INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Sun Federal Credit Union Defined Benefit Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Sun Federal Credit Union Defined Benefit Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and accumulated plan benefits as of May 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of May 31, 2024 and 2023 and for the year ended May 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Doeren Mayhew" is the brand name under which Doeren Mayhew Assurance and Doeren Mayhew Advisors, LLC and its subsidiary entities provide professional services. Doeren Mayhew Assurance and Doeren Mayhew Advisors, LLC (and its subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Doeren Mayhew Assurance is a licensed independent CPA firm that provides attest services to its clients, and Doeren Mayhew Advisors, LLC and its subsidiary entities provide tax and business consulting services to their clients. Doeren Mayhew Advisors, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Sun Federal Credit Union Defined Benefit Plan and Trust and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sun Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sun Federal Credit Union Defined Benefit Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sun Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

General

The Sun Federal Credit Union Defined Benefit Plan and Trust (the Plan) is a noncontributory defined benefit plan established by Sun Federal Credit Union (the Credit Union). The Plan provides for retirement, disability, and survivor death benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is Sun Federal Credit Union (Plan Administrator). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Review Committee made up of Credit Union officers, board members and members of the human resources department. The Investment Review Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan has three trustees comprised of board members and management.

The Plan's Investment Custodian is Matrix Trust Company. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan Administrator has also retained CMFG Life Insurance Company to provide participant recordkeeping and administration services. CUNA Mutual Group, an affiliate of CMFG Life Insurance Company, provides actuarial services to the Plan.

Eligibility

The Plan covers any eligible employee of the Credit Union who has attained age 20 and has completed one year of service. Participants enter the Plan on the earlier of the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the completion of eligibility requirements.

Pension Benefits

Benefits for retired or terminated employees or their beneficiary and the accumulated plan benefits for active employees is equal to 40% of the highest five-year average compensation reduced pro-rata for service less than 20 years. Normal retirement for salaried employees is age 65, with 20 years of service to receive full retirement benefits. A participant is eligible for early retirement upon attaining the age of 55 and completing a minimum of 10 years of service. Those participants who elect early retirement will receive a reduced monthly benefit.

Participants will receive their benefits in the form of a Joint and 50% Survivor Annuity or a Life Annuity with the following exception. Participants with $5,000 or less in accumulated vested pension benefits who terminate employment prior to retirement, death or disability will receive a lump-sum or rollover distribution equal to the present value of their accumulated pension benefit. Participants who have greater than $5,000 in accrued benefits who terminate employment prior to retirement also have the option to elect a lump-sum distribution or may take a partial withdrawal; however, payments will not commence until death, disability or attainment of retirement age.

Continued

Upon commencement of their retirement an employee may elect a variety of annuities depending on if they wish to have their spouse or beneficiary to continue to receive payments upon their death after retirement.

Death Benefits

If a participant dies prior to commencement of their retirement the participant's surviving spouse will be eligible for a Qualified Preretirement Survivor Annuity. Payment of a Qualified Preretirement Survivor Annuity to a participant's surviving spouse shall commence as of the later of December 31st of the calendar year immediately following the calendar year in which the participant died or December 31st of the calendar year in which the participant would have attained age 70 1/2. Payment to any other designated beneficiary shall commence no later than December 31st of the calendar year immediately following the calendar year in which the participant died. If a participant's surviving spouse dies before the date as of which payment of the Qualified Preretirement Survivor Annuity is to commence or the participant is not married at the date of death, no Qualified Preretirement Survivor Annuity shall be paid. Payment of a Qualified Preretirement Survivor Annuity shall continue to a participant's surviving spouse for the spouse's lifetime.

Vesting

Benefits are subject to a cliff schedule based on years of service. A participant is 100% vested after five years of credited service. Participants also become 100% vested in employer contributions when termination of employment is the result of attaining retirement age, disability and upon death, while still employed.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Contributions are recorded when authorized and in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Review Committee determines the Plan's valuation policies utilizing information provided by the Investment Custodian and investment advisers. See Note 4 for a discussion of fair value measurements.

Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions, to services rendered by the employees to the valuation date. Accumulated benefits include benefits to be paid to retired or terminated employees or their beneficiaries, and current employees or their beneficiaries.

Actuaries from CUNA Mutual Group estimated the actuarial present value of accumulated benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of June 1, 2024 and 2023 were: (a) life expectancy of participants (for 2024: RP-2014 combined table projected to 2024 with projection scale MP-2021, for 2023: RP-2014 combined table projected to 2023 with projection scale MP-2021), (b) retirement age assumptions (the assumed average age was age 65) and (c) the interest rate assumptions (a discount rate of 6.50% was used for both years). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Interest rates used for actuarial calculations to measure the funding target are based on a modified yield curve. Benefit obligations expected to be paid in the next 5 years are discounted with a short-term corporate bond rate. Obligations expected to be paid more than 5 years but less than 20 years from now are discounted using an intermediate corporate bond rate. Obligations expected to be paid more than 20 years from now are discounted with a long-term bond rate. For the year ended May 31, 2024, the three interest rates were 4.93%, 5.27% and 5.59%, for short-term, intermediate-term and long-term, respectively. For the year ended May 31, 2023, the three interest rates were 4.75%, 5.00% and 5.74%, for short-term, intermediate-term and long-term, respectively.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded upon distribution. At the direction of the Plan's administrator, a single premium to buy an annuity for a retiring employee can be distributed. Purchased annuities are contracts under which the contract holder is obligated to pay benefits to named participants or their beneficiaries.

Fees and Expenses

All professional fees relating to audit, accounting, and actuarial functions as well as Trustee and administration fees are paid by the Credit Union and are excluded from these financial statements. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Continued

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including January 23, 2025, which is the date the financial statements were available to be issued.

Effective June 1, 2024, the Plan was restated in its entirety. The Plan was amended effective October 15, 2024 to allow for death benefits to a beneficiary other than a spouse, with no maximum for death benefits.

Note 3 – Unaudited Investment Information Certified by the Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company and CMFG Life Insurance Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of May 31, 2024 and 2023;

2. All investment activity reflected in the statement of changes in net assets available for benefits for the years ended May 31, 2024 and 2023; and

3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of May 31, 2024 and the Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended May 31, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2024 and 2023.

Mutual Funds: Valued at daily closing prices as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and to transact at that price. Mutual Funds held by the Plan are deemed to be actively traded.

Money Market funds: Includes interest bearing cash, for which fair value is determined by its face value.

Deposit Administration Contract: Classified as Level 3 and fair value is calculated by the invested principal plus any credited interest.

The tables below segregate all financial assets as of May 31, 2024 and 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	Assets at Fair Value as of May 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 20,616,070	$ -	$ -	$ 20,616,070
Money Market	2,035,754	-	-	2,035,754
Investments, at fair value	$ 22,651,824	$ -	$ -	$ 22,651,824

	Assets at Fair Value as of May 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 20,438,498	$ -	$ -	$ 20,438,498
Deposit Administration Contract	-	-	1,348,106	1,348,106
Investments, at fair value	$ 20,438,498	$ -	$ 1,348,106	$ 21,786,604

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Continued

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets as of May 31, 2024 and 2023:

	As of May 31, 2024 Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Deposit Administration Contract

Balance - May 31, 2023	$ 1,348,106

Continued

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of May 31, 2024 and 2023, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value 5/31/2024	Fair Value 5/31/2023	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
Deposit Administration Contract	$ -	$ 1,348,106	Principal plus any credited interest	Discount Rate	1.20%-1.90%	1.69%

In estimating fair value of the investments in Level 3, the Investment Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third-parties, the Investment Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 5 – Deposit Administration Contract With Insurance Company

The Plan had a deposit administration contract with CMFG Life Insurance Company (CMFG) under which the Plan had to maintain a minimum deposit of $5,000 with no required minimum annual deposits. CMFG maintains the contributions in an unallocated fund to which it added interest at a rate of 1.85%. The interest rate is subject to change on a quarterly basis. When changed, the new rate applies to all funds deposited.

Note 6 – Party-in-Interest Transactions

The Plan's investments are managed by Matrix Trust Company and CMFG Life Insurance Company, who are the Plan's Custodians. Indirect compensation (that is netted against investment income on the statements of changes in net assets available for benefits) is paid to the Custodians from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. The Plan and the service provider have entered into a revenue sharing agreement whereby the service provider receives revenues from the mutual fund service providers; this revenue is used to offset the service provider's costs of administering the Plan. If the revenue received exceeds the costs of administration, the service provider remits the excess to the Plan. Such excess amounts may be used by the Plan to offset other administration costs or allocated to the accounts of plan participants. In 2024 and 2023, there were $5,672 and $3,650, in excess amounts, respectively.

Note 7 – Plan Amendment and Tax Status

The Plan utilizes a volume submitter prototype document. This document has been filed with the Internal Revenue Service (IRS) by the Plan Sponsor for purposes of obtaining a favorable determination letter. The most recently obtained opinion letter is dated March 30, 2018. While the plan document has been amended subsequent to this date and has not yet received an updated IRS opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and is tax-exempt as of May 31, 2024.

The Plan was most recently restated effective June 1, 2019, and most recently amended effective May 1, 2023 to update actuarial assumptions for actuarial equivalent calculations and June 10, 2023 to update the plan trustees.

The Plan permitted provisions of SECURE Act 2.0 during the year ended May 31, 2024. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of May 31, 2024, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 8 – Funding Policy

The Plan Administrator's funding policy is to make annual contributions to the Plan that meet the minimum funding requirement and may make additional contributions at the Plan Administrator's discretion to allow for the future growth of the Plan. Pursuant to actuarial computations, there was no contribution required to be remitted to the Plan for both of the years ended May 31, 2024 and 2023. The Plan Administrator elected to make contributions totaling $-0- and $200,000 for the years ended May 31, 2024 and 2023, respectively.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, the rights of all participants in the amount of their benefits accrued to the date of termination, to the extent then funded become nonforfeitable.

Continued

In the event that the Plan is terminated, the net assets of the Plan will be divided among participants and beneficiaries in accordance with the following priorities:

a) To provide benefits to former participants who have retired under the Plan prior to its termination.

b) To provide benefits to participants who have reached the Plan's Normal Retirement Date but have not yet retired as of the date of plan termination.

c) To provide benefits to participants who have not reached the Plan's Normal Retirement Date in the order that each participant will attain the Normal Retirement Date. The benefit is based on the participants' accrued benefits at the time of termination.

Any excess funds will revert to the Plan Sponsor as specified in the plan agreement.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date the Plan is terminated. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
