REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
American Military Academy Retirement Plan

Opinion on the 2023 Financial Statements

We have audited the accompanying financial statements of American Military Academy Retirement Plan (hereafter the Plan), an employee benefits plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Military Academy Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

OTHER MATTERS

2023 SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

Our audit were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i-Schedule of Assets (Held at end of year) and Schedule H Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended on December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2022 FINANCIAL STATEMENTS

The financial statements of the Plan as of December 31, 2022 were audited by other auditors whose report dated October 12, 2023 expressed an unmodified opinion on those statements.

AMERICAN MILITARY ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following description of the American Military Academy Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1996 as a profit-sharing plan with a cash-or-deferred arrangement covering all full-time employees of Corporación Educativa Ramón Barquín doing business as American Military Academy (the Plan Sponsor/the Company/Employer), who have completed one year of service (for those contracted before May 1, 2023) or three months of service (for those contracted after May 1, 2023) and are 21 years or older, excluding all union employees, nonresident aliens, highly compensated employees, leased employees, and part-time/temporary/seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2023, the Plan was amended to modify the eligibility from one year to three months of service, the entry dates from quarterly to the first day of the month following date requirements met, vesting percentages, and to eliminate loans.

Plan Administration

On October 2023, the Plan Sponsor change the plan recordkeeper and custodian of assets from Pension Administrator Group, Inc. (PAG)/Fidelity Investments, to Empower Annuity Insurance Company. Also, the Plan Sponsor contracted Pension Plus, Inc. as Third-Party Administrator.

Contributions

Each year, participants may contribute an amount from 1% to 10% of their compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes \$0.05 for each one dollar of participant salary deferral contribution up to 4% of the participants' compensation. Discretionary amounts may be contributed at the option of the Plan Sponsor's Board of Directors. To be eligible for allocation of the Plan's Sponsor's contributions, a participant must have worked at least 1,000 hours during the applicable computation period.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings (losses). Allocations to each participant's account of the Plan Sponsor's discretionary contribution are based on a pro rata basis. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollover Contributions

Participants may rollover their funds previously held for their account in another employee benefit plan on a tax-free basis.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment elections daily. If a participant does not have an investment election on file, contributions will be made to one of the American Target Date Funds, based on the participant's date of birth.

AMERICAN MILITARY ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and nonelective profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service whichever greater as follows:

Years of Service	Vested Percentage
0-1	0%
2	25%
3	50%
4	75%
5	100%

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his/her account in either a lump-sum amount, or substantially equal installments, and may be disbursed as soon as administratively feasible. For termination distributions, participant consent is only required if the distribution is over \$5,000.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his retirement account balance necessary to meet the financial hardship and for any reason after 59 ½ years old, subject to the limitations of the Plan and the Internal Revenue Code.

Forfeited Accounts

Employer contributions on behalf of the participants not then vested are forfeited and used to reduce any employer contributions or ADP test safe harbor contribution or plan's administrative expenses. As of December 31, 2023, and 2022, forfeited non-vested accounts totaled approximately \$8,351 and \$6,687, respectively. No forfeitures were utilized in 2023 and 2022.

Plan Expenses and Administration

The Company pays certain administrative expenses of the Plan, or they may be paid from the forfeiture account of the Plan. Any expenses not paid by the Company are the responsibility of the Plan. The Company also provides certain administrative services at no cost to the Plan. Check fees are charged to the accounts of the participants who have elected to receive distributions from their accounts.

Plan Termination

Although the Company has not expressed any current intent to terminate the Plan, the Plan Company has the right under the Plan to terminate or modify the Plan and suspend contributions to the Plan subject to ERISA provisions. In the event of Plan termination, all participants would become 100% vested in their accounts.

AMERICAN MILITARY ACADEMY RETIREMENT PLAN**NOTES TO FINANCIAL STATEMENTS**

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies**Basis of Presentation**

The accompanying financial statements of American Military Academy Retirement Plan have been prepared on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan's fully benefit-responsive investment contracts are reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and funds used to pay administrative expenses. Interest income is recorded on an accrual basis.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Participant contributions and employer matching contributions are recorded on an accrual basis in the period during which the Company make payroll deductions from the Plan participants' earnings.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company. Other administrative expenses directly incurred by the Plan include investment management fees, and distributions fees are charged directly to the participants' accounts.

Risk and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

AMERICAN MILITARY ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standard Board (FASB) established the Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for defining and measuring fair value under generally accepted accounting principles. This codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. In some cases where market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits:

The fair value of mutual funds is based upon on quoted net asset values of the shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

During the year 2023, the plan assets in money market funds were reinvested into Collective Trust Funds. The collective trust funds are valued at the net asset value of the units of the fund. Participants are allocated units of the collective trust funds, not specific securities. The net asset value, as provided by the fund houses or investment provider, is used as a practical expedient to estimate fair value.

The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no restrictions as to the redemption of these investments, nor does the Plan have any contractual obligations to further invest in any of these collective trust funds.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Money market funds held in 2022 were valued using amortized cost which approximates fair value.

A summary of the Plan's financial assets carried at fair value on a recurring basis on December 31, 2023, and 2022 is as follows:

- (a) In accordance with FASB guidance the collective trusts have not been classified in the fair value hierarchy as they are measured at fair value using NAV as a practical expedient. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments at fair value	<u>\$ 1,686,987</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,686,987</u>

4. General Account Fixed Annuity Contract

The Plan has a general account fixed annuity contract with Empower Annuity Insurance Company of America that invests contributions in a guaranteed contract with fixed annuity options (the Contract). The Contract is a stable value investment with a guaranteed rate of return and a guaranteed principal that is backed by Empower Annuity Insurance Company of America general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributable to the contract which was determined to be fully benefit responsive. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants may ordinarily direct the withdrawal and/or transfer of all or a portion of their account balance at contract value. The Contract issuer is contractually obligated to repay the principal, and a specified interest rate guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
- removal from the plan one or more groups or classifications of participants,
- partial or complete plan termination,
- bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or
- the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

4. General Account Fixed Annuity Contract (continued)

The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

1. Puerto Rico Department of Treasury determines that the Plan no longer meets the requirements of Code section 1081.01(a) or any other applicable Code provision
2. a breach of material obligation under the contract
3. a termination or partial termination of the Plan
4. a material amendment to the agreement without the consent of the issuer

5. Tax Status

The Plan constitutes a qualified plan, exempt from income tax under the provisions of Section 1081.01 of the Puerto Rico Revenue Code for New Puerto Rico (the 2011 Code), as amended. The Plan is not a qualified plan under the Internal Revenue Code of the United States.

An adoption agreement to the salary deferral retirement plan was signed during 2023 with an effective date of March 27, 2023, to change certain options of the plan including the eligibility requirement from one year to three months of service, the entry dates from quarterly to the first day of the month following date requirements met, vesting percentages, and to eliminate loan option. On August 21, 2023, a determination letter was received from the Puerto Rico Treasury Department with no objections to the amendments of the plan.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained examination by the Puerto Rico Treasury Department.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by tax authorities; however, there are not currently audits for any tax periods in progress.

6. Related-Party Transactions and Party in Interest Transactions

The Plan has a general account fixed annuity contract with Empower Annuity Insurance Company of America. Empower and its subsidiaries provide administration, custodial and recordkeeping services. These specific investments are issued and managed by Empower Annuity Insurance Company of America and qualified as party-in-interest transactions.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for these services of the employees to the Plan.

7. Subsequent events

Subsequent events were evaluated through February 3, 2025, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date, and the date the financial statements were available to be issued that would require additional adjustment to or disclosure in the financial statements.

During the year 2023, the Company did not remit employee contributions as soon as they are able to remit the contributions to the custodian. The Company is able to remit in an average of 5 days immediately after payroll payment and they remitted in an average of over 16 days. Total participant contributions considered to be late amount to \$4,715 in 2023.
