INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
González Trading Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of González Trading Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statement.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements – (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and the supplemental schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter — Supplemental Schedules Required by ERISA – (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

González Trading Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Plan description

The following description of the González Trading Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 15, 2021, as a defined contribution plan, covering all regular employees of González Trading LLC (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 1081.01 of the Puerto Rico Internal Revenue Code (the Code).

Contributions

Each year, participants may contribute an amount of their compensation not exceeding the maximum deferral as specified by local law. Participants may also contribute amounts representing distributions from other qualified plans, subject to the conditions and limitations set forth in the Plan agreement. The Plan's Sponsor makes discretionary matching contributions equal to 50% of participant contributions up to 6% of the participant compensation. The Sponsor may also make discretionary profit sharing contributions.

Investments options

The Plan Sponsor's and participants' contributions are invested in various investment funds provided by the custodian as permitted in the Plan agreement.

Participant's accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and profit-sharing contributions, as well as the participant's share of the Plan's income and losses, and related administrative expenses, if any.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan's Sponsor matching portion of their accounts plus actual earnings thereon is based on years of continuous service since the inception of the Plan.

González Trading Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 1 - Plan description – (continued)

Vesting – (continued)

A participant is fully vested after five years of credited service, as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 full year	0%
2 years less than 3	25%
3 years less than 4	50%
4 years less than 5	75%
5 years or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts as provided in the plan document. Loans are secured by the balance in the participant's account and bear interest at rates determined at the time funds are borrowed as provided in the plan document.

Excess participants' contribution payable

Participants contributions in excess of certain limits provided under the Code are reimbursed to the participants. Excess contributions, if any, are recorded as a liability and as a reduction of participant contributions in the Plan's financial statements.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount, substantially equal installments or partial withdrawals, provided the minimum withdrawal is \$500 and distributions may be made in cash only. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In addition, the Plan provides for in-service distributions in certain circumstances, including financial hardship withdrawals, subject to certain limitations. Also, in-service distributions may be available to participants as special disaster distributions, as determined by the Puerto Rico Treasury Department.

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 1 - Plan description – (continued)

Forfeitures

Upon participant's termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the Plan Sponsor contributions on behalf of the participants not then vested are forfeited. Forfeitures shall be used to pay for Plan expenses, allocated to the participant accounts, or to reduce the Plan Sponsor contribution. At December 31, 2023 and 2022 the forfeitures account balance amounted to \$5,391 and \$2,024, respectively.

Administrative expenses

The Plan Sponsor is responsible for the general administration of the Plan. All administrative fees, to the extent not paid from the Plan's assets, are paid by the Plan Sponsor.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting and presentation

The financial statements of the Plan are prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments valuation and income recognition

The Plan's investments with readily determinable fair values are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

González Trading Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies – (continued)

Investments valuation and income recognition – (continued)

Investments without readily determinable fair values consist of shares of collective trust funds, which are valued using the net asset value per share as a practical expedient for fair value. See Note 4 for discussion of fair value measurements. During the year ended December 31, 2023, the Plan's investments appreciated in value by \$91,635.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Benefits payable

The Plan accounts for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accounts (AICPA) *Audit and Accounting Guide, Audits of Employee Benefit Plans*. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as liability of the Plan. Benefits payable at December 31, 2022, amounted to \$22,939. There were no benefits payable at December 31, 2023.

González Trading Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 3 - Information certified by trustee (unaudited)

The plan administrator has elected the method of compliance permitted by Section 103(a)(3)(C) of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Empower Trust Company, LLC, has certified as to the completeness and accuracy of all investment related information reflected in the accompanying financial statements as of December 31, 2023 and 2022 and for the year ended December 31, 2023, and the related notes to the financial statements, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023. The trustee maintains all records, executes investment transactions, and holds all the assets of the Plan.

Note 4 - Fair value measurements

Financial Accounting Standards Board, Accounting Standards Codification (ASC) No. 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

González Trading Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 4 - Fair value measurements – (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end. Mutual funds are classified as Level 1.

