Independent Auditors' Report

To the Plan Administrator
Florida Health Sciences Center 403(b) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Florida Health Sciences Center 403(b) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) **Description of Plan**

The following description of the Florida Health Sciences Center 403(b) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

(a) **General**

The Plan is a defined contribution plan sponsored by Florida Health Sciences Center, Inc. d/b/a Tampa General Hospital (the “Organization”) for the benefit of its employees. All permissible employees of the Organization, as defined in accordance with the universal availability rules, are eligible to enroll on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees of the following participating employers are also covered by the Plan: Tampa General Medical Group, Inc., Tampa General Provider Network, Inc., Tampa General Hospital Citrus, LLC (effective December 1, 2023) and Tampa General Hospital Hernando, LLC (effective December 1, 2023).

The Plan has established a custodial account with VALIC Trust Company, Inc. (f/k/a AIG Federal Savings Bank) (“VTC”) and a separate group unallocated annuity contract with The Variable Annuity Life Insurance Company (“VALIC”). VALIC also serves as recordkeeper for the Plan.

(b) Contributions

Each year, participants may contribute up to the maximum amount of annual compensation allowable by law as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, an automatically enrolled participant may elect to withdraw his or her contributions, including earnings thereon, within 90 days of the first automatic contribution. The Organization contributes a safe harbor matching contribution of 100% of the first 4% of eligible compensation that a participant contributes to the Plan, plus 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The Organization also contributes 0.5% of each participant's eligible compensation as a fixed contribution. The Plan also provides for additional discretionary employer contributions, however no discretionary contributions were made for the year ended December 31, 2023. Participants must be employed on the last day of the plan year and must have worked 1,000 hours during the plan year to be eligible to receive an allocation of the Organization's fixed or discretionary contributions, unless the participant dies, terminates employment due to becoming disabled or terminates employment after attaining normal retirement age. Participants must attain the age of 21 and complete one year of service to be eligible for employer safe harbor matching, fixed employer and discretionary employer contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

(c) Participant Investment Account Options

The Plan currently offers various mutual funds, a self-directed brokerage account and a guaranteed investment contract as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's safe harbor matching contributions, as well as fixed and discretionary contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(e) Vesting

Participants are immediately vested in their contributions and the Organization's safe harbor matching contributions plus actual earnings thereon. Vesting in the Organization's contributions other than safe harbor matching contributions is based on years of continuous service. A participant is 100% vested after 3 years of credited service. Regardless of the vesting schedule, a participant becomes 100% vested in the event the participant dies while employed with the Organization, terminates employment due to becoming disabled or reaches early retirement age (defined as age 55) while employed with the Organization.

Participants whose employment was transferred to Academic Medical Group, Inc. effective January 1, 2022 became 100% vested in the Organization's contributions. Additionally, the Plan credits participants for service with certain predecessor employers.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either (1) a qualified joint and survivor annuity; (2) a qualified optional survivor annuity; (3) a qualified pre-retirement survivor annuity; (4) lump sum payment; or (5) installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or installment payments. Unless a participant (and his or her spouse, if married at the time of distribution) consents to a distribution in an alternate form, a distribution from the Plan will be made in the form of a qualified joint and survivor annuity. If a terminated participant's vested balance is between \$1,000 and \$5,000 and the participant does not consent to a distribution, the participant's vested balance will be automatically rolled over to an IRA selected by the plan administrator. If a terminated participant's vested balance is \$1,000 or less, the participant's vested balance will be automatically distributed to the participant in a lump sum, even if the participant does not consent to a distribution. The Plan also provides for in-service withdrawals for those age 59 ½ or older and for hardship withdrawals in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(h) Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$89,787 and \$64,328, respectively. The Organization has discretion as to how these amounts will be used. These accounts may be reallocated to participant accounts as additional employer contributions, used to reduce employer contributions or used to pay plan expenses. For the year ended December 31, 2023, no forfeited nonvested accounts were used for any purpose.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting.

(b) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(c) **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Contributions**

Contributions from Plan participants and the safe harbor matching, as well as fixed and discretionary contributions from the Organization are recorded in the year in which participant compensation is earned.

(e) **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

(f) **Payment of Benefits**

Benefits are recorded when paid.

(g) **Administrative Expenses**

Certain expenses of the Plan are paid by the Organization and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) **Information Prepared and Certified by the Custodians**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VTC and VALIC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Mutual funds, at fair value
- Self-directed brokerage accounts, at fair value
- Guaranteed investment contract, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on guaranteed investment contract
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued based on the underlying investments held in the brokerage accounts.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2023</u>	<u>Fair Value Measurements at Reporting Date Using</u>

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements - Continued

(5) **Fully Benefit-Responsive Investment Contract**

The Plan has a fully benefit-responsive guaranteed investment contract with the VALIC. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting interest rate is reviewed at least annually for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

(6) **Related Party Transactions and Party-in-Interest Transactions**

VTC holds the Plan's investments at fair value in a custodial account. VALIC holds the fully benefit-responsive guaranteed investment contract in a general account. VTC and VALIC are the custodians and recordkeeper of the Plan and therefore, these transactions qualify as party-in-interest transactions.

VALIC provides certain administrative services to the Plan pursuant to a Service Provider Agreement. VALIC receives revenue from mutual fund service provider for services VALIC provides to the funds. This revenue is used to offset certain amounts owed to VALIC for its administrative services to the Plan. The Plan or plan sponsor may make direct payment to VALIC for administrative expenses not covered by revenue sharing. The Plan made direct payments to VALIC of \$32,212 for the year ended December 31, 2023, which was not covered by revenue sharing. Fees paid by revenue sharing are included in net appreciation in fair value of investments. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements - Continued

(7) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer fixed and discretionary contributions.

(8) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 621,673,011	492,690,783

Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 618,445,767</u>	<u>490,338,840</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2023 to net income per Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 128,982,228
Change in employer contributions receivable	(487,191)
Change in participant contributions receivable	(101,575)
Change in notes receivable from participants deemed distributed	<u>(286,535)</u>
Net income per Form 5500	<u>\$ 128,106,927</u>

(9) Tax Status

The Plan has adopted a volume submitter plan document provided by Hill Ward & Henderson PA (“HWH”). The Internal Revenue Service (“IRS”) has determined that the volume submitter plan document is designed in accordance with the applicable sections of the IRC and informed HWH of such in a letter dated March 31, 2017. Although the volume submitter plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

FLORIDA HEALTH SCIENCES CENTER 403(B) SAVINGS PLAN

Notes to Financial Statements - Continued

(9) **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) **Subsequent Events**

The Plan has evaluated subsequent events through February 3, 2025, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
