Jacksonville Country Day School, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform an audit of the financial statements of **Jacksonville Country Day School, Inc. 403(b) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended August 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of August 31, 2024 and 2023, and for the year ended August 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jacksonville Country Day School, Inc. 403(b) Plan

Notes to Financial Statements

August 31, 2024 and 2023

Note A – Description of Plan

The following description of Jacksonville Country Day School, Inc. 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) retirement plan that covers all employees of Jacksonville Country Day School, Inc. (the “Employer”) who normally work more than 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Plan is administered by the Employer. The Plan’s assets for the year were maintained and administered by AXA Equitable Life Insurance Company, ReliaStar Life Insurance Company, and Principal Trust Company (the “Custodians”). Contributions were held by the Custodians, who invested cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute a percentage of their pre-tax annual compensation, as defined, subject to limitations imposed by the Internal Revenue Code (“IRC”). The maximum participant deferral for the year ended August 31, 2024 was \$22,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of \$7,500 for the year ended August 31, 2024. Participants may also make Roth deferral contributions to the Plan. Contribution deferral percentages can be changed every payroll period. Participants may also contribute amounts representing distributions from other qualified plans.

The Employer may also make matching contributions at their discretion. During the 2024 Plan year, the Employer made matching contributions equal to 100% of the first 6% of compensation to those participants that contributed to the Plan.

All contributions are made to Principal Trust Company (“Principal”) and directed by the participant into the various investment options offered.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Employer’s contribution, if any, and Plan earnings based on the funds the participant selected, and charged with an allocation of administrative expenses based on each participant’s investment fund balance in proportion to the total investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are 100% vested at all times, in all contribution sources.

Jacksonville Country Day School, Inc. 403(b) Plan

Notes to Financial Statements

August 31, 2024 and 2023

Note A – Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by semi-monthly payroll deduction in substantially equal payments over the life of the loan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of 90 days from the last payment made.

Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash payment, in equal annual cash installments, or, upon retirement, in installments based upon the participant's life expectancy at the time of retirement. Hardship withdrawals are permitted under the Plan. The Plan Administrator may direct that a distribution be made as soon as practical following termination for a participant with funds invested in Principal with an account value of less than \$5,000. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of August 31, 2024 and 2023.

Forfeitures

Participants are 100% vested at all times, in all contribution sources. As such, there were no forfeitures as of August 31, 2024 and 2023, or for the year ended August 31, 2024.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Jacksonville Country Day School, Inc. 403(b) Plan

Notes to Financial Statements

August 31, 2024 and 2023

Note B – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|----------------|--|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at August 31, 2024 and 2023. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

Jacksonville Country Day School, Inc. 403(b) Plan

Notes to Financial Statements

August 31, 2024 and 2023

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2024 and 2023:

<u>Fair Value Measurements at Reporting Date Using:</u>		
	Assets Measured at Fair Value at 8/31/2024	Quoted Prices in Active Markets (Level 1)
Mutual funds	\$ 7,735,707	\$ 7,735,707
Total assets in the fair value hierarchy	7,735,707	7,735,707
Investments measured at net asset value	1,533,441	
Investments at fair value	<u>\$ 9,269,148</u>	
	Assets Measured at Fair Value at 8/31/2023	Quoted Prices in Active Markets (Level 1)
Mutual funds	\$ 5,967,186	\$ 5,967,186
Total assets in the fair value hierarchy	5,967,186	5,967,186
Investments measured at net asset value	1,621,284	
Investments at fair value	<u>\$ 7,588,470</u>	

Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy.

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at August 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended August 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians, qualified institutions. As of August 31, 2024 and 2023 and for the year ended August 31, 2024, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodians, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

The IRS has determined that the 403(b) plan document adopted by the Plan is designed in accordance with applicable sections of the IRC in a letter dated February 1, 2018. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trusts are currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2021.

Jacksonville Country Day School, Inc. 403(b) Plan

Notes to Financial Statements

August 31, 2024 and 2023

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Parties-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an Employer whose employees are covered by the Plan. Certain Plan investments are mutual funds, pooled separate accounts, and guaranteed interest contracts managed by the Custodians. Transactions related to these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$6,000 during the year ended August 31, 2024.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investments:

<u>Investment Type</u>	<u>Investment name</u>	<u>August 31, 2024</u>	<u>August 31, 2023</u>
Guaranteed Investment Contract	ReliaStar Fixed	\$ 1,100,431	\$ 1,265,522
Guaranteed Investment Contract	AXA Guaranteed Interest Account	\$ 607,455	\$ 611,047
Guaranteed Investment Contract	ReliaStar Fixed Account A	\$ -	\$ 37,872
Guaranteed Investment Contract	Principal Fixed Income Guaranteed Option	\$ 385	\$ 52,986

As of August 31, 2024 and 2023, the Plan was invested in the guaranteed interest accounts listed in the table above (the "Funds") provided through various group annuity contracts. Under the Funds, a crediting rate is established and is credited with contributions and charged for participant withdrawals and administrative expenses charged by the manager of the Funds. The guaranteed interest account issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the Funds. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note H – Subsequent Events

The Plan was amended effective September 1, 2024, to implement safe harbor matching contributions equal to 100% of salary deferrals up to 6% of eligible compensation. The Plan was also amended to allow hardship distributions to include safe harbor match earnings.
