REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
MM Packaging Puerto Rico Retirement Plan
(formerly Essentra Packaging PR Retirement Plan)

Opinion

We have audited the accompanying financial statements of MM Packaging Puerto Rico Retirement Plan (formerly Essentra Packaging PR Retirement Plan) (hereafter the Plan), an employee benefits plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MM Packaging Puerto Rico Retirement Plan (formerly Essentra Packaging PR Retirement Plan) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audited of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i-Schedule of Assets (Held at end of year) and Schedule H Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended on December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the MM Packaging Puerto Rico Retirement Plan (formerly Essentra Packaging PR Retirement Plan) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of MM Packaging Puerto Rico, Inc. (formerly known as Essentra Packaging Puerto Rico, Inc.), who have fulfilled thirty (30) days of service and are 21 years or older, excluding all employees that are covered by a collective bargaining agreement between the employer and the employee representative and nonresident individual(s). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On February 2, 2015, Essentra PLC acquired Clondalkin Pharma & Healthcare, Inc. an affiliate of Clondalkin Group (the Parent Company). Effective January 1, 2020, there was an adoption agreement to amend certain options in the plan including the name to Essentra Packaging PR Retirement Plan.

On October 2, 2022, Essentra Packaging Puerto Rico, Inc. was indirectly acquired by Mayr-Melnhof Group headed by MM Karton AG, a company incorporated in Austria. On November 28, 2022, the Company changed its legal name to MM Packaging Puerto Rico, Inc. Effective January 1, 2023, there was an adoption agreement to amend certain options in the plan including the name to MM Packaging Puerto Rico Retirement Plan.

The plan provides credits for service with the following predecessor employees: Pharmagraphics, Puerto Rico, Inc., Catalent Pharma Solutions, LLC, Keller Crescent, Inc., Clondalkin Pharma and Healthcare, Inc., and Essentra Packaging Puerto Rico, Inc.

Contributions

Each year, participants may contribute an amount from 1% to 10% of their compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes \$0.75 for each one dollar of participant salary deferral contribution up to 6% of the participants' compensation. Discretionary amounts may be contributed at the option of the Plan Sponsor's Board of Directors, as defined.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings (losses). Allocations to each participant's account of the Plan Sponsor's discretionary contribution are based on a pro rata basis. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants can also obtain loans against the vested portion of their account based upon certain provisions of the Plan. Plan participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the fair value of the participant's vested accrued benefit. The loans are secured by the balance in the participant's account and bear interest at rate of 6% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

1. Description of Plan (continued)

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment elections daily. If a participant does not have an investment election on file, contributions will be made to one of the American Target Date Funds, based on the participant's date of birth.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions will become vested if the participant terminates employment for any reason other than retirement, death or disability pursuant to the following:

Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service whichever greater as follows:

Years of Service	Vested Percentage	Minimum Required Percentage
1	34%	0%
2	68%	20%
3	100%	40%
4	100%	60%
5	100%	80%
6	100%	100%

Payments of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, a participant or the participant beneficiaries may elect to receive the distribution as follows:

- in cash in kind lump-sum payment,
- in annual, monthly or quarterly installment payments of cash payable in equal amounts continuing over a period certain,
- by purchase of a straight life annuity providing for payments to be made for the participant's life, or
- by purchase of any annuity contract from an insurance company selected by the Plan Administrator providing payments to be made only for the participant's life, or for the participant's life and after the participant's death, for the life of the participant's designated beneficiaries

If the value of the account is \$5,000 or less, the participant cannot make an election and will automatically receive a lump-sum payment.

1. Description of Plan (continued)

Payments of Benefits (continued)

In conditions of “financial hardship”, a participant may apply to the Plan administrator for approval to withdraw that portion of his retirement account balance necessary to meet the financial hardship and for any reason after 59 ½ years old, subject to the limitations of the Plan and the Internal Revenue Code.

Forfeited Accounts

Employer contributions on behalf of the participants not then vested are forfeited and used to reduce the employer contributions in the plan year of the forfeiture, ADP contributions, QNEC contributions, when applicable, any other payments the Employer may be required to pay to the plan or its participants; or if in excess of the employer contributions for such plan year, the excess amount shall be used to reduce the employer contributions in the next succeeding plan year(s). On December 31, 2023, and 2022, forfeited non-vested accounts totaled approximately \$26,248 and \$19,260, respectively. No forfeitures were utilized in 2023 and 2022.

Plan Expenses and Administration

The Company pays certain administrative expenses of the Plan, or they may be paid from the forfeiture account of the Plan. Any expenses not paid by the Company are the responsibility of the Plan. The Company also provides certain administrative services at no cost to the Plan. Loan processing fees and check fees are charged to the accounts of the participants who have elected to receive distributions from their accounts.

Plan Termination

Although the Company has not expressed any current intent to terminate the Plan, the Company has the authorization to terminate or modify the Plan and suspend contributions to the Plan in accordance with ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of MM Packaging Puerto Rico Retirement Plan have been prepared on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Money Market

Cash represents amounts temporarily held due to the timing of investment transactions occurring near year-end.

Investments Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Participant contributions and employer matching contributions are recorded on an accrual basis in the period during which the Company make payroll deductions from the Plan participants' earnings.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management fees, and distributions fees are charged directly to the participant's accounts.

Risk and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standard Board (FASB) established the Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for defining and measuring fair value under generally accepted accounting principles. This codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. In some cases where market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits:

Mutual Funds are valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

A summary of the Plan's financial assets carried at fair value on a recurring basis on December 31, 2023, and 2022 is as follows:

	<u>\$ 8,215,037</u>	<u>\$ 8,215,037</u>	<u>\$ -</u>	<u>\$ -</u>

4. Tax Status

The plan has been amended since receiving a determination letter for the former plan named Pharmagraphics Puerto Rico Retirement Plan. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code. Therefore, they believe that the plan is qualified, and the related trust is tax-exempt.

An adoption agreement to the salary deferral retirement plan was signed during 2020 with an effective date of January 2020 to change certain options of the plan including changing the name of the plan to Essentra Packaging PR Retirement Plan. On February 8, 2021, a determination letter was received from the Puerto Rico Treasury Department with no objections to the amendments of the plan.

An adoption agreement to the salary deferral retirement plan was signed during 2023 with an effective date of January 2023 to change certain options of the plan including changing the name of the plan to MM Packaging Puerto Rico Retirement Plan. On June 28, 2024, a determination letter was received from the Puerto Rico Treasury Department with no objections to the amendments of the plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

4. Tax Status (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained examination by the Puerto Rico Treasury Department. Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently audits for any tax periods in progress.

5. Related-Party Transactions and Party in Interest Transactions

Certain administrative expenses are paid by the employer on behalf of the Plan. Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

Plan investments are units of mutual funds managed by Fidelity Investments. The Plan assets are held by Fidelity Investments as of December 31, 2023 and 2022; therefore, these transactions qualify as party-in-interest transactions.

6. Subsequent events

Subsequent events were evaluated through January 27, 2025, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date, and the date the financial statements were available to be issued that would require additional adjustment to or disclosure in the financial statements.

7. Non-exempt Transactions

As required by ERISA Section 2510.3-102, the Company required to segregate employee contributions to the Plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During the years 2023 and 2022, the Company did not remit employee contributions as soon as they are able to remit the contributions to the custodian. The Company is able to remit in average of 4 days immediately after payroll payment and they remitted in an average of over 5 to 62 days. Total participant contributions considered to be late amount to \$1,143,935 in 2023 and \$296,151 in 2022.
