowed as described in the Plan document.

- (g) Forfeited Accounts - The nonvested portion of accounts are forfeited upon termination of the participant and used to reduce future employer contributions or pay Plan expenses. During 2024 and 2023, \$0 and \$3,922 was used to reduce Plan expenses, respectively. Forfeitures available for use were \$2,551 at April 30, 2024 and 2023.
- (h) Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest is charged at market rates. Loans must be repaid through payroll deductions within a maximum of five years, except in the case of loans for the purchase of a primary residence.

2) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

- (a) Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.
- (b) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (c) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (d) Expenses of the Plan - In general, except for certain direct expenses, all expenses incurred in the administration of the Plan are paid by the Company.

Summary of Significant Accounting Policies (continued)

- (e) Risks and Uncertainties - The Plan provides various investment options. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
- (f) Notes Receivable - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
- (g) Payments of Benefits - Benefits are recorded when paid.
- (h) Subsequent Events - The Plan evaluated subsequent events through January 24, 2025, the date the Plan's financial statements were available to be used.

3) Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended April 30, 2024 and 2023.

4) Investment Contract

The Plan has entered into a fully benefit-responsive investment contract. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Investment Contract (continued)

Certain events might limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5) Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

There have been no changes in the methodologies used at April 30, 2024 and 2023.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of April 30, 2024 and 2023, the Plan's mutual fund investments amounted to \$16,382,951 and \$13,939,134, respectively, and are measured using level 1 inputs within the fair value hierarchy.

6) Plan Amendment and Termination

The Company has the right to amend, modify, or terminate the Plan at any time. In no event will an amendment have the effect of reducing participant account balances. In the event of Plan termination, participants will automatically become fully vested in their account balances. The Company has not expressed any intent to terminate the Plan.

Additionally, the Company may amend the Plan at any time without the consent of any participant or any beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefit.

7) Related Party Transactions

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

8) Income Taxes

The Plan is based on a prototype plan that has obtained a determination letter dated June 30, 2020 stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Generally the plan administrator and the Plan may rely on the determination letter as to the form of the plan qualifying under the Internal Revenue Code (except as otherwise noted in the determination letter). Additionally, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Income Taxes (continued)

FASB ASC 740, *Income Taxes*, requires entities to disclose in their financial statements the nature of any uncertainty in their tax positions. For tax-exempt entities, tax-exempt status itself is deemed to be an uncertainty, as events could potentially occur to jeopardize their tax-exempt status. Management believes the Plan has no uncertain tax positions. The Plan anticipates that it will not have a change in uncertain tax positions during the next twelve months that would have a material impact on the Plan's financial statements. If necessary, the Plan would accrue interest and penalties on uncertain tax positions as a component of the provision for income taxes. The Plan is no longer subject to federal and state income tax examinations by tax authorities for years before the year ended April 30, 2021.

9) Withdrawing Participants

All participants who have withdrawn from the Plan and requested their benefits have been paid as of April 30, 2024.

10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at April 30:

	2024	2023
Net assets available for plan benefits per the financial statements	\$ 17,444,249	\$ 14,882,640
