Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: BELFINT, LYONS & SHUMAN, P.A.

(2) EIN: 51-0232399

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator
American Association of Colleges of Nursing Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of American Association of Colleges of Nursing Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of July 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended July 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of American Association of Colleges of Nursing Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by TIAA and CREF, a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2024 and 2023, and for the year ended July 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator

American Association of Colleges of Nursing Defined Contribution Plan

- The information in the financial statements referred to above relates to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of American Association of Colleges of Nursing Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Association of Colleges of Nursing Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is no guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

To the Plan Administrator
American Association of Colleges of Nursing Defined Contribution Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Association of Colleges of Nursing Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Association of Colleges of Nursing Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of July 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

To the Plan Administrator
American Association of Colleges of Nursing Defined Contribution Plan

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN ASSOCIATION OF COLLEGES OF NURSING
DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the American Association of Colleges of Nursing Defined Contribution Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of the American Association of Colleges of Nursing (the “Organization”), an Internal Revenue Code (“IRC”) Section 501(c)(3) organization. The Plan was initially effective January 1, 1979, and most recently restated August 1, 2021. The Plan is intended to meet the requirements of Section 403(b) of the IRC and is structured to comply with the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility - All full-time employees, except student employees and employees that normally work less than 20 hours per week, are eligible to contribute voluntary pretax deferrals as soon as administratively feasible on or after the first day of employment. Employees that are 30 years of age and who have completed five years of eligibility service who are not currently contributing to the Plan are mandatorily required to contribute. Entry into the Plan is the first day of each month. Employees that attain 21 years of age may receive employer matching contributions.

Contributions - Participants may contribute a percentage of their eligible pretax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Upon enrollment, participants may direct their contributions to the various investment options offered by the Plan. Eligible employees who have not voluntarily elected to contribute must make a mandatory employee contribution of 5% of compensation. For participants contributing at least 5% of compensation, the employer will make a nonelective contribution equal to 10% of their compensation. Effective January 1, 2021, the Plan was amended to require a participant to complete 1,000 hours of service in order to make mandatory contributions and receive nonelective contributions. The allocation conditions will not apply in the plan year of severance from employment if at the beginning of the plan year the employee was reasonably expected to work 1,000 hours or more during the plan year. Effective August 1, 2022, the plan was amended to require the employer to make a matching contribution equal to 10% of compensation provided the employee's elective deferrals equal or exceed 5% of the employee's compensation for employees with less than five years of service and less than age 30. Once an employee reaches 5 years of service and age 30, the employer will make nonelective contributions.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and an allocation of the Organization’s contribution, if any, investment results, and charged with an allocation of administrative expenses, as provided by the Plan. Allocations of earnings and expenses are based on the participants’ account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING
DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JULY 31, 2024

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are vested immediately in their contributions, the Organization's contributions, and actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from the funding vehicles authorized by the Organization for use under the Plan from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced to the extent that the participant's highest outstanding loan balance during the preceding 12-month period exceeds the current balance, or 50% of their vested account balance. If the loan is from a Teachers Insurance and Annuity Association (TIAA) annuity, the maximum loan may be further limited. A participant can have three loans outstanding from the Plan. Loans may only be made from accounts attributable to unmatched pre-tax elective deferrals and rollovers from other plans. Loan repayment terms may not be greater than five years unless the loan is for the purchase of a primary residence. Loans are secured by the balance in the participant's account and accrue at a rate as specified in the plan agreement, depending on how the participant's account balance is invested. Principal and interest are paid ratably through payroll deductions. In the event of termination of employment, the loan becomes payable in full unless it is directly rolled over to another employer's plan.

Payment of Benefits - Distributions from the Plan are permitted upon termination of employment, death, disability, retirement (age 59½), or hardship. A participant may receive a single lump sum payment, installments, partial payments, or purchase an annuity contract with his or her account balance. For distributions from the TIAA Traditional Annuity Account, a participant may elect a fixed-period annuity, or a life annuity for single participants or a joint survivor annuity for married participants. In-service withdrawals are also permitted for participants who have reached age 59½. If a terminated participant's account balance does not exceed \$5,000, then a distribution will automatically be paid in a direct rollover to an individual retirement plan designed by the plan administrator without the participant's consent and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 73, or (ii) the calendar year in which the participant retires.

Hardship Withdrawals - Participants may withdraw their elective deferrals under the Plan to the extent permitted by the individual agreements controlling the account assets to be withdrawn in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal. The hardship distribution cannot exceed the need.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING
DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JULY 31, 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Participant and Employer Contributions Receivable – As of July 31, 2024 and 2023, participant contributions receivable amounted to \$27,056 and \$0, respectively.

As of July 31, 2024 and 2023, employer contributions receivable amounted to \$29,624 and \$0, respectively.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits - Benefit payments to participants, or their beneficiaries, are recorded when paid.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING
DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JULY 31, 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. Annual operating expenses of the Plan's designated investment alternatives, which are amounts netted against the investment earnings for the participant-directed investments, averaged a net expense ratio of approximately .148% from a low of .04% to a high of 1.24%. Plan service expense is a component of, not in addition to, the net expense ratio and averaged .069% of assets. An annual TIAA plan servicing fee of .25% is charged based upon participant account balances and deducted on a quarterly basis.

Subsequent Events - The Organization's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Organization has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING
DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JULY 31, 2024

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 - Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of July 31, 2024 and 2023.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

Pooled Separate Accounts - The TIAA Real Estate Account (REA) is an insurance company separate-account investing mainly in real estate and real estate-related investments. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the fund with a liquidity guarantee and is classified as Level 1 within the fair value hierarchy.

