INDEPENDENT AUDITOR'S REPORT

To the Plan administrator and Trustees of
Aspira Health and Welfare Plan

Opinion on the 2023 Financial Statements

We have audited the financial statements of Aspira Health and Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2023, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2023, and the changes in its net assets available for benefits and changes in benefit obligations for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Adjustments to the 2022 Financial Statements

The financial statements of the Aspira Health and Welfare Plan as of and for the year ended December 31, 2022, were audited by a predecessor auditor, whose report dated May 17, 2024, expressed an unmodified opinion on those financial statements. As further discussed in Note 11, the statement of net assets available for benefits as of December 31, 2022, and the statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2022, have been restated to reflect the recording of cash reserves, the recording of additional pharmacy rebates receivable, adjusting prepaid insurance benefits to its gross amount, reduction of the employee contributions due to error, adjustment in administrative expenses to reduce insurance premiums paid and ASO fees, recording of the payable to claims administrators and other reclassifications, in accordance with accounting principles generally accepted in the United States of America. The predecessor auditors reported on the 2022 financial statements before the restatement.

As part of our audit of the 2023 Financial Statements, we also audited the adjustments described in Note 11 that were applied to restate the 2022 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2022 financial statements of the Plan other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2022 financial statements as a whole.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of reportable transactions for the year ended December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of Aspira Health and Welfare Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined benefit health and welfare plan established by RA Outdoors, LLC d/b/a Aspira (the Company or Plan sponsor) on January 1, 2022. The Plan sponsor established a trust fund effective June 2, 2022, to serve as a funding vehicle for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Benefits

The Plan provides medical, dental, vision, prescription drugs, life insurance, short-term disability, long-term disability and other fringe benefits. All employees of the Company, including employees working under federal contracts covered by the McNamara-O'Hara Service Contract Act (the "Act"), or any other federal, state or local prevailing wage law, who are regularly scheduled to work at least 30 hours per week are eligible to participate in the Plan on the first day of the month following their date of hire. Benefits are generally reserved for employee coverage, but employees may purchase additional coverage for their spouse and dependents through pre-tax and after-tax deductions as allowable under Internal Revenue Service (IRS) and ERISA rules and regulations. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

Self-Insured Benefits

The Plan's medical and prescription drug benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only ("ASO") arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by either the Plan's trust or the general assets of the Company. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager ("PBM") which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

1. DESCRIPTION OF PLAN (Continued)

Fully Insured Benefits

The Plan fully insures all other benefits. The Plan purchases annual insurance contracts for these benefits. Premiums for these benefits are paid to the insurance companies from assets of the Plan's trust or general assets of the Company.

Health Savings Accounts

The Plan provides health care coverage and convenience with Health Savings Accounts (HSA) that participants can use for out-of-pocket medical costs. Contributions to the HSA's totaled $242,113 and $307,915, respectively, for the years ended December 31, 2023 and 2022. The activity related to the HSAs is excluded from the Plan's financial statements as the Plan is not obligated to pay the benefits associated with these accounts.

Stop-Loss Coverage

The Plan has entered into a stop-loss insurance arrangement to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The Plan's self-insurance retention was $125,000 for individual losses on a per-person basis through December 2022, and then increased to $150,000 effective January 1, 2023.

Contributions

The Plan is funded by employer, employee, and COBRA contributions. In addition to deductibles and copayments, participants contribute specified amounts, determined annually, for coverage of themselves and their dependents. This determination is based on a review of the Plan's payment trends and an estimation of expected costs for the following year, as recommended by an independent third-party specialist.

For employees covered under the Act, employer contribution rates are established annually by the Plan in accordance with prevailing wage rates and health and welfare rates for employees covered under the Act. The Plan sponsor adjusts the health and welfare contribution rates annually upon renewal or modification of the contract by the federal government. The Plan sponsor provides qualified fringe benefits for each employee covered by the Act up to the statutory limitations. For the years ended December 31, 2023 and 2022, the Act's effective health and welfare contribution rate established by the Department of Labor was $4.23 per hour through July 2023 and then increased to $4.41 per hour.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Plan sponsor may also elect to take premium rebate credits against the required health and welfare contributions for qualified fringe benefits provided by the Company outside of the Plan in meeting the health and welfare contribution rate requirement under the Act and as required for the Plan to meet its obligations to Plan participants and service providers. The Company also contributes excess funds in participant premium reserve accounts, as defined and maintained by the Plan, to a qualified retirement plan established for the benefit of Plan participants.

