INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Siddons Martin Employee Stock Ownership Plan
Houston, Texas

Opinion

We have audited the accompanying financial statements of Siddons Martin Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, of Siddons Martin Employee Stock Ownership Plan as of December 31, 2023 and 2022, for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Siddons Martin Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Siddons Martin Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Siddons Martin Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the Siddons Martin Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

Siddons Martin Holding, Inc. and its wholly owned affiliated employers (the "Company") established the Plan effective as of January 1, 2020. The Plan is a combination stock bonus plan qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC) and also operates as a leveraged employee stock ownership plan (ESOP) designed to comply with Section 4975(e)(7) and the regulations thereunder of the IRC and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the ESOP Committee ("Committee") comprising three or more persons appointed by the Company's Board of Directors. The trust department of an independent third-party is the Plan's Trustee.

The Plan purchased Company common stock using the proceeds of a bank borrowing (Note 6) guaranteed by the Company, and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of twenty years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

1. the accounts of employees with vested rights in allocated common stock (allocated), and
2. common stock not yet allocated to employees (unallocated).

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has contracted with PNC Bank to act as the Plan's asset custodian and Principal Life Insurance Company ("Principal") to act as the Plan's recordkeeper.

Eligibility

Employees of the Company who are at least age 21, have completed a computation period in which he or she was credited with at least 1,000 hours of service, and who are not members of a collective bargaining unit or a nonresident alien, are eligible to participate in the Plan. Leased employees, independent contractors, seasonal, and temporary employees are not eligible to participate in the Plan.

1. DESCRIPTION OF PLAN (continued)

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employees are not permitted to make contributions.

Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company.

The vesting schedule for the Company contribution is as follows:

Years of Service	Percentage
2 years, but less than 3	20 %
3 years, but less than 4	40 %
4 years. but less than 5	60 %
5 years, but less than 6	80 %
6 years or more	100 %

Forfeitures

Any amount forfeited from the Plan will first be used to restore previously forfeited account balances of rehired participants, and next, if the forfeiture is in cash to reduce the contributions of the Company, and then, to pay reasonable Plan expenses. To the extent any forfeitures remain after utilizing forfeitures as provided above, forfeitures will be allocated among the accounts of participants who were eligible employees during the Plan year. Such allocation will be made proportional to compensation. For the year ended December 31, 2023, there were $51,014 forfeitures allocated to participants.

1. DESCRIPTION OF PLAN (continued)

Voting rights

All voting rights relating to Company stock held by the Trust will be voted by the Trustee in such manner as the Trustee determines in its sole discretion. However, with respect to any voting matter that involves the approval or disapproval of any corporate merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business or such similar transactions, participants are entitled to give the Trustee confidential instructions as to the voting of the Company stock then allocated to the participant's ESOP Account and the Trustee will vote on the shares as directed by the participant.

Administrative expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses of the Plan.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump sum cash payment, or installment payments. Terminated employees with a vested balance less than $1,000 shall receive a lump sum distribution no later than the end of the first Plan year following the Plan year in which the participant terminates employment. If the value of the participant's vested ESOP account balance exceeds $1,000 but does not exceed $5,000 and the participant does not elect to have the distribution paid to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Committee will pay the distribution in a direct rollover to an individual retirement plan designated by the Committee. If the value of the participant's vested ESOP account balance exceeds $5,000 on the date the payment is made, the ESOP account balance will be distributed no later than the end of the plan year following the end of the fifth plan year following the plan year in which the participant terminates employment with all affiliated employers by reason of attainment of the participants normal retirement date, permanent disability or death. If the participants vested ESOP account balance exceeds $5,000 on the date of the payment is to be made and the participant has not attained age 65, become permanently disabled or died, the participant may elect to defer payment until any date before attainment of age 65, by withholding consent to a current distribution. Distributions are made in cash or Company stock, as determined by the Committee in its discretion.