Insurance Company General Contracts - Different contracts within the TIAA Traditional Annuity provide certain unique features and characteristics within the contract. The Plan has Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and Retirement Choice Plus (RCP). The RA contract is considered non-benefit responsive, whereas the SRA, GSRA, and RCP contracts are considered benefit-responsive. The non-benefit-responsive contract is reported at fair value, which approximates contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less withdrawals. The non-benefit-responsive contracts are classified as Level 3 within the fair value hierarchy.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31:

	2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 20,845,254	\$ -	\$ -	\$ 20,845,254

NOTE 4: INVESTMENTS

The TIAA Traditional Annuity (Annuity) is a fixed rate annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA of America, a New York domiciled nonprofit legal reserve life insurance company. During the accumulation phase, the Annuity provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1.

Additional interest is not guaranteed for future years. When the contract value accumulation (plan asset) of the Annuity is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The Annuity is offered through a variety of contract types with TIAA. The type of contract through which the Plan holds in the Annuity determines the applicability of certain account features, such as a guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of participant accounts, and the options for receiving income upon retirement. The Plan holds RA, SRA, GSRA, and RCP contracts. The RA contracts are considered non-benefit responsive. The RA contracts do not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments, or 5 (five) annual installments from withdrawals after termination of employment through election of a five-year fixed-period annuity. As of July 31, 2024 and 2023, the Annuity consisted of \$1,826,322 and \$1,895,398, respectively of non-benefit responsive contracts.

The SRA, GSRA, and RCP contracts are considered benefit responsive. These contracts have no liquidity restrictions, other than the equity wash provision that applies to certain RCP contracts. For certain RCP contracts, 90-day equity wash applies if competing funds exist (i.e., money market, TIAA Real Estate Account). The SRA and GSRA are categorized as TIAA Traditional Benefit Responsive, and the RCP is categorized as TIAA Traditional Benefit Responsive 2. As of July 31, 2024 and 2023, the Annuity was comprised of \$355,879 and \$395,256, respectively of benefit responsive contracts. These contracts are reported at contract value on the financial statements.

The TIAA Stable Value is a fixed rate group annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest between 1% and 3% and the potential for additional interest. Additional interest, when declared, remains in effect from January 1 through June 30 and from July 1 through December 31. Additional interest is not guaranteed for future years. Contract holders and plan participants do not participate in, nor receive earnings of the assets in the separate account. The contract is considered fully benefit-responsive, and as such, is reported at contract value on the financial statements. As of July 31, 2024 and 2023, the contract value measurement of the TIAA Stable Value was \$325,913 and \$191,157, respectively.

NOTE 4: INVESTMENTS - CONTINUED

The Plan's guaranteed annuity contracts are traditional investment contracts. Due to the nature of these contracts, they do not have specific underlying assets assigned. The key difference between a synthetic contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

Market value events may limit the ability of the Annuity to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Annuity and lead to any disbursements which have or will have a material adverse effect on the operations of the Annuity and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include, but are not limited to: fund administration amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Annuity, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Annuity, transfers to competing options without meeting the equity provisions of the Annuity, and plan sponsor withdrawals without the appropriate notice to the Annuity and/or issuer. Such events or conditions would limit the ability of the Annuity to transact at contract value with the participants in the Annuity. The Annuity is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

The Organization does not believe that any events which would limit the Annuity's ability to transact at contract value with participants are probable.

An issuer can terminate an investment contract upon the event of default by the contract holder, advisor, or trustee if the issuer determines in its reasonable discretion that such an event has had, or is likely to have, a material adverse effect on the issuer's interest with respect to the contract. Such events may include, but are not limited to: management of the portfolio not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the advisor without prior consent of the issuer, the Annuity is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

NOTE 4: INVESTMENTS - CONTINUED

CREF Accounts - The College Retirement Equity Fund (CREF) consists of eight investment portfolios including Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market Accounts. In accordance with each portfolio's investment objectives, the accounts invest principally in equity securities, fixed income investments, and short-term investments.

Accumulation units in CREF Accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business. In an effort to reduce market timing and excessive trading, shareholders will be permitted to make electronic transfers (i.e., transfers over the Internet, by telephone, or by fax) back into that same account through a purchase or exchange for 90 calendar days if a purchase, sale, and repurchase within that account is made within a 60-day period, other than the CREF Money Market Accounts.

Pooled Separate Account - The TIAA Real Estate Account (REA) is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee, i.e., TIAA ensures that the REA has funds available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit values. Unit values are calculated each day and are posted to the Plan's website.

NOTE 5: INFORMATION CERTIFIED BY TIAA AND CREF

As of July 31, 2024 and 2023, the Plan's investments were held by TIAA. The plan administrator elected the method of annual reporting compliance permitted by DOL Regulation Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF have certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Organization has not considered normal plan operations such as participant and employer contributions or benefits paid to participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares and units of registered investment companies (mutual funds), pooled separate accounts, and insurance company general contracts managed by TIAA. Fees paid during the year for certain professional services rendered by parties in interest include service fees paid by the Plan for investment advisory services. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Organization may determine.

NOTE 8: TAX STATUS

The Plan has adopted a volume submitter 403(b) plan, which obtained an advisory letter on August 7, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, the related trust was tax exempt. Although there are certain amendments applicable to the Plan, the Organization believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or the IRS. The Organization has analyzed the positions taken by the Plan and has concluded that as of July 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for three years after it is filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the Organization, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.