The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

Plan Administration and Expenses

Under the Act, employers are required to ensure compliance with the prevailing wage and health and welfare benefit requirements. Accordingly, many employers establish separate trusts or other funded arrangements, which receive and administer the health and welfare contributions. If such contributions are paid to a trust, the trust must preclude the employer from recapturing any of the contributions paid into the trust in meeting the minimum prevailing wage requirement and from diverting any of the funds of the trust for its own benefit or use. The Plan established a trust to satisfy the Act's requirements. The Plan is managed by trustees (the Trustees), who are primarily representatives of the Company. The trustees retained the services of a third-party administrator, Government Service Administrators (GSA), that specializes in providing administrative and accounting services for employee benefit plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash Reserve

The Plan is required to maintain a cash reserve with an insurance company, which is a deposit that can be drawn against to reduce future premium payments when premiums paid to the insurance company exceed the total claims paid and other charges. The cash reserve has been reported as an asset of the Plan until such amounts are used to pay premiums. The reserve is non-forfeitable should the insurance contract terminate.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, estimated health claims incurred but not reported ("IBNR") and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. Estimates that are particularly susceptible to significant change in the near-term are the liabilities for IBNR. Although it is not possible to measure the degree of variability inherent in these estimates, management believes that the liabilities reported are adequate. Any adjustment determined to be necessary is reflected in current operations.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator and Trustees determine the Plan's valuation policies and procedures utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Concentrations

As of December 31, 2023 and 2022, the Plan had investments that represented more than 10% of net assets of $90,818 and $162,090, respectively, that were concentrated in one fund.

Payment of Benefits

Premiums paid by either the Company or the trust are recorded as insurance premium payments in the accompanying statements of changes in net assets available for benefits.

Claim payments are recorded when paid by the third-party claims processors. Amounts due to claims processors that have not been reimbursed by the Plan, if any, are recorded as payables to claims administrators in the accompanying statements of net assets available for benefits.

Experience-rated Contracts

For experience-rated contracts, premium surpluses are recorded as a receivable from the insurance company. To the extent that premium surpluses are attributable to premiums paid by the Company, a payable to the Company is also recorded for surplus amounts attributable to Company-paid coverage.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Experience-rated Contracts (Continued)

If the insurance company requires payment of additional premiums due to a premium deficit, an obligation for the additional premiums is included in benefit obligations. If the deficit relates to Company-paid coverage, a receivable from the Company is also recorded. Periodically, a premium deficit is due related to participant-funded coverage, but the trust is unable to pay the entire amount. In this case, the Company pays the difference to the insurance company and a receivable from the Company is recorded.

Stop-Loss Insurance

Premiums for stop-loss insurance are included in insurance premiums paid in the accompanying statements of changes in net assets available for benefits. Stop-loss refunds totaling $461,820 and $904,584, respectively, were received for the years ending December 31, 2023 and 2022 and are netted with self-insured claims in the accompanying statements of changes in net assets available for benefits.

Rebates

Rebates due from the Plan's PBM are recorded when known and earned, with the offset against health and prescription drug benefits. Pharmacy rebates owed to the Plan as of December 31, 2023 and 2022 totaled $44,130 and $60,923, respectively, and have been included in receivables in the accompanying statements of net assets available for benefits. Pharmacy rebates totaling $341,022 and $293,408, respectively, have been netted with self-insurance claims paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

Subrogation and medical refunds are recorded when received. Subrogation and medical refunds are netted with self-insured claims paid in the accompanying statements of changes in net assets available for benefits.

Benefit Obligations

Claims incurred but not yet reported are estimated by the Plan's benefit broker based on claims data provided by the Plan's self-insured claims administrator. This analysis and estimate is determined using a historical analysis of claims paid subsequent to year end as well as subsequent benefit payments actually made, classified according to the date that the related services were provided.

Where required, the Plan maintains accounts for each participant working on contracts covered by the Act. Any "accrued premium reserve" would be reported in the accompanying statements of benefit obligations and represents the unexpended contributions remaining in the participants' premium reserve accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, unrecognized subsequent events).

Management has evaluated subsequent events through January 27, 2025, which was the date that these financial statements were available to be issued, and determined that there were no significant unrecognized subsequent events through that date, except as disclosed in Note 12.

