Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed an audit of the financial statements of Community Health of Central Washington 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank, or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMUNITY HEALTH OF CENTRAL WASHINGTON

Notes to Financial Statements

June 30, 2024 and 2023

(1) Description of Plan

The following description of the Community Health of Central Washington 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan, established January 1, 2011. The Plan has been amended and restated throughout the years to comply with tax legislation and was most recently amended December 1, 2021. The Plan covers substantially all employees of Community Health of Central Washington (the Organization or Plan Sponsor), except for union employees, leased employees, and non-resident alien employees as defined in the Plan.

The Plan is administered by the Trustees and a Fund Review Committee who receive assistance from a retirement plan administration organization, which processes and maintains records of participant account activity.

All contributions made to the Plan are held in a trust fund. The Trustees are responsible for the safekeeping of the trust fund. The trust fund established by the Trustees is the funding medium used for the accumulation of assets from which benefits are distributed.

Eligibility

To be eligible to participate in the salary deferral portion of the Plan, an employee must attain age 21 and complete three consecutive months of employment. Additionally, if an employee does not complete three consecutive months of employment, they are still eligible for Plan participation after completing 1,000 hours in one year of service. Employees enter the Plan during the pay period coinciding with or next following the completion of the eligibility requirements.

To be eligible for the employer safe harbor contributions and non-elective discretionary profit-sharing contributions portion of the Plan, an employee must attain age 21 and complete 1,000 hours of service in one year of service. Employees enter the Plan on the first day of the first month or first day of the seventh month of the Plan year. In addition, the non-elective discretionary profit-sharing contributions also require an employee to be employed by the Company on the last day of the Plan year and attain 1,000 hours of service for the Plan year.

Contributions

Participants may contribute up to the maximum annual federal dollar limit to pre-tax or Roth salary deferrals, as provided in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers into the Plan from other qualified plans are allowed under the provisions of the Plan.

COMMUNITY HEALTH OF CENTRAL WASHINGTON
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

June 30, 2024 and 2023

The Organization will make a safe harbor contribution equal to 3% of each eligible participant's compensation for the Plan year. The Company contributed \$763,346 and \$706,216 in safe harbor matching contributions for the years ended June 30, 2024 and 2023, respectively. The Organization may also elect to make a discretionary profit-sharing contribution. The Organization elected to make discretionary profit-sharing contributions of \$0 and \$650,662 for years ended June 30, 2024 and 2023, respectively.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of the Organization's contributions, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions, including employee and employer contributions, plus actual earnings on those contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator in accordance with the Plan's provisions related to participant loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants are eligible to receive 100% of their vested account balance upon attaining normal retirement age of sixty-five years, death, disability, or other reasons as noted in the Plan document. A participant may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount. The Plan allows for in-service distributions if a participant reaches age sixty-two, of rollover contributions, for military service and qualified birth of adoption as defined by the Plan. If a participant terminated employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will distribute the funds in cash.

Administrative Expenses

Expenses associated with administering the Plan are paid by the Plan Sponsor and the Plan. Allocations of Plan expenses to participant accounts are based on participant account balances.

Investment Options

Participants direct employee and employer contributions into various investments offered by the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of the stable value collective trust fund, mutual funds, and money market accounts. Concentrations of credit risk are limited as the Plan maintains an investment portfolio that is diversified between various publicly traded investments. Investments in money market accounts may, at times, exceed federally insured limits. The Plan Administrator believes there is no significant risk with respect to these accounts.

Non-interest Bearing Cash

Funds related to stale checks for unsuccessful distributions are held in non-interest bearing cash accounts until the participant can be contacted and the check reissued. A corresponding liability is also recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of the investments is based on quoted market prices, if available. Otherwise, the fair values are determined by the issuers based on other investments with similar terms.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance, plus any accrued but unpaid interest, and classified as notes receivable from participants.

Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as investment fees and are expensed when they are incurred. No allowance for credit losses have been recorded as of June 30, 2024 and 2023. The Plan Administrator treats a participant loan as a distribution if the participant fails to make up the missed scheduled loan payment by the end of the calendar quarter following the calendar quarter in which the default occurred.

Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs based upon quoted prices in active markets for identical assets.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 Inputs that are unobserved for the asset.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at June 30, 2024 and 2023.

Mutual funds and money funds: The fair value of mutual fund investments is based on the daily closing prices reported on the exchange or listed market. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded and are considered Level 1 investments.

Stable value collective trust fund: A stable value fund composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of June 30, 2024 and 2023, there were no distributions that had been requested but not yet paid.

(3) Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's auditors to not perform any auditing procedures with respect to investments and notes receivable from participants that are certified by Matrix Trust Company, the custodian of the Plan, for the years ended June 30, 2024 and 2023, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of U.S. GAAP.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

Assets at Fair Value as of June 30, 2024

	Level 1	Total
Money market funds	\$ 125,737	\$ 125,737
Mutual funds	27,192,562	27,192,562
Total assets in the fair value hierarchy	27,318,299	27,318,299
Investments measured at net asset value ^(a)	-	675,588
Investments at fair value	<u>\$ 27,318,299</u>	<u>\$ 27,993,887</u>

Assets at Fair Value as of June 30, 2023

	Level 1	Total
Mutual funds	\$ 22,869,425	\$ 22,869,425
Total assets in the fair value hierarchy	22,869,425	22,869,425
Investments measured at net asset value ^(a)	-	966,750
Investments at fair value	<u>\$ 22,869,425</u>	<u>\$ 23,836,175</u>

^(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>June 30, 2024</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Stable value collective trust fund	\$ 675,855	n/a	Daily	12 months
<u>June 30, 2023</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Stable value collective trust fund	\$ 966,750	n/a	Daily	12 months

(4) Party-in-Interest Transactions

Matrix Trust Company is the custodian of the Plan. RBC Wealth Management offers investment advisory services to the Plan, and Northwest Plan Services, Inc. is the third-party administrator (TPA) and record keeper. Therefore, transactions with the custodian, investment advisor, and the TPA/record keeper qualify as party-in-interest transactions. Total fees paid by the Plan for administration and investment advisory services amounted to \$120,892 and \$105,456 for the years ended June 30, 2024 and 2023, respectively. The Plan Sponsor also paid certain administrative expenses of the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(5) Tax Status

The Plan document is based on the adoption of a prototype plan, which the Internal Revenue Service (IRS) has determined was designed in accordance with applicable sections of the Internal Revenue Code (IRC) by a letter dated March 31, 2014. The Plan itself has not requested a determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan's income tax returns are subject to review and examination by federal and state authorities. The Plan is not aware of any activities that would jeopardize its tax-exempt status, nor is it aware of any activities that are subject to tax on unrelated business income or excise or other taxes. The Plan amendments have had no impact on the Plan's tax status.

COMMUNITY HEALTH OF CENTRAL WASHINGTON
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

June 30, 2024 and 2023

(6) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and all assets would be held, administered, and distributed pursuant to the Plan's terms and conditions.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Subsequent Events

The Plan has evaluated subsequent events through January 24, 2025, which is the date the financial statements were available to be issued.
