INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrators of
CRP Industries, Inc. Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of CRP Industries, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of January 1, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period ended January 1, 2023, and the related notes to the financial statements.

In our opinion, the financial statement referred to above present fairly, in all material respects, the net assets available for benefits of CRP Industries, Inc. Profit Sharing Plan as of January 1, 2023 and December 31, 2022, and the changes in its net assets available for benefits for the period ended January 1, 2023, in accordance with accounting principals generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CRP Industries, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considering in the aggregate, that raise substantial doubt about CRP Industries, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CRP Industries, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CRP Industries, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at Year End) as of January 1, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A

Description of Plan

The following description of the CRP Industries, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a noncontributory retirement profit sharing plan covering all employees of CRP Industries, Inc. (the "Company"). An eligible employee who was not a participant in the Plan with respect to profit sharing contributions shall become a participant eligible to receive profit sharing contributions on the first day of the first month and seventh month of the Plan Year coincident with or next following the date he or she attains age 21 and he or she completes one year of eligible service; provided, that he or she is an eligible employee on that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective September 3, 2019, the Board of Directors of the Plan agreed to the merger of the 401(k) Plan portion of the Plan into the multi-employer plan known as EANJ 401(k) Retirement Advantage Plan. Prior to September 3, 2019, the Plan was a combined 401(k) and retirement profit sharing plan.

Plan Merger:

Effective January 1, 2023, the Board of Directors of the Plan agreed to the merger of the Plan into the multi-employer plan known as EANJ 401(k) Retirement Advantage Plan. As a result, all assets of the Plan were transferred into the EANJ 401(k) Retirement Advantage Plan in 2023.

Contributions:

For the period ended January 1, 2023, CRP Industries, Inc. elected not to contribute profit sharing contributions. Contributions are invested in a portfolio of investments, as directed by the Company. Contributions are subject to certain statutory limitations.

Participant Accounts:

Each participant's account is credited with allocations of (i) the Company's contribution and (ii) Plan net earnings (losses). Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and reimbursement of certain Plan administrative expenses. The nonvested portion from Company profit sharing contribution is reallocated to the remaining participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Description of Plan (Continued)

Payment of Benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses:

Although not required by the Plan, the Company has elected to pay a portion of the administrative expenses of the Plan, including audit and other administrative expenses. Expenses that are paid by the Company are excluded from these financial statements. Notwithstanding the foregoing, the Company may direct that administrative expenses that are allocable to the account of a specific participant be paid from that account.

Forfeitures:

At January 1, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$2,891 and \$2,891, respectively. These forfeitures will be used to reduce the Plan's future administrative expenses. For the period ended January 1, 2023, no forfeitures were used to reduce the Company's administrative expenses.

Note B

Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note C for the discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
January 1, 2023 and December 31, 2022

Note B
Summary of Significant Accounting Policies (Continued)

Payment of Benefits:

Benefits are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”) requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events:

As a result of the Plan merger effective January 1, 2023, all assets of the Plan were transferred into the EANJ 401(k) Retirement Advantage Plan on January 3, 2023. The Plan has evaluated subsequent events through January 28, 2025, the date the financial statements were available to be issued.

Note C
Fair Value Measurements

The Plan adopted FASB Accounting Standards Codification 820 (“ASC 820”), “Fair Value Measurements and Disclosures”, which establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1” measurements), gives the next priority to values based on observable inputs (“Level 2” measurements), and the lowest priority to values based on unobservable inputs (“Level 3” measurements). The three levels of the fair value hierarchy under ASC 820 are briefly described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
----------------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">– Quoted prices for similar assets or liabilities in active markets;– Quoted prices for identical or similar assets or liabilities in inactive markets;– Inputs on other than quoted prices that are observable for the asset or liability;– Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note C

Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 1, 2023 and December 31, 2022.

Interest bearing cash: Valued at cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of January 1, 2023 and December 31, 2022.

Investments at Fair Value as of January 1, 2023				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ <u>15,045,243</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,045,243</u>
Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ <u>15,045,243</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,045,243</u>

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note D
Tax Status

During 2022, the Plan Sponsor failed to restate the Plan by the July 31, 2022, deadline to comply with the Internal Revenue Service's ("IRS") Cycle 3 restatement requirements. The Plan Sponsor is working with the third party administrator to restate and adopt the Cycle 3 plan document sponsored by FIS Business Systems, LLC. In addition, the Plan Sponsor will submit to the IRS under the Voluntary Correction Program ("VCP") nonamender program. The Plan administrator believes that the final outcome of the VCP will not have a material effect on the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of January 1, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the tax authorities; however there are currently no audits for any tax periods in progress.

Note E
Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F
Related-Party and Party-In-Interest Transactions

All Plan investments were managed by National Financial Services, LLC by Fidelity for brokerage, mutual fund, and prime services. Fidelity was the custodian of the Plan's assets and provided the Plan with certain administrative services and, therefore, the purchases and sales of these investments and resulting balances qualified as party-in-interest transactions. The Company also utilizes another third-party administrator, Benefit Consultants Group to provide certain other administrative services.

Fees incurred by the Plan for the investment management services are included in administrative expenses in the statement of changes in net assets available for benefits. If forfeitures and revenue sharing fees remain, after paying investment management fees, the Company pays other administrative costs of the Plan with the remainder. Otherwise, the Company pays directly for all other fees related to the Plan's operations.
