INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator of
Televiscentro de PR Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Televiscentro de PR Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Televiscentro de PR Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE POWER OF BEING UNDERSTOOD

ASSURANCE | TAX | CONSULTING

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Televiscentro de PR Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Televiscentro de PR Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Televiscentro de PR Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Televiscentro de PR Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

1) Plan Description:

The following brief description of Televiscentro de PR Retirement Plan (the Plan) is provided for information purposes only. Participants should refer to the Plan Document for a complete description of Plan's provisions.

- A) General – The Plan was established on June 1, 2007 as a profit sharing Plan with a qualified cash or deferred contribution agreement to provide benefits upon retirement, disability or death to participating employees or beneficiaries of Televiscentro of Puerto Rico, LLC (the Employer). Employees are eligible to participate in the Plan as soon as Televiscentro of Puerto Rico, LLC employs them, except for temporary employees, non-residents of Puerto Rico, leased employees or independent contractors. The Employer administers the Plan. The Plan qualifies under Section 1081 of the Puerto Rico Internal Revenue Code (the Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Empower) is the custodian of the Plan.

- B) Contributions – Pre-tax contributions are limited to \$15,000 per year. Total annual contributions made by the Employer and participants should not exceed the lesser of \$66,000 or the total compensation paid by the Employer to participant during the Plan year. Also, a participant who has attained age 50 by the end of a plan year, may elect to make catch-up contributions up to a maximum of \$1,500. Transfers from qualified Plans are allowed.

The Employer may make matching contributions equal to a discretionary percentage, determined by the Employer, of the Participant's contributions. Participants that are part of a collective bargain agreement are not eligible to participate in the discretionary employer contribution.

- C) Vesting – Participant's contributions plus earnings are fully vested at all times. Vesting in the remainder of their accounts is based on years of continued service. The participant's right to the Employer's matching contribution is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 – 1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

- D) Investment options – Participants direct the investment of their contributions into various investment options offered by the Plan.
- E) Participant's accounts – Individual accounts are maintained for each of the Plan's participants to reflect the participant's and Employer's contributions, as well as the participant's share of the Plan's income and any related expenses. Allocations of income and related expenses are based on the proportion that each participant's account balance bears to the total of all participants' account balances.
- F) Payment of benefits – On termination of service due to death, termination, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest or annual installments over a fixed period. Hardship distributions are permitted upon proof to the satisfaction of the plan administrator of an immediate and heavy financial need.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

- G) Forfeited accounts – Forfeited non-vested accounts can be used to reduce the Plan's administrative expenses. As of December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$7,621 and \$7,529, respectively.
- H) Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to 50% of their vested account balance for a maximum term of five (5) years and treated as a transfer to (from) the investment fund from (to) the participant account. The Plan allows a participant to have only two notes outstanding at any time. The note is secured by the balance in the participant's account and bears interest at a rate of 1% plus prime rate. Principal and interest are paid ratably through payroll deductions.

2) Summary of Significant Accounting Policies:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C) Investment valuation and income recognition – Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional disclosure of fair value measurements.

The net appreciation (depreciation) in fair value of investments includes realized gains or losses and net change in unrealized gains or losses on investments held. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on a trade date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

- D) Notes receivable from participants – Are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. As of December 31, 2023 and 2022, interest rate on outstanding loans ranges from 4.25% to 9.50%.
- E) Contributions – Are recorded in the Plan year in which the Employer makes the payroll deductions.
- F) Excess participant contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Internal Revenue Code (PRIRC) are recorded as a liability with a corresponding reduction to contributions.
- G) Payment of benefits – Benefit payments to participants are recorded when paid.
- H) Administrative expenses – Certain administrative expenses of the Plan are paid by the Employer as provided in the Plan's Agreement. Expenses paid by the Employer are excluded from the accompanying financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

3) Information Certified by the Custodian:

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by Empower (the custodian) and furnished to the plan administrator.

The plan administrator has obtained a certification from the custodian that information provided to the plan administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and supplemental schedule, as follows:

Description	December 31,	
	2023	2022
Investments at fair value	\$ 10,287,043	\$ 8,987,036
Investment at contract value	\$ 1,947,459	\$ 1,513,372
Notes receivable from participants	\$ 198,148	\$ 170,089

Empower also certified the completeness and accuracy of \$1,121,344 of net appreciation in fair value of investments related to the aforementioned assets, interests and dividends income of \$348,690 and interest income of \$9,986 on notes receivable from participants for the year ended December 31, 2023.