Fixed annuities –Fixed annuities are valued based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. Fixed annuities are classified as Level 2.

Collective trust funds – Investments in collective trust funds are valued at the net asset value determined by the fund administrators as a practical expedient for fair value. Such net asset values are based on the fair value of the underlying investments in the funds. Investments that are measured at fair value using the net asset value practical expedient are not required to be classified within the fair value hierarchy, as provided by ASC 820.

The preceding methods described may have resulted in fair values that may had not been indicative of net realizable values. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in different fair value measurements at the reporting date. The Plan management believes its valuation methods are appropriate and consistent with other market participants. There were no changes in the Plan's valuation methodologies used during 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recorded at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

Mutual funds	\$ 352,712	\$ -	\$ -	\$ 352,712
Fixed annuities	-	67,677	-	67,677

Collective trust funds				<u>42,477</u>
Total investments				<u>\$ 462,866</u>

As of December 31, 2023 and 2022, there were no unfunded commitments related to the Plan's collective trust funds. Redemption notice periods primarily range from 0 to 3 months and redemption frequency windows range from daily to quarterly.

Note 5 - Party-in-interest transactions

Certain investments consist of fixed annuities issued by the trustee of the Plan, which is a party in interest to the Plan.

Note 6 - Non-exempt prohibited transactions

During the years ended December 31, 2023, and 2022, participant contributions amounting to \$15,255 and \$58,421, respectively, were deposited into the trust later than required by Department of Labor regulations. As of December 31, 2023 and 2022, these late contributions were pending to be credited by the estimated investment income that would have been earned had these participant contributions been remitted on time.

During the year ended December 31, 2023, the Plan corrected late participant contributions corresponding to the year ended December 31, 2022 amounting to \$17,148.

Note 7 - Tax status

The Plan constitutes a qualified plan, exempt from income taxes under the provisions of the Code. The Plan obtained a favorable determination letter on January 24, 2022, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

González Trading Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 7 - Tax status – (continued)

The Plan has been amended since receiving its determination letter, however, the Plan administrator, based on the advice of legal counsel, believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt.

Management has evaluated the tax positions taken by the Plan and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that will require adjustment to the financial statements.

Note 8 - Subsequent events

The Plan has evaluated subsequent events through January 31, 2025, which is the date the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date and through the date the financial statements were available to be issued, that would require additional adjustments to, or disclosure in, the financial statements.

IRS provides relief to Ernesto victims throughout Puerto Rico; various deadlines postponed to Feb. 3, 2025

IR-2024-221, Aug. 23, 2024

WASHINGTON — The Internal Revenue Service announced today tax relief for individuals and businesses throughout Puerto Rico affected by Tropical Storm Ernesto that began on Aug. 13, 2024.

These taxpayers now have until Feb. 3, 2025, to file various federal individual and business tax returns and make tax payments. The IRS is offering relief to any area designated by the [Federal Emergency Management Agency \(FEMA\)](#) .

This means that individuals and households that reside or have a business in any of Puerto Rico's 78 municipalities qualify for tax relief. The current list of eligible localities is always available on the [Tax relief in disaster situations](#) page on IRS.gov.

Filing and payment relief

The tax relief postpones various tax filing and payment deadlines that occurred from Aug. 13, 2024, through Feb. 3, 2025 (postponement period). As a result, affected individuals and businesses will have until Feb. 3,

2025, to file returns and pay any taxes that were originally due during this period.

This means, for example, that the Feb. 3, 2025, deadline will now apply to:

- Any individual, business or tax-exempt organization that has a valid extension to file their 2023 federal return. The IRS noted, however, that payments on these returns are not eligible for the extra time because they were due last spring before the storm occurred.
- Quarterly estimated income tax payments normally due on Sept. 16, 2024, and Jan. 15, 2025.
- Quarterly payroll and excise tax returns normally due on Oct. 31, 2024, and Jan. 31, 2025.

