INDEPENDENT AUDITOR'S REPORT

The Participants and Administrator of the
Niagara Lutheran Health System, Inc.
Retirement Plan

Opinion

We have audited the financial statements of Niagara Lutheran Health System, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 17, 2024 and December 31, 2023, the related statements of changes in net assets available for benefits for the period January 1, 2024 through September 17, 2024 and the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of September 17, 2024 and December 31, 2023, and the changes in its net assets available for benefits for the period January 1, 2024 through September 17, 2024 and the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the Board of Directors of Niagara Lutheran Health System, the Plan's Sponsor, approved on November 16, 2023, to merge the Plan into Lineage Group Multiple Employer Plan; on July 1, 2024, and effective July 19, 2024. All plan assets were transferred to the control of Lineage Group Multiple Employer Plan as of September 17, 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, schedule h, line 4j – schedule of reportable transactions for the period ended September 17, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan covering all full-time employees of the Company and its wholly owned subsidiaries (Niagara Lutheran Health System, Inc. (the Company): Niagara Lutheran Development, Inc., d/b/a GreenField Health & Rehabilitation Center, GreenField Manor, Inc., Lutheran Church Home of GreenField, Inc., d/b/a GreenField Court and Lutheran Church Home of Buffalo, Inc., d/b/a GreenField Terrace) who have one year of service, which includes 1,000 hours of eligible service. The Plan is subject to the provisions of ERISA. The investment committee determines the appropriateness of the Plan's investment offerings, monitors and reports investment performance. The Plan is administered by the Company. The Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors performance, and reports to the Board of Directors. UBS Financial Services, Inc. (UBS) is the trustee of the Plan assets. All current participant balances are allocated to investments maintained by UBS.

Plan Merger: On November 16, 2023, the Board of Directors approved a decision to merge into the Lineage Group Multiple Employer Plan; on July 1, 2024, and effective July 19, 2024, a formal resolution was adopted. As a result, net assets of \$3,085,225 were transferred to Lineage Group Multiple Employer Plan as of September 17, 2024. The merger does not impact participant benefits as the benefit provisions were incorporated in Lineage Group Multiple Employer Plan.

Eligibility and Contributions: All employees who have reached the eligibility requirements during the year enter the Plan on the earlier of either January 1 or July 1 following the date these requirements are met.

The Board of Directors of the Company may make a discretionary profit-sharing contribution. Employees must be employed on the last day of the Plan year to receive the discretionary profit-sharing contribution. For the period ended September 17, 2024, employer contributions of \$50,994 were remitted to the Plan, but were not allocated to participant accounts. If the Board of Directors elects to make a discretionary profit-sharing contribution for the year ended December 31, 2024, it will be allocated to eligible participants in the Lineage Multiple Employer Plan. For the year ended December 31, 2023, the approved contribution rate was 2% of eligible wages and the discretionary profit-sharing contribution amounted to \$229,006.

Participant Accounts: Each participant's account is credited with an allocation of (a) the Company's contributions and forfeitures and (b) Plan earnings. Participant accounts are charged with an allocation of investment expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested in all employer contributions after three years of eligible service. In the event of death or disability, participants will become fully vested in their account.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive lump-sum cash, life income or periodic payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts: During the period ending September 17, 2024, there were no forfeitures reallocated to participants' accounts (\$5,360 - year ending December 31, 2023). There was no forfeiture balance at September 17, 2024 or December 31, 2023.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain administrative expenses associated with the Plan are paid by Plan participants. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Deferred Employer Contribution: Deferred employer contribution represents contributions made to the Plan by the Company in excess of the employer discretionary profit-sharing contribution amount determined for the year ended December 31, 2023. The deferred employer contribution will be used to fund employer contributions during the year ended December 31, 2024, for the Lineage Group Multiple Employer Plan.

Subsequent Events: The Plan has evaluated subsequent events through January 22, 2025, the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standard Codification (FASB ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NIAGARA LUTHERAN HEALTH SYSTEM, INC.
RETIREMENT PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 17, 2024, and December 31, 2023.

Shares of registered investment companies: These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as Level 1 investments.

Cash and cash equivalents: Valued at the balance of the cash account at year end. Cash and cash equivalents are classified as Level 1 investments.

The table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023. There were no investments at fair value in the Plan as of September 17, 2024.

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Shares of registered investment companies	\$ 2,860,302	\$ -	\$ -	\$ 2,860,302
Cash and cash equivalents	<u>51,783</u>	<u>-</u>	<u>-</u>	<u>51,783</u>
Total assets at fair value	<u>\$ 2,912,085</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,912,085</u>

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by UBS. Fees incurred and paid directly to UBS qualify as party in interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