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitation, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

1. DESCRIPTION OF PLAN (continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value in their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the value (as of the last day of the preceding plan year) of their vested interest. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election within 90 days after the last day of each Plan year during the participant's qualified election period.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, the reported amounts of revenue and expenses during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan's investment consists primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Allocations

The financial statements of the Plan present separately assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

The Plan's investments in common stock is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events

The Plan has evaluated subsequent events through February 3, 2025, the date the financial statements were available to be issued. Effective January 1, 2025, the ESOP Committee appointed Blue Ridge ESOP Associates as the third party administrator for the Plan. Plan Management is not aware of any other subsequent events that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Company Common Stock Measurements– The fair value of the Company common stock is based on an annual independent appraisal. The appraisal was based on a combination of the market and income valuation techniques consistent with the prior year. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

3. FAIR VALUE MEASUREMENTS (continued)

The ESOP Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's controller. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Common stock	$ -	$ -	$ 20,400,000	$ 20,400,000

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Fair Value
Common stock	$ -	$ -	$ 13,300,000	$ 13,300,000

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2023, are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no transfers into or out of Level 3.

3. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2023:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Common Stock	$ 20,400,000	Capitalized cash flow method	Capitalization rate	13.0%
		Guideline public company	Selected multiples	4.5x- 6.0x
		Discounted cash flow method	Weighted average cost of capital	15.00%

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2022:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Common Stock	$ 13,300,000	Capitalized cash flow method	Capitalization rate	10.3%
		Guideline public company	Selected multiples	4.0x- 6.0x

4. NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's investments at December 31, 2023, are as follows:

	Allocated	Unallocated	Total
Number of Shares	200,115	799,885	1,000,000
Cost	$ 1,600,920	$ 6,399,080	$ 8,000,000
Estimated Fair Value	$ 4,082,347	$ 16,317,653	$ 20,400,000

4. NON-PARTICIPANT DIRECTED INVESTMENTS (continued)

The Plan's investments at December 31, 2022, are as follows:

	Allocated	Unallocated	Total
Number of Shares	150,113	849,887	1,000,000
Cost	$ 1,200,904	$ 6,799,096	$ 8,000,000
Estimated Fair Value	$ 1,996,497	$ 11,303,503	$ 13,300,000

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 20, 2020, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

6. NOTES PAYABLE

In 2020, the Plan Sponsor entered into an $8,000,000 term loan agreement with a bank. The proceeds of the loan were used to purchase the Company's common stock and the Plan agreed to repay the Company. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants when principal and interest payments are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of current year payments, divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 50,002 shares being released and allocated for the Plan year ended December 31, 2023. The agreement provides for the loan to be repaid over twenty years at an interest rate of 2.07%. The note payable as of December 31, 2023, was $6,647,813. Interest expense incurred and paid for 2023 amounted to $144,807.

Required principal payments under the notes payable are as follows:

Year ending December 31,	
2024	$ 354,492
2025	362,207
2026	369,704
2027	377,357
2028	384,874
Thereafter	4,799,179
	$ 6,647,813

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more such employer or employee association or relatives of such persons.

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Notes 1 and 8, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties in interest under ERISA.

8. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

9. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time and from time to time by action of the Board. Although the Company intends to maintain the Plan indefinitely, the Board has reserved the right to terminate the Plan. If the Plan is terminated, all amounts credited to the participants ESOP Account will become 100% vested.

RE: Submission of Form 5500 Under IRS Disaster Relief Provisions
Siddons Martin Holding, Inc. (EIN #: 84-4074651)

To Whom It May Concern:

Please find enclosed 2023 Form 5500 for Siddons Martin Holding, Inc. for our company ESOP plan. This submission is being made after the original October 15, 2024 deadline due to the tax relief provided by the Internal Revenue Service for victims of Hurricane Beryl, as announced on July 22, 2024.

As our business is located in Harris County, Texas, which was among the 67 counties identified as part of the disaster area, we qualify for the extended deadlines granted under this relief. Specifically, the relief provides that federal tax returns, including Form 5500 series filings due on or after July 5, 2024, and before February 3, 2025, are postponed to February 3, 2025.

Sincerely,

Kathryn A. Williams
Vice President & General Counsel