4) Fair Value Measurements:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities; in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodology used as of December 31, 2023 and 2022. As of December 31, 2023 and 2022, investments in mutual funds are considered Level 1 type investments within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The carrying amounts of investments and notes receivable from participants approximate their fair values because of the relatively short-term maturities of these financial instruments.

5) Group Annuity Contract:

The Plan entered into a Group Annuity Contract with Empower, through a Key Guaranteed Portfolio Fund, a general account product of Empower that meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract value, as reported to the Plan by Empower represents (a) contributions made under the contract plus earnings; less (b) the sum of any amounts distributed and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Based on Empower excessive trading policy, participant transfers may be restricted for up to 30 days in the event of excessive participant trading. Transactions are processed as soon as practicable after resolution of closed or disrupted financial exchanges or markets.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest credit rate is reset quarterly.

There is no guaranteed interest rate under this contract; however, such rate will never be less than 0%. The actual average yield earned by the Plan as of December 31, 2023 and 2022 was 1.23% and 0.93%, respectively.

The Plan's ability to receive amounts due is dependent on Empower's ability to meet its financial obligations. Empower's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Empower. Such events include (1) a complete or partial Plan termination or merger with another plan, (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures) that cause a significant withdrawal from the Plan, or (3) premature termination of the contract, among others. The Administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the Plan to transact at contract value with the participants.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Either the Plan or Empower may terminate the Group Annuity Contract (other than Plan termination), with advance written notice to the other party. The contract termination date shall be the seventy-fifth (75th) day, or the next Business Day, after the date written notice is received in the Empower's administrative offices, unless, prior to the contract termination date, the Plan and Empower agree to an alternate contract termination date. The Group Annuity Contract does not provide for specific events that would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Upon termination of the group annuity contract, the Plan may choose one of the following options:

- Receive the payout of the fund in a lump sum at book value. If this option is selected, Empower may defer payment to a date no longer than twelve months in the future.
- Mutually agree in writing to any other payout option allowable under applicable law.

6) Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2023 and 2022 to Form 5500:

Description	2023	2022
Net assets available for benefits per financial statements	\$ 12,425,605	\$ 10,661,901
Notes receivable from participants that have been deemed distributed	(14,278)	(18,015)
Net assets available for benefits per Form 5500	\$ 12,411,327	\$ 10,643,886

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2023, per the financial statements to Form 5500:

Description	Amount
Change in net assets available for benefits per financial statements	\$ 1,763,704
Less: Loans that have been deemed-distributed at December 31, 2023	(14,278)
Add: Loans that have been deemed-distributed at December 31, 2022	18,015
Change in net assets available for benefits per Form 5500	\$ 1,767,441

7) Excess Participant Contributions Payable:

The Plan failed the discrimination test for the years ended December 31, 2023 and 2022. As of December 31, 2023 and 2022, excess contributions amounting to \$7,045 and \$8,596, respectively, were recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant contributions for the years then ended. The Plan reimbursed these excess contributions to the applicable participants during 2024 and 2023, respectively.

8) Tax Status:

The Plan has obtained determination letters, the most recent dated September 10, 2021, from Puerto Rico Treasury Department to the effect that the Plan is exempt from income taxes according to Section 1081 of the Code, as amended. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of taxing authorities. The plan administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2023 and 2022, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by the Puerto Rico Treasury Department. As of December 31, 2023, the years 2019 and thereafter remained subject to examination; however, there are currently no audits for any tax periods in progress.

9) Party-in-Interest Transactions:

Televiscentro of Puerto Rico, LLC and Empower are parties-in-interest as defined by ERISA. In addition, as described in Note 2, the Plan paid certain expenses related to the Plan operations to various service providers. Therefore, these transactions represent party-in-interest transactions as defined by ERISA. There were no prohibited party-in-interest investments or transactions as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

10) Subsequent Events:

On March 2024, Univision of Puerto Rico, Inc. Savings Plan and Univision of Puerto Rico, Inc. Union Employees Savings Plan were merged with Televiscentro de Puerto Rico Retirement Plan. As a result, the assets and liabilities of Univision of Puerto Rico, Inc. Savings Plan and Univision of Puerto Rico, Inc. Union Employees Savings Plan were transferred into Televiscentro de Puerto Rico Retirement Plan.

The Plan Administrator is not aware of any additional subsequent events which would require recognition and/or disclosure in the financial statements. The Plan Administrator has evaluated subsequent events through January 21, 2025, the date on which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator of
Televiscentro de PR Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Televiscentro de PR Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Televiscentro de PR Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE POWER OF BEING UNDERSTOOD

ASSURANCE | TAX | CONSULTING

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Televiscentro de PR Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Televiscentro de PR Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Televiscentro de PR Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Televiscentro de PR Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

1) Plan Description:

The following brief description of Televiscentro de PR Retirement Plan (the Plan) is provided for information purposes only. Participants should refer to the Plan Document for a complete description of Plan's provisions.

- A) General – The Plan was established on June 1, 2007 as a profit sharing Plan with a qualified cash or deferred contribution agreement to provide benefits upon retirement, disability or death to participating employees or beneficiaries of Televiscentro of Puerto Rico, LLC (the Employer). Employees are eligible to participate in the Plan as soon as Televiscentro of Puerto Rico, LLC employs them, except for temporary employees, non-residents of Puerto Rico, leased employees or independent contractors. The Employer administers the Plan. The Plan qualifies under Section 1081 of the Puerto Rico Internal Revenue Code (the Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Empower) is the custodian of the Plan.

- B) Contributions – Pre-tax contributions are limited to \$15,000 per year. Total annual contributions made by the Employer and participants should not exceed the lesser of \$66,000 or the total compensation paid by the Employer to participant during the Plan year. Also, a participant who has attained age 50 by the end of a plan year, may elect to make catch-up contributions up to a maximum of \$1,500. Transfers from qualified Plans are allowed.

The Employer may make matching contributions equal to a discretionary percentage, determined by the Employer, of the Participant's contributions. Participants that are part of a collective bargain agreement are not eligible to participate in the discretionary employer contribution.

- C) Vesting – Participant's contributions plus earnings are fully vested at all times. Vesting in the remainder of their accounts is based on years of continued service. The participant's right to the Employer's matching contribution is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 – 1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

- D) Investment options – Participants direct the investment of their contributions into various investment options offered by the Plan.
- E) Participant's accounts – Individual accounts are maintained for each of the Plan's participants to reflect the participant's and Employer's contributions, as well as the participant's share of the Plan's income and any related expenses. Allocations of income and related expenses are based on the proportion that each participant's account balance bears to the total of all participants' account balances.
- F) Payment of benefits – On termination of service due to death, termination, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest or annual installments over a fixed period. Hardship distributions are permitted upon proof to the satisfaction of the plan administrator of an immediate and heavy financial need.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

- G) Forfeited accounts – Forfeited non-vested accounts can be used to reduce the Plan's administrative expenses. As of December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$7,621 and \$7,529, respectively.
- H) Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to 50% of their vested account balance for a maximum term of five (5) years and treated as a transfer to (from) the investment fund from (to) the participant account. The Plan allows a participant to have only two notes outstanding at any time. The note is secured by the balance in the participant's account and bears interest at a rate of 1% plus prime rate. Principal and interest are paid ratably through payroll deductions.

2) Summary of Significant Accounting Policies:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C) Investment valuation and income recognition – Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional disclosure of fair value measurements.

The net appreciation (depreciation) in fair value of investments includes realized gains or losses and net change in unrealized gains or losses on investments held. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on a trade date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

- D) Notes receivable from participants – Are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. As of December 31, 2023 and 2022, interest rate on outstanding loans ranges from 4.25% to 9.50%.
- E) Contributions – Are recorded in the Plan year in which the Employer makes the payroll deductions.
- F) Excess participant contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Internal Revenue Code (PRIRC) are recorded as a liability with a corresponding reduction to contributions.
- G) Payment of benefits – Benefit payments to participants are recorded when paid.
- H) Administrative expenses – Certain administrative expenses of the Plan are paid by the Employer as provided in the Plan's Agreement. Expenses paid by the Employer are excluded from the accompanying financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

3) Information Certified by the Custodian:

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by Empower (the custodian) and furnished to the plan administrator.

The plan administrator has obtained a certification from the custodian that information provided to the plan administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and supplemental schedule, as follows:

Description	December 31,	
	2023	2022
Investments at fair value	<u>\$ 10,287,043</u>	<u>\$ 8,987,036</u>
Investment at contract value	<u>\$ 1,947,459</u>	<u>\$ 1,513,372</u>
Notes receivable from participants	<u>\$ 198,148</u>	<u>\$ 170,089</u>

Empower also certified the completeness and accuracy of \$1,121,344 of net appreciation in fair value of investments related to the aforementioned assets, interests and dividends income of \$348,690 and interest income of \$9,986 on notes receivable from participants for the year ended December 31, 2023.

4) Fair Value Measurements:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities; in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodology used as of December 31, 2023 and 2022. As of December 31, 2023 and 2022, investments in mutual funds are considered Level 1 type investments within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The carrying amounts of investments and notes receivable from participants approximate their fair values because of the relatively short-term maturities of these financial instruments.

5) Group Annuity Contract:

The Plan entered into a Group Annuity Contract with Empower, through a Key Guaranteed Portfolio Fund, a general account product of Empower that meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract value, as reported to the Plan by Empower represents (a) contributions made under the contract plus earnings; less (b) the sum of any amounts distributed and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Based on Empower excessive trading policy, participant transfers may be restricted for up to 30 days in the event of excessive participant trading. Transactions are processed as soon as practicable after resolution of closed or disrupted financial exchanges or markets.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest credit rate is reset quarterly.

There is no guaranteed interest rate under this contract; however, such rate will never be less than 0%. The actual average yield earned by the Plan as of December 31, 2023 and 2022 was 1.23% and 0.93%, respectively.

The Plan's ability to receive amounts due is dependent on Empower's ability to meet its financial obligations. Empower's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Empower. Such events include (1) a complete or partial Plan termination or merger with another plan, (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures) that cause a significant withdrawal from the Plan, or (3) premature termination of the contract, among others. The Administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the Plan to transact at contract value with the participants.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Either the Plan or Empower may terminate the Group Annuity Contract (other than Plan termination), with advance written notice to the other party. The contract termination date shall be the seventy-fifth (75th) day, or the next Business Day, after the date written notice is received in the Empower's administrative offices, unless, prior to the contract termination date, the Plan and Empower agree to an alternate contract termination date. The Group Annuity Contract does not provide for specific events that would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Upon termination of the group annuity contract, the Plan may choose one of the following options:

- Receive the payout of the fund in a lump sum at book value. If this option is selected, Empower may defer payment to a date no longer than twelve months in the future.
- Mutually agree in writing to any other payout option allowable under applicable law.

6) Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2023 and 2022 to Form 5500:

Description	2023	2022
Net assets available for benefits per financial statements	\$ 12,425,605	\$ 10,661,901
Notes receivable from participants that have been deemed distributed	(14,278)	(18,015)
Net assets available for benefits per Form 5500	\$ 12,411,327	\$ 10,643,886

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2023, per the financial statements to Form 5500:

Description	Amount
Change in net assets available for benefits per financial statements	\$ 1,763,704
Less: Loans that have been deemed-distributed at December 31, 2023	(14,278)
Add: Loans that have been deemed-distributed at December 31, 2022	18,015
Change in net assets available for benefits per Form 5500	\$ 1,767,441

7) Excess Participant Contributions Payable:

The Plan failed the discrimination test for the years ended December 31, 2023 and 2022. As of December 31, 2023 and 2022, excess contributions amounting to \$7,045 and \$8,596, respectively, were recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant contributions for the years then ended. The Plan reimbursed these excess contributions to the applicable participants during 2024 and 2023, respectively.

8) Tax Status:

The Plan has obtained determination letters, the most recent dated September 10, 2021, from Puerto Rico Treasury Department to the effect that the Plan is exempt from income taxes according to Section 1081 of the Code, as amended. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

TELEVICENTRO DE PR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of taxing authorities. The plan administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2023 and 2022, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by the Puerto Rico Treasury Department. As of December 31, 2023, the years 2019 and thereafter remained subject to examination; however, there are currently no audits for any tax periods in progress.

9) Party-in-Interest Transactions:

Televiscentro of Puerto Rico, LLC and Empower are parties-in-interest as defined by ERISA. In addition, as described in Note 2, the Plan paid certain expenses related to the Plan operations to various service providers. Therefore, these transactions represent party-in-interest transactions as defined by ERISA. There were no prohibited party-in-interest investments or transactions as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

10) Subsequent Events:

On March 2024, Univision of Puerto Rico, Inc. Savings Plan and Univision of Puerto Rico, Inc. Union Employees Savings Plan were merged with Televiscentro de Puerto Rico Retirement Plan. As a result, the assets and liabilities of Univision of Puerto Rico, Inc. Savings Plan and Univision of Puerto Rico, Inc. Union Employees Savings Plan were transferred into Televiscentro de Puerto Rico Retirement Plan.

The Plan Administrator is not aware of any additional subsequent events which would require recognition and/or disclosure in the financial statements. The Plan Administrator has evaluated subsequent events through January 21, 2025, the date on which the financial statements were available to be issued.
