Independent Auditor's Report

To the Participants and Plan Administrator of the
Ranger Energy Services 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ranger Energy Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Ranger Energy Services 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description

The following description of the Ranger Energy Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Ranger Energy Services, LLC, and its participating employers: Mallard Completion, LLC, dba Bravo Wireline, LLC; Torrent Energy Services, LLC; PerfX Wireline Services; and Patriot Completion Solutions, LLC (collectively, the “Company” or “Employer”). The Plan commenced effective January 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodians and Trustees

Effective February 1, 2023, the Plan was amended and restated, and John Hancock Trust Company, LLC, (“John Hancock”) and John Hancock Retirement Plan Services, LLC, (“JHRPS”) were appointed as the new custodian and recordkeeper of the Plan. Prior to February 1, 2023, Principal Life Insurance Company (“Principal”) and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal Trust Company”) served as the Plan’s custodian and recordkeeper. Certain employees of the Company served as the Plan’s trustees. Collectively, John Hancock, Principal, and Principal Trust Company are referred to herein as the “Custodians” and JHRPS and Principal Trust Company are referred to herein as the “Recordkeepers.” Effective February 1, 2023, John Hancock also serves as the Plan’s Trustee.

The Custodians maintain custody of all investments held by the Plan. Among other duties, the Custodians receive contributions, hold and invest fund assets in accordance with the directions of participants, and make disbursements to participants. The Recordkeepers maintain the Plan’s participant account balances and provide recordkeeping services to the Plan.

As a result of the change in Custodians noted above, the Plan’s assets were transferred from Principal and Principal Trust Company to John Hancock, and the Plan experienced a blackout period from January 23, 2023 to February 24, 2023. During this blackout period, funds could not be applied to employee-selected investment options or withdrawn from the Plan. Employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in a liquid investment account. At the end of the blackout period, these funds were transferred to John Hancock and invested as directed by each participant.

Eligibility

All employees of the Company, except those under collective bargaining agreements, nonresident aliens, and interns, are eligible to participate in the Plan after the employee has reached 18 years of age and completed 180 days of service. Eligible employees are permitted to enter the Plan on the date all eligibility requirements are satisfied.

Contributions

Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of their eligible compensation. Participant contributions are subject to certain limitations under the IRC; each participant’s annual contribution shall not exceed the maximum amount allowed for deferral annually by the IRC, which was \$22,500 for 2023.

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description (continued)

Contributions (continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to the maximum amount allowed by the IRC, which was \$7,500 for 2023. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

The Company may make discretionary matching and discretionary profit-sharing contributions. For the 2023 Plan year, the Company made discretionary matching contributions equal to 100% of the first two percent of participant’s eligible compensation and 50% of the next four percent of participant’s eligible compensation up to a maximum level of four percent. No discretionary profit-sharing contributions were made to the Plan in 2023.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The funds vary in types of investments, rates of return, and investment risk.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, allocations of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer discretionary matching contributions, profit-sharing contributions, and related earnings are vested over a three-year period as follows:

<u>Years of Service</u>	<u>Vesting %</u>
1	25%
2	50%
3	100%

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 1 – Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment equal to the value of the participant's vested balance. Vested account balances of less than \$5,000 are immediately attributable in a lump sum under the terms of the Plan without the participant's consent.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$868,716 and \$723,210, respectively. These accounts will be used to reduce future Employer contributions or to pay administrative expenses. In 2023, forfeited nonvested accounts were used to reduce Employer contributions and administrative expenses by \$1,404,906 and \$21,284, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 3 – Fair Value Measurements (continued)

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net assets value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy.
- **Common Collective Trust Fund** – Valued using the NAV of units held by the Plan at year-end as provided by the fund administrator. Units of each fund are valued each day on which the New York Stock Exchange (“NYSE”) is open for trading in accordance with the valuation procedures established by Reliance Trust Company. The NAV per unit is calculated as of the close of trading on the NYSE and computed by dividing the total fair value of the assets of a fund, less its liabilities, by the total number of units outstanding at the time of such computation. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.
- **Pooled Separate Accounts** – Valued using the NAV of units held by the Plan at year-end as provided by Principal. The NAV is based on the fair value of the underlying assets owned by the fund, net of an investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.
- **Money Market Funds** – Valued at cost, which approximates fair value, and classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 55,589,149	\$ -	\$ -	\$ 55,589,149
Money market fund	137,911	-	-	137,911
Total assets in the fair value hierarchy	55,727,060	-	-	55,727,060
Investments measured at NAV (a)	-	-	-	664,956
Investments at fair value	\$ 55,727,060	\$ -	\$ -	\$ 56,392,016
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,997,804	\$ -	\$ -	\$ 36,997,804
Total assets in the fair value hierarchy	36,997,804	-	-	36,997,804
Investments measured at NAV (a)	-	-	-	140,690
Investments at fair value	\$ 36,997,804	\$ -	\$ -	\$ 37,138,494

(a) In accordance with ASC 820-10, certain investments (common collective trust and pooled separate accounts) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 4 – Information Prepared and Certified by the Plan’s Custodians

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

December 31,	2023	2022
Investments at fair value	\$ 56,392,016	\$ 37,138,494
Investments at contract value	-	590,945
Notes receivable from participants	2,180,021	1,022,933
Year Ended December 31,	2023	
Net appreciation in fair value of investments	\$ 6,833,875	
Dividends	1,140,216	
Interest	19,701	
Interest income on notes receivable from participants	106,489	

Note 5 – Guaranteed Investment Contract with Insurance Company

Prior to February 1, 2023, the Plan had a group annuity contract with Principal that invests contributions in the Fixed Income Guaranteed Option Account. The Fixed Income Guaranteed Option and the Fixed Account (the “Fixed Accounts”) are general account products. Interest earned on the Fixed Accounts values are compounded daily to the effective annual interest rates. The interest rates to be credited to the Plan will be determined by the insurance company prior to the last day of the previous calendar quarter.

The contracts meet the fully benefit-responsive investment contract criteria and are thus reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount which would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

Ranger Energy Services 401(k) Plan

Notes to the Financial Statements December 31, 2023 and 2022

Note 6 – Exempt Party-in-Interest Transactions

Certain Plan investments are managed by the Custodians. These include shares of mutual funds, units of the common collective trust, and money market funds; prior to February 1, 2023, it also included pooled separate accounts and a guaranteed investment contract. These transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan had notes receivable from participants as of December 31, 2023 and 2022. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants would become 100% vested in their employer contributions, and all assets in the affected participants' accounts would be distributed to the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 8 – Income Tax Status

The Plan operates under a non-standardized, preapproved profit-sharing plan sponsored by JHRPS. The Internal Revenue Service ("IRS") has determined and informed JHRPS, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has not filed individually with the IRS regarding the Plan's qualified tax status, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable IRC requirements, and thus believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 10 – Prohibited Transactions

The Company failed to remit to the Plan's Custodians certain participant contributions and participant loan repayments in the aggregate amount of \$28,875 within the period prescribed by DOL Rules and Regulations. The DOL considers late deposits to be nonexempt prohibited transactions. Delays in remitting contributions to the Custodians were due to unintentional administrative errors. During 2024, the Company has corrected these contributions and remitted potential lost earnings due to the delay.
