INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Pharmpix Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Pharmpix Retirement Plan (the "Plan"), a defined contribution retirement plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets Held as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHARMPIX RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2023

1. REPORTING ENTITY AND DESCRIPTION OF THE PLAN

The following description of the Pharmpix Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

Plan Description - The Plan is a defined contribution retirement plan covering all employees, except for temporary employees.

The Plan was established on October 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions - Participants are permitted to make elective contributions up to the maximum amount in accordance with the provisions of the Puerto Rico Internal Revenue Code of 2011, as amended (\$15,000 for the year ended December 31, 2023), as defined in the Plan. Participants age 50 years or older are allowed to make additional pre-tax catch-up contributions over any other regulatory limit not exceeding \$1,500.

The Plan sponsor can make discretionary matching contributions to the Plan.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and allocations of (a) the Plan Sponsor’s contributions and, (b) Plan’s earnings, and charged with an allocation of administrative expenses. Allocations are based on participant’s compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans - Participants may borrow from their vested account balance up to the Internal Revenue Service limit.

Forfeitures - Forfeitures under the plan may be used to reduce related plan costs and expenses and/or reduce the amounts the plan sponsor will contribute to the Plan. For the year ended December 31, 2023, forfeitures of \$25,370 and \$2,138 were used to reduce plan sponsor contributions and plan administration fees, respectively. As of December 31, 2023, there were unused forfeitures of \$13,424.

Restricted Cash/Due to Plan Sponsor - Represents excess funds transferred to the plan by the Plan Sponsor.

Vesting - With regard to participants’ accrued benefits derived from employer contributions, the participant will become vested based on completed years of service in accordance with the following schedule:

<u>Completed years of service</u>	<u>Vested percentage</u>
2	33.3%
3	66.6%
4	100%

PHARMPIX RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2023

Investment Options - Upon enrolment in the Plan, a participant may direct the investment of their contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Payment of Benefits - On termination of service due to retirement or death, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Hardship Withdrawals - Under certain circumstances, as defined by the Plan, and pursuant to Puerto Rico tax regulations, participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan's financial statements are prepared on the accrual basis of accounting. A summary of the most significant accounting policies used by the Plan follows:

Use of Estimates in the Preparation of Financial Statements - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Cash and Cash equivalents - Cash includes demand deposit while cash equivalents consist of treasury securities maturing in 397 days or less .

Contributions - Employee contributions are recorded in the Plan period in which the Plan Sponsor makes payroll deductions from the Plan participants' earnings. Plan Sponsor's contributions are recorded when the board of directors have approved the amount to be contributed to the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 of the financial statements, for additional disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in the fair value of investments includes the Plan's unrealized gains and losses held at December 31, 2023.

PHARMPIX RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2023

Payment of Benefits - Benefits are recorded when paid. There were no benefits payable to terminated participants as of December 31, 2023.

3. FAIR VALUE MEASUREMENTS

The FASB's authoritative guidance on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- a) Quoted prices for identical or similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2023:

Mutual Funds and Fixed Income Fund - The fair value is based on quoted net asset values ("NAV") of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PHARMPPIX RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2023

The following table set forth the Plan's investments by category, at December 31, 2023:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Investments measured at net asset value</u>	<u>Total</u>
Mutual Funds	\$ 1,568,302	-	-	1,568,302
Fixed income Fund	12,092	-	-	12,092
Total Plan assets at fair value	<u>\$ 1,580,394</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,580,394</u>

Transfers Between Levels - The availability of observable market data is constantly monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between fair value levels during the year.

4. INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to by the trustee as complete and accurate by Banco Popular de Puerto Rico, the Plan's Trustee:

- All investments and corresponding fair values
- Transfers in/out
- Net appreciation or depreciation in fair value of investments
- Interest income and dividends
- Benefit payments
- Administrative expenses incurred and accrued

5. TAX STATUS

Effective October 1, 2016, the Plan was granted a qualification letter from the Puerto Rico Department of Treasury to operate under the provisions of section 1081.01 of the Puerto Rico Income Tax Code.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Puerto Rico Treasury Department. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in these financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to compliance with certain ERISA provisions. In the event the Plan terminates, each participant will continue to have a fully vested and nonforfeitable interest in his/her Accounts. Upon such event, the Trustee will distribute to each Participant (or other person entitled to distribution) the value of the participant's accounts in a single lump sum payment.

7. INVESTMENT RISKS

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Individual participant's accounts bear the risk of loss resulting from fluctuations in fund values.

8. PARTIES-IN-INTEREST

As the trust company of the Plan, Banco Popular de Puerto Rico is considered as a party in interest, however, the services provided qualify as allowable party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through February 3, 2025, the date on which the financial statements were available to be issued and concluded that there were no subsequent events requiring disclosure to these financial statements.