In addition, penalties for failing to make payroll and excise tax deposits due on or after Aug. 13, 2024, and before Aug. 28, 2024, will be abated, as long as the deposits are made by Aug. 28, 2024.

The [Disaster assistance and emergency relief for individuals and businesses](#) page has details on other returns, payments and tax-related actions qualifying for relief during the postponement period.

The IRS automatically provides filing and penalty relief to any taxpayer with an IRS address of record located in the disaster area. These taxpayers do not need to contact the agency to get this relief.

It is possible an affected taxpayer may not have an IRS address of record located in the disaster area, for example, because they moved to the disaster area after filing their return. In these unique circumstances, the affected taxpayer could receive a late filing or late payment penalty notice from the IRS for the postponement period. The taxpayer should call the number on the notice to have the penalty abated.

In addition, the IRS will work with any taxpayer who lives outside the disaster area but whose records necessary to meet a deadline occurring during the postponement period are located in the affected area.

Taxpayers qualifying for relief who live outside the disaster area need to contact the IRS at [866-562-5227](tel:866-562-5227). This also includes workers assisting the relief activities who are affiliated with a recognized government or philanthropic organization. Tax preparers located in the disaster area with clients located outside the disaster area can choose to use the [bulk requests from practitioners for disaster relief](#) option, described on [IRS.gov](https://www.irs.gov).

Additional tax relief

Individuals and businesses in a federally declared disaster area who suffered uninsured or unreimbursed disaster-related losses can choose to claim them on either the return for the year the loss occurred (in this instance, the 2024 return normally filed next year), or the return for the prior year (the 2023 return filed this year). Taxpayers have extra time – up to six months after the due date of the taxpayer’s federal income tax return for the disaster year (without regard to any extension of time to file) – to make the election. For individual taxpayers, this means Oct. 15, 2025. Be sure to write the FEMA declaration number – **3610-EM** – on any return claiming a loss. See [Publication 547, Casualties, Disasters, and Thefts](#), for details.

Qualified disaster relief payments are generally excluded from gross income. In general, this means that affected taxpayers can exclude from their gross income amounts received from a government agency for reasonable and necessary personal, family, living or funeral expenses, as well as for the repair or rehabilitation of their home, or for the repair or replacement of its contents. See [Publication 525, Taxable and Nontaxable Income](#), for details.

Additional relief may be available to affected taxpayers who participate in a retirement plan or individual retirement arrangement (IRA). For example, a taxpayer may be eligible to take a special disaster distribution that would not be subject to the additional 10% early distribution tax and allows the taxpayer to spread the income over three years. Taxpayers may also be eligible to make a hardship withdrawal. Each plan or IRA has specific rules and guidance for their participants to follow.

The IRS may provide additional disaster relief in the future.

The tax relief is part of a coordinated federal response to the damage caused by this storm and is based on local damage assessments by FEMA. For information on disaster recovery, visit DisasterAssistance.gov .

Reminder about tax return preparation options

- Eligible individuals or families can get free help preparing their tax return at [Volunteer Income Tax Assistance \(VITA\)](#) or [Tax Counseling for the Elderly \(TCE\)](#) sites. To find the closest free tax help site, use the [VITA Locator Tool](#)  or call 800-906-9887. **Note that normally, VITA sites cannot help claim**

disaster losses.

- To find an AARP Tax-Aide site, use the [AARP Site Locator Tool](#)  or call [888-227-7669](tel:888-227-7669).
- Any individual or family whose adjusted gross income (AGI) was \$79,000 or less in 2023 can use [IRS Free File's guided tax software](#) at no cost. There are products in English and Spanish.
- Another Free File option is [Free File Fillable Forms](#). These are electronic federal tax forms, equivalent to a paper 1040 and are designed for taxpayers who are comfortable filling out IRS tax forms. Anyone, regardless of income, can use this option.
- [MilTax](#), a Department of Defense program, offers free return preparation software and electronic filing for federal tax returns and up to three state income tax returns. It's available for all military members and some veterans, with no income limit.