3. CASH RESERVE

Cigna, the self-insured medical claims administrator of the Plan, requires a cash reserve account to be maintained with them in an amount sufficient to fund Plan benefits, fees and charges when due. This amount was determined to be $138,448 and $100,031, respectively, as of December 31, 2023 and 2022. The cash reserve requirement will be periodically reviewed and adjusted by Cigna, as deemed necessary.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2: (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Money market mutual fund: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is open-ended mutual funds and is registered with the US Securities and Exchange Commission. This fund is required to publish their daily net asset value and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market mutual fund	$ 90,818	$ -	$ -	$ 90,818
TOTAL	$ 90,818	$ -	$ -	$ 90,818

	Assets at Fair Value as of December 31, 2022			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market mutual fund	$ 162,090	$ -	$ -	$ 162,090
TOTAL	$ 162,090	$ -	$ -	$ 162,090

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to modify or discontinue any terms, conditions, or benefits of the Plan at any time and terminate the Plan subject to the provisions of ERISA, the insurer's contract, and the contract administration agreement. Expenses incurred prior to a termination, modification, or amendment of the Plan would be paid as provided under the terms of the Plan prior to its termination, modification, or amendment. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

6. ACCRUED PREMIUM REBATE AND RESERVE

The accrued premium reserve represents the unexpended balance in the participant accounts from contributions made at the prevailing health and welfare contribution rates established under the Act, less the benefit premiums, retirement plan allocations, and other benefit payments made on behalf of the participants. Amounts remaining in the participant premium reserve accounts at termination of employment are generally used to fund benefits or are contributed by the Company to a qualified retirement plan for the benefit of the participants. Any premium rebate credits unpaid as of the end of the reporting period are reflected as an accrued premium rebate liability. As of December 31, 2023 and 2022, the Plan reported an accrued premium rebate liability of $2,825 and $288,342, respectively, which is included in liabilities in the accompanying statements of net assets available for benefits. The Plan did not report any accrued premium reserve liability as of December 31, 2023 and 2022.

7. PARTY-IN-INTEREST TRANSACTIONS

Cigna and Express Scripts are the self-insured claims administrators of the Plan and Cigna maintains the Plan's cash reserve account. GSA is the Plan's third-party administrator. Therefore, transactions with these parties qualify as party-in-interest transactions. The Plan paid fees to Cigna, and GSA related to administrative services rendered for the years ended December 31, 2023 and 2022.

The Plan's investment is managed by Wilmington Trust, NA, the custodian; therefore, these transactions qualify as party-in-interest.

Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officers or employees receive compensation from the Plan.

8. TAX STATUS

The trust established under the Plan to hold the Plan's assets has not applied for exemption from federal or state income taxes. The Plan is required to pay federal and state taxes on unrelated business income as defined by the Internal Revenue Code (IRC). Unrelated business income consists of investment income earned on the excess of the net assets available for plan benefits over the required reserve balance allowable under the IRC. The Plan sponsor believes the Plan does not have any net taxable income for the years ended December 31, 2023 and 2022; therefore, no tax liability is reflected in these financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	$ 1,575,057	$ 247,784
Less benefit obligations currently payable	164,000	288,800
NET ASSETS PER THE FORM 5500	$ 1,411,057	$ (41,016)

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income (loss) per the Form 5500 for the years ended December 31, 2023 and 2022:

	2023	2022
Net increase in net assets available for benefits per the financial statements	$ 1,304,153	$ 247,784
Add: Benefit obligations payable - prior year	288,800	-
Less: Benefit obligations payable - current year	(164,000)	(288,800)
Effect of prior year restatement	23,120	-
NET INCOME (LOSS) PER THE FORM 5500	$ 1,452,073	$ (41,016)

Claims and premiums that have been processed and approved for payment at year end, but not paid and claims incurred but not reported are not considered liabilities under US GAAP and, therefore, are not presented as liabilities or claims and premiums paid in the accompanying financial statements but are recorded on the Form 5500 as a liability.

10. RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Some of the Plan's participants are employees of the Company working under contracts with the federal government, many of which are subject to the Act. As such, federal contracts are subject to termination clauses whereby the government may terminate contracts for cause or convenience. Any contract terminations or funding delays caused by political, budgetary, or other administrative matters may affect employees participating in the Plan and the ability and necessity of the Plan sponsor to fund and maintain the Plan.

11. RESTATEMENT OF YEAR END DECEMBER 31, 2022

The statement of net assets available for benefits as of December 31, 2022, and the statements of changes in net assets available for benefits and changes in benefit obligations for the year then ended have been restated to reflect the recording of cash reserves, adjustment to the prepaid insurance benefits to its gross amount, reduction of the employee contributions due to error, adjustment in administrative expenses to reduce insurance premiums paid and ASO fees, recording of the payable to claims administrators and other reclassifications.

11. RESTATEMENT OF YEAR END DECEMBER 31, 2022 (Continued)

The following is a reconciliation of net assets available for benefits as of and for the year ended December 31, 2022 and changes in benefit obligations for the year ended December 31, 2022 per the issued financial statements to the financial statements as restated:
