INDEPENDENT AUDITOR'S REPORT

Met-Chem, Inc. 401(k) Savings Retirement Plan
Cleveland, Ohio

To the Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of or for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 1 Description of Plan

The following description of the Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Met-Chem, Inc. and includes the participating employers Northern Filter & Supply Co., dba Lamports Filter Media Inc.; Auto Technology Company; MFI Acquisition Co., Inc., dba Murray Fabrics, Inc.; WFS Industrial Sales; WFS Filter Co., dba Micropure Filtration Inc.; STD Specialty Filters Inc.; Samsco Corp.; Lakeside Water Treatment Inc.; Water & Wastewater Equipment Co., LLC; and AQ Matic Valve and Controls Company, Inc., Digital Analysis Corp., Advanced Chemical Systems, Inc. (collectively referred to as the "Company"). The Plan covers substantially all eligible employees who are age 18 or older. Excluded classes of employees include leased employees and nonresident aliens. The Company serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 29, 2022, President Biden signed into law the Consolidated Appropriations Act of 2023, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, finding ways for them to accumulate more assets, and then ensuring they get connected with those assets when retirement comes.

Many of the provisions of the SECURE 2.0 are effective on January 1, 2023, and beyond and will require significant changes to plan administration and recordkeeping.

Eligibility

The Company's employees who have completed three months of service and are at least age 21 are eligible to participate.

Contributions

Each year participants may elect to defer a percentage of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes a safe harbor matching contribution that is allocated based on a participant's contributions. The Company may not make a contribution to the Plan for any Plan year to the extent the contribution would exceed the participant's maximum permissible amount. For the Plan year ended December 31, 2023, the Company matched 100% of the first 3% of compensation contributed by a participant and 50% for any contributions in excess of 3% that did not exceed 5%. For the Plan years ended December 31, 2023 and 2022, the Company's safe harbor matching contributions were \$328,656 and \$299,056, respectively. The Employer may also make a discretionary non-elective contribution to the Plan. During the years ended December 31, 2023 and 2022, the Company made no discretionary non-elective contributions. All contributions are subject to certain IRS limitations.

Note 1 Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's non-elective contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more different investment options.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 3.25%-10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through biweekly payroll deductions. Notes receivable from participants had a balance of \$39,747 and \$56,392 at December 31, 2023 and 2022, respectively.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans. Written amendments to the Plan to reflect these operational changes have been adopted in accordance with applicable law and IRS guidance.

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 1 Description of Plan (Continued)

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. These forfeitures may be reallocated to participants in the same manner as Company contributions may be used to pay administrative expenses in accordance with the Plan document. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$277 and \$266, respectively. There were no forfeitures used during the years ended December 31, 2023 and 2022.

Note 2 Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are measured at fair value using the net asset value per share practical expedient. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Also, the Plan has an investment contract related to an insurance contract, which are measured at contract value (see Note 4).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payments of Benefits

Benefits are recorded when paid.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 2 Summary of Accounting Policies (Continued)

Administrative Expenses

Administrative expenses charged by the Trustee of the Plan and investment advisory fees are paid by the Plan. All other expenses incurred in conjunction with the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued.

Note 3 Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs, other than quoted prices, that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Insurance contract: Reflected at contract value.

Pooled separate accounts: The Plan's investments in pooled separate accounts are measured at fair value using the Net Asset Value (NAV) per share. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 3 Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments measured at fair value, based on NAV per share, as of December 31, 2023 and 2022.

December 31, 2023				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 7,149,781	\$ -	Daily	None
Insurance contract*	310,704			
Total investments	\$ 7,460,485			

December 31, 2022				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 4,931,498	\$ -	Daily	None
Insurance contract*	295,203			
Total investments	\$ 5,226,701			

*- In accordance with FASB guidance, the assets measured at contract value are not included in the fair value measurements. The fair value amounts presented in this table are intended to permit reconciliation of the fair value measurements to the total investments in the statements of net assets.

Note 4 Contracts with Insurance Companies

The Plan entered into a benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company that had a contract value of \$310,704 at December 31, 2023. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings based on the specific crediting rate and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. As of December 31, 2023, the guaranteed investment contract is presented on the face of the statements of net assets available for benefit at contract value, which approximates fair value.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 4 Contracts with Insurance Companies (Continued)

Under the terms of the contract, the crediting rate is currently reset on a quarterly basis. Changes in future interest crediting rates will not affect the amounts reported on the statements of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value, as fair value was considered book value as of December 31, 2023. Credit rate at December 31, 2023 was 2.93%.

Note 5 Information Prepared and Certified by Trustees

Certain information related to the investments in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023 was obtained and derived from the information furnished to the plan administrator and certified as complete by Nationwide Life Insurance Company.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated June 30, 2020, which states the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8 Risks and Uncertainties

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2023 and 2022, the Plan held \$7,460,485 and \$5,226,701, respectively, in investments with Nationwide Life Insurance Company, which is approximately 100% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

Notes to Financial Statements

Years ended December 31, 2023 and 2022

Note 9 Party-in-Interest Transactions

Certain Plan investments for the years ended December 31, 2023 and 2022 were managed by Nationwide. Nationwide is the Third-party Administrator and Recordkeeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. See the supplemental schedule for the party-in-interest investments. With Nationwide, the Plan assets are invested in pooled separate accounts and an insurance contract offered by Nationwide, as directed by plan participants. During 2023 and 2022, the Plan paid Nationwide \$35,917 and \$30,193, respectively, in administrative expenses.

Note 10 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:
